"77-2-306. Who may purchase. ~~(1) State lands shall be sold only to citizens of the United States, persons who have declared their intentions to become citizens, corporations organized under the laws of this state, or towns, cities, counties, or consolidated local governments of this state. No person shall be qualified to purchase state land who has not reached the age of 18 years. As far as possible to determine, the lands shall be sold only to actual settlers or to persons who will improve the same and not to persons who are likely to hold such lands for speculative purposes intending to resell the same at a higher price without having added anything to their value.~~

~~(2) State lands may be sold to any sovereign state of the United States or to any board of trustees or public corporation or agency of such state created by such state as an agency or political subdivision thereof. (3) State land may not be sold to the federal government or to an agency of the federal government, except for the purpose of building federal facilities and structures. Nothing in this section prohibits the sale of state land to a tribal government as defined in 18-11-102."

Section 7. Section 77-2-309, MCA, is amended to read:

Section 8. Section 77-2-323, MCA, is amended to read:

"77-2-323. Sale procedure and limitation. (1) At the time fixed for the sale, ~~the lands~~ *state land* must be offered for sale at auction in the order that ~~they appear~~ *the land appears* in the notice of sale. ~~(4) If any successful bidder at a sale refuses or neglects to make the initial payment required to be made on the land purchased, the successful bidder shall forfeit to the state not less than $50 or more than $1,000, to be determined by the board according to the circumstances of the case. If the forfeiture is not paid when notice of the amount of the forfeiture has been served by the department, the attorney general shall sue for the recovery of the amount in the name of the state. The forfeiture amount must be deposited in the state general fund.~~"

Section 9. Section 77-2-328, MCA, is amended to read:

"77-2-328. Additional rules — deposit of fees. The board may prescribe any additional rules for the conduct of ~~these~~ sales *of state land* as in its judgment the interests of the state may demand. Any fees collected by a rule adopted pursuant to this section must be deposited in the ~~state general fund~~ *trust land administration account as provided in 77-1-108*."

(2) All payments on interest ~~shall~~ *must* be credited to the proper income fund and ~~shall~~ *must* be available for use as provided by law.

(3) (a) Proceeds from the sale of any state trust land, as authorized by [sections 11 through 17], must be deposited into the state land bank fund established in [section 12] to be used for the purposes described in [sections 12 and 14] for the long-term financial benefit of the beneficiaries for whom the funds were deposited.

(b) If the proceeds from the sale of state trust land, as authorized by [sections 11 through 17], are not used for the purposes described in [sections 12 and 14], the proceeds from the sale and any earnings on the proceeds must be deposited pursuant to subsection (1) of this section."

Section 11. Definitions. As used in [sections 11 through 17], the following definitions apply:

(1) "Isolated parcel" means any state land not possessing a legal right of access by the public.

(2) "Land banking" means a process of selling various parcels of state land and using the proceeds from the sales to purchase other land, easements, or improvements that are likely to provide greater or equal trust revenue, as may be reasonably expected over a 20-year accounting period with an acceptable level of risk, for the affected trust and to diversify the land holdings of the various trusts.

Section 12. State land bank fund — statutory appropriation — rules. (1) There is a state land bank fund. The proceeds from the sale of state trust land authorized by [sections 11 through 17] must be deposited into the state land bank fund. The purpose of the state land bank fund is to temporarily hold proceeds from the sale of trust land pending the purchase of other land, easements, or improvements for the benefit of the beneficiaries of the respective trusts. A separate record of the proceeds received from the sale of trust land for each of the respective trusts must be maintained. Proceeds from the sale of lands that are part of a trust land grant may be used only to purchase land for the same trust.

(2) (a) Proceeds deposited in the state land bank fund, except earnings on those proceeds, are statutorily appropriated, as provided in 17-7-502, to the department for the purposes described in [sections 11 through 17]. All earnings on the proceeds deposited in the state land bank fund are subject to the provisions of Article X, sections 5 and 10, of the Montana constitution.

(b) Except as provided in subsection (2)(c), up to 10% of the proceeds in the state land bank fund may be used by the department to fund the transactional costs of buying, selling, appraising, or marketing real property. Transactional costs may include realtor's fees, title reports, title insurance, legal fees, and other costs that may be necessary to complete a conveyance of real property.

(c) Proceeds from the sale of lands held pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 328, may not be used for any transactional costs or trust administration purposes for those lands.

(d) The department may hold proceeds from the sale of state land in the state land bank fund for a period not to exceed 10 years after the effective date of each sale. If, by the end of the 10th year, the proceeds from the subject land sale have not been encumbered to purchase other lands, easements, or improvements within the state, the proceeds from that sale must be deposited in the public school fund or in the permanent fund of the respective trust as required by law, along with any earnings on the proceeds from the land sale, unless the time period is extended by the legislature.

(3) The board shall adopt rules providing for the implementation and administration of the state land bank fund, purchases, and sales.

Section 13. Land banking land sales and limitations. (1) The board may not cumulatively sell or dispose of more than 100,000 acres of state land. Seventy-five percent of the acreage cumulatively sold must be isolated parcels that do not have a legal right of access by the public. At any one time during the life of the land banking process, the board may not sell more than 20,000 acres of state land unless the board has acted to use the revenue from that land to make purchases pursuant to [section 14].

(2) (a) A person bidding to purchase state land offered for sale shall 45 days prior to the day of auction deposit with the department a bid bond in the form of a certified check or cashier's check drawn on any Montana bank equal to at least 50% of the minimum sale price specified by the department pursuant to 77-2-323(1) to guarantee the bidder's payment of the purchase price.

(b) If the current lessee of the land to be sold has initiated the sale as authorized by [section 14], the lessee may cancel the sale by giving notice to the department at least 30 days prior to the day of the auction. When the sale is canceled by the lessee, the lessee shall pay the costs incurred by the department for the preparation of the sale including any costs incurred for preparation of documents required by 75-1-201.

(c) The department shall retain the bid bond of the successful bidder and shall return the bid bonds of the unsuccessful bidders. If the successful bidder fails to comply with the terms of the sale for any reason, the successful bidder's bid bond must be forfeited and credited to the interest and income account of the proper trust.

(3) Except for a sale that is initiated by the lessee of the parcel of land proposed for sale, prior to the proposed sale of any parcel of state land under the land banking process, the board shall give 60 days' notice of the proposed sale to the lessee of the parcel to allow the lessee sufficient time to determine whether the lessee wishes to propose an exchange of the land to the board.

(4) For a sale initiated by the board or the department, the lessee of the land must be afforded all the rights and privileges to match the high bid, as provided in 77-2-324.

Section 14. Land banking purchases. (1) The board may select and purchase, lease, receive by donation, hold in trust, or in any manner acquire for and in the name of the state of Montana, in trust for the beneficiaries specified in sections 10 through 19 of The Enabling Act of Congress (approved February 22, 1889, 25 Stat. 676), as amended, any interest in real property and improvements, tracts, and leaseholds of land that the board considers proper in order to best provide prudent, maximum, long-term revenue for the beneficiaries.

(2) Sales of state land may be initiated only by the board, the department, or at the request of a lessee, pursuant to 77-1-202, 77-1-301, 77-2-301, or 77-2-308. The board shall ensure that the full market value of the land sold is realized for each trust by using the appraisal, sale, advertising, and competitive bid procedures contained within 77-2-303, 77-2-321, 77-2-322, 77-2-323, and 77-2-324.

(3) When it is not inconsistent with the purpose of the trust, the board shall purchase land possessing legal access for all legal purposes.

(4) When purchasing land, easements, or improvements for the existing trusts, the board shall develop and apply appraisal and revenue projection procedures to ensure that the land or easements proposed for purchase or that the improvements proposed to be acquired are likely to produce more net revenue for the affected trust than the revenue that was produced from the land that was sold. The board may not purchase land, easements, or improvements pursuant to [sections 11 through 17] unless it has first prudently determined that the land, easements, or improvements are likely to produce a greater or equal annual rate of return, as may be reasonably expected over a 20-year accounting period, with an acceptable level of risk for the affected trust, than the current annual rate of return from the state land that has been sold pursuant to [section 13]. As guidance, the board shall use generally accepted accounting standards and the Uniform Appraisal Standards for Federal Land Acquisitions published by the U.S. department of justice and the appraisal institute.

(5) Prior to purchasing any land, easements, or improvements, the board shall determine that the financial risks and benefits of the purchase are prudent, financially productive investments that are consistent with the board's fiduciary duty as a reasonably prudent trustee of a perpetual trust. For the purposes of implementing [sections 11 through 17], that duty requires the board to:

(a) discharge its duties with the care, skill, prudence, and diligence that a prudent person acting in a similar capacity with the same resources and familiar with similar matters should exercise in the conduct of an enterprise of similar character and aims;

(b) diversify the land holdings of each trust to minimize the risk of loss and maximize the sustained rate of return;

(c) discharge its duties and powers solely in the interest of and for the benefit of the trust managed;

(d) discharge its duties subject to the fiduciary standards set forth in 72-34-114; and

(e) maintain, as closely as possible, the existing land base of each trust, consistent with the state's fiduciary duty.

(6) Prior to purchasing a parcel of land in excess of 160 acres in any particular county, the board shall consult with the county commissioners of the county in which the parcel is located.

Section 15. Right of access not created. Nothing in [sections 11 through 17] creates any express or implied right of access, right-of-way, or easement for the benefit of the board, the department, or any purchaser of state land over or through any other property.

Section 16. Land banking process — time limit — report to environmental quality council. (1) State land may not be sold through the

land banking process pursuant to [sections 11 through 17] after October 1, 2008. Land banking purchases under [section 14] may continue after October 1, 2008, until all the proceeds in the state land bank fund are expended or revert to the public school fund or the permanent fund of the respective trust pursuant to [section 12(2)(d)].

(2) The department shall provide a report to the environmental quality council by July 1, 2008, that describes the results of the land banking program in detail. At a minimum, the report must summarize the sale and purchase transactions made through the program by type, location, acreage, value, and trust beneficiary. The environmental quality council shall make any recommendations that it determines necessary regarding the implementation of the state land banking process, including recommendations for legislation.

Section 17. Road easements on state lands. County roads or easements for county roads on lands purchased from the state of Montana are subject to the provisions of Title 7, chapter 14, part 26, regarding the establishment, alteration, or abandonment of county roads.

Section 18. Repealer. Sections 77-2-307 and 77-2-312, MCA, are repealed.

Section 19. Codification instruction. [Sections 11 through 17] are intended to be codified as an integral part of Title 77, chapter 2, part 3, and the provisions of Title 77, chapter 2, part 3, apply to [sections 11 through 17].

Section 20. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

The cost schedule is effective on a temporary basis, subject to a rebate and a surcharge as provided in 69-3-304, 30 days after the filing of a cost schedule and pending a final order of the commission, unless the commission first determines that the cost schedule is above cost."

Section 2. Section 69-4-603, MCA, is amended to read:

"69-4-603. Procedure to accomplish move — *payment of cost.* (1) In order to accomplish moving a house, building, derrick, or other structure through an area in which ~~utility~~ *wires, cables, or* poles ~~or wires~~ impede the movement, ~~it is the duty of~~ the person, firm, or corporation who owns or controls the ~~poles or~~ wires, *cables, or poles* and who has received the notice required by 69-4-602 ~~to~~ *shall* furnish competent workers to raise or cut the wires *or cables* or move the poles as necessary to facilitate moving the house, building, derrick, or other structure.

~~(2) The necessary and reasonable expense of raising or cutting the wires or of moving the poles for utilities subject to the jurisdiction of the public service commission must be fixed and determined by the public service commission on the average cost per line or pole for time and materials expended. These costs and expenses must be reviewed biennially. Except as provided in subsections (4) and (5), the necessary and reasonable expense of raising or cutting the wires or of moving the poles must be shared equally by the person, firm, or corporation owning the structure and the person, firm, or corporation owning or operating the wires, cables, or poles required to be moved.~~

When structures are moved in a group or in a continuous caravan formation and when only a single line cut or movement is necessary, the move must count as only a single structure move for purposes of this subsection (4)(a)(ii). For the purposes of this subsection (4)(a)(ii), a single site includes but is not limited to a development complex, housing complex, military base, or institutional complex. The whole of an incorporated municipality is not a single site as the term is used in this subsection~~ *mover*.

(b) The necessary and ~~reasonable~~ *actual* costs of raising or cutting wires or cables or moving poles to facilitate the movement of a structure*, determined in accordance with the schedule filed under 69-4-602, must be shared equally by the mover and the owner of the wires, cables, or poles if the structure is owned* by a person for occupancy *or use* by that person ~~must be shared equally as provided in subsection (2)~~.

~~(b) When the person who owns or controls the poles or wires refuses to raise or cut the wires or move the poles, the person, firm, or corporation who owns or moves the house, building, derrick, or other structure shall ensure that only competent and experienced workers raise or cut the wires or move the poles.~~

~~(ii) The work of raising or cutting the wires or moving the poles must be done in a careful manner.~~

~~(iii) The poles and wires must be promptly replaced and any damage to the poles or wires must be promptly repaired.~~

(4) The mover shall make a prepayment of a portion of the total cost estimated under 69-4-602 in advance of the move as follows:

(a) if the structure is moved through or out of the service territory of the owner of the wires, cables, or poles, 100% of the mover's share pursuant to subsection (2); or

(b) if the structure is delivered to a place within the service territory of the owner of the wires, cables, or poles, 50% of the mover's share pursuant to subsection (2).

(5) The owner of the wires, cables, or poles may waive the prepayment requirement or accept a bond or other financial instrument in lieu of payment.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-702, MCA, is amended to read:

"2-4-702. Initiating judicial review of contested cases. (1) (a) A person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final decision in a contested case is entitled to judicial review under this chapter. This section does not limit utilization of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute.

(b) A party who proceeds before an agency under the terms of a particular statute may not be precluded from questioning the validity of that statute on judicial review, but the party may not raise any other question not raised before the agency unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

(2) (a) Except as provided in subsection (2)(c), proceedings for review must be instituted by filing a petition in district court within 30 days after service of the final decision of the agency or, if a rehearing is requested, within 30 days after the decision is rendered. Except as otherwise provided by statute *or subsection (2)(d)*, the petition must be filed in the district court for the county where the petitioner resides or has the petitioner's principal place of business or where the agency maintains its principal office. Copies of the petition must be promptly served upon the agency and all parties of record.

(b) The petition must include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved, and the ground or grounds specified in 2-4-704(2) upon which the petitioner contends ~~he is~~ *to be* entitled to relief. The petition must demand the relief to which the petitioner believes the petitioner is entitled, and the demand for relief may be in the alternative.

(c) If a petition for review is filed pursuant to 33-16-1012(2)(c), the workers' compensation court, rather than the district court, has jurisdiction and the provisions of this part apply to the workers' compensation court in the same manner as the provisions of this part apply to the district court.

(d) If a petition for review is filed challenging a licensing or permitting decision made pursuant to Title 75 or Title 82, the petition for review must be filed in the county where the facility is located or proposed to be located or where the action is proposed to occur.

(3) Unless otherwise provided by statute, the filing of the petition may not stay enforcement of the agency's decision. The agency may grant or the reviewing court may order a stay upon terms that it considers proper, following notice to the affected parties and an opportunity for hearing. A stay may be issued without notice only if the provisions of 27-19-315, 27-19-316, and 27-19-317 are met.

(4) Within 30 days after the service of the petition or within further time allowed by the court, the agency shall transmit to the reviewing court the

original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be ~~taxed~~ *required* by the court ~~for~~ *to pay* the additional costs. The court may require or permit subsequent corrections or additions to the record."

Section 2. Determination of constitutionality. In any action filed in district court invoking the court's original jurisdiction to challenge the constitutionality of a licensing or permitting decision made pursuant to Title 75 or Title 82 or activities taken pursuant to a license or permit issued under Title 75 or Title 82, the plaintiff shall first establish the unconstitutionality of the underlying statute.

Section 3. Section 2-4-704, MCA, is amended to read:

"2-4-704. Standards of review. (1) The review ~~shall~~ *must* be conducted by the court without a jury and ~~shall~~ *must* be confined to the record. In cases of alleged irregularities in procedure before the agency not shown in the record, proof ~~thereof~~ *of the irregularities* may be taken in the court. The court, upon request, shall hear oral argument and receive written briefs.

(2) The court may not substitute its judgment for that of the agency as to the weight of the evidence on questions of fact. The court may affirm the decision of the agency or remand the case for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because:

(a) the administrative findings, inferences, conclusions, or decisions are:

(i) in violation of constitutional or statutory provisions;

(ii) in excess of the statutory authority of the agency;

(iii) made upon unlawful procedure;

(iv) affected by other error of law;

(v) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record;

(vi) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; or

(b) findings of fact, upon issues essential to the decision, were not made although requested.

(3) If a petition for review is filed challenging a licensing or permitting decision made pursuant to Title 75 or Title 82 on the grounds of unconstitutionality, as provided in subsection (2)(a)(i), the petitioner shall first establish the unconstitutionality of the underlying statute."

Section 4. Section 50-40-102, MCA, is amended to read:

"50-40-102. ~~Purpose~~ *Intent — purpose.* *The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Clean Indoor Air Act of 1979. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system.* The purpose of this part is to protect the health of nonsmokers in public places and to provide for reserved areas in some public places for those who choose to smoke."

Section 5. Section 75-1-102, MCA, is amended to read:

"75-1-102. ~~Purpose~~ *Intent — purpose.* *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Environmental Policy Act. The Montana Environmental Policy Act is procedural, and it is the legislature's intent that the requirements of parts 1 through 3 of this chapter provide for the adequate review of state actions in order to ensure that environmental attributes are fully considered.*

(2) The purpose of parts 1 through 3*of this chapter* is to declare a state policy that will encourage productive and enjoyable harmony between humans and their environment, to protect the right to use and enjoy private property free of undue government regulation, to promote efforts that will prevent or eliminate damage to the environment and biosphere and stimulate the health and welfare of humans, to enrich the understanding of the ecological systems and natural resources important to the state, and to establish an environmental quality council."

Section 6. Section 75-1-103, MCA, is amended to read:

"75-1-103. Policy. (1) The legislature, recognizing the profound impact of human activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource exploitation, and new and expanding technological advances, recognizing the critical importance of restoring and maintaining environmental quality to the overall welfare and human development, and further recognizing that governmental regulation may unnecessarily restrict the use and enjoyment of private property, declares that it is the continuing policy of the state of Montana, in cooperation with the federal government, local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to foster and promote the general welfare, to create and maintain conditions under which humans and nature can coexist in productive harmony, to recognize the right to use and enjoy private property free of undue government regulation, and to fulfill the social, economic, and other requirements of present and future generations of Montanans.

(2) In order to carry out the policy set forth in parts 1 through 3, it is the continuing responsibility of the state of Montana to use all practicable means consistent with other essential considerations of state policy to improve and coordinate state plans, functions, programs, and resources so that the state may:

(a) fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(b) ensure for all Montanans safe, healthful, productive, and aesthetically and culturally pleasing surroundings;

(c) attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(d) protect the right to use and enjoy private property free of undue government regulation;

(e) preserve important historic, cultural, and natural aspects of our unique heritage and maintain, wherever possible, an environment that supports diversity and variety of individual choice;

(f) achieve a balance between population and resource use that will permit high standards of living and a wide sharing of life's amenities; and

(g) enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources.

(3) The legislature recognizes that each person is entitled to a healthful environment, that each person is entitled to use and enjoy that person's private property free of undue government regulation, *that each person has the right to pursue life's basic necessities*, and that each person has a responsibility to contribute to the preservation and enhancement of the environment. *The implementation of these rights requires the balancing of the competing interests associated with the rights by the legislature in order to protect the public health, safety, and welfare.*"

Section 7. Section 75-2-102, MCA, is amended to read:

"75-2-102. ~~Policy~~ *Intent — policy* and purpose. (1) *The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution has enacted the Clean Air Act of Montana. It is the legislature's intent that the requirements of parts 1 through 4 of this chapter provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) It is ~~hereby declared to be~~ the public policy of this state and the purpose of this chapter to achieve and maintain ~~such~~ levels of air quality ~~as~~ *that* will protect human health and safety and, to the greatest degree practicable, prevent injury to plant and animal life and property, foster the comfort and convenience of the people, promote the economic and social development of this state, and facilitate the enjoyment of the natural attractions of this state. *This policy must be balanced by the legislature with the policy of protecting the ability of the people to pursue life's basic necessities and to acquire property and to use that property in all lawful ways.*

~~(2)~~*(3)* ~~It is also declared that local~~ *Local* and regional air pollution control programs ~~are to~~ *must* be supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

~~(3)~~*(4)* To these ends it is the purpose of this chapter to:

(a) provide for a coordinated statewide program of air pollution prevention, abatement, and control;

(b) provide for an appropriate distribution of responsibilities among the state and local units of government;

(c) facilitate cooperation across jurisdictional lines in dealing with problems of air pollution not confined within single jurisdictions; and

(d) provide a framework within which all values may be balanced in the public interest."

Section 8. Section 75-2-104, MCA, is amended to read:

"75-2-104. Limitations — personal cause of action unabridged — *venue*. *(1)* ~~Nothing in this~~ *This* chapter ~~shall~~ *may not* be construed to:

~~(1)~~*(a)* grant to the board any jurisdiction or authority with respect to air contamination existing solely within commercial and industrial plants, works, or shops;

~~(2)~~*(b)* affect the relations between employers and employees with respect to or arising out of any condition of air contamination or air pollution;

~~(3)~~*(c)* supersede or limit the applicability of any law or ordinance relating to sanitation, industrial health, or safety; *or*

~~(4)~~*(d)* abridge, limit, impair, create, enlarge, or otherwise affect substantively or procedurally the right of a person to damages or other relief on account of injury to persons or property and to maintain an action or other appropriate proceeding.

(2) A judicial challenge to a permit issued pursuant to this chapter by a party other than the permit applicant or permitholder must include the party to whom the permit was issued unless otherwise agreed to by the permit applicant or permitholder. All judicial challenges of permits for projects with a project cost, as determined under 75-1-203, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.

(3) An action to challenge a permit decision pursuant to this chapter must be brought in the county in which the permitted activity will occur. If an activity will occur in more than one county, the action may be brought in any of the counties in which the activity will occur."

Section 9. Section 75-5-101, MCA, is amended to read:

"75-5-101. Policy. It is the public policy of this state to:

(1) conserve water by protecting, maintaining, and improving the quality and potability of water for public water supplies, wildlife, fish and aquatic life, agriculture, industry, recreation, and other beneficial uses;

(2) provide a comprehensive program for the prevention, abatement, and control of water pollution*; and*

(3) balance the inalienable rights to pursue life's basic necessities and possess and use property in lawful ways with the policy of preventing, abating, and controlling water pollution in implementing the program referred to in subsection (2)."

Section 10. Section 75-5-102, MCA, is amended to read:

"75-5-102. ~~Purpose~~ *Intent — purpose* — rights of action not abridged. (1) *The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted this chapter. It is the legislature's intent that the requirements of this chapter provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.* A purpose of this chapter is to provide additional and cumulative remedies to prevent, abate, and control the pollution of state waters.

(2) This chapter does not abridge or alter rights of action or remedies in equity or under the common law or statutory law, criminal or civil, nor does this chapter or an act done under it estop the state or a municipality or person, as owner of water rights or otherwise, in the exercise of ~~his~~ *the person's* rights in equity or under the common law or statutory law to suppress nuisances or to abate pollution."

Section 11. Section 75-7-102, MCA, is amended to read:

It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) It is the policy of the state of Montana that its natural rivers and streams and the lands and property immediately adjacent to them within the state are to be protected and preserved to be available in their natural or existing state and to prohibit unauthorized projects and, in so doing, to keep soil erosion and sedimentation to a minimum, except as may be necessary and appropriate after due consideration of all factors involved. Further, it is the policy of this state to recognize the needs of irrigation and agricultural use of the rivers and streams of the state of Montana and to protect the use of water for any useful or beneficial purpose as guaranteed by The Constitution of the State of Montana."

Section 13. Section 75-10-202, MCA, is amended to read:

"75-10-202. Legislative *intent,* findings, and policy. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted The Montana Solid Waste Management Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) It is hereby found and declared that the health and welfare of Montana citizens are being endangered by improperly operated solid waste management systems and by the improper and unregulated disposal of wastes. It is declared the public policy of this state to control solid waste management systems to protect the public health and safety and to conserve natural resources whenever possible."

Section 14. Section 75-10-402, MCA, is amended to read:

"75-10-402. ~~Findings~~ *Intent, findings,* and purpose. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Hazardous Waste Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

~~(1)~~*(2)* The legislature finds that the safe and proper management of hazardous wastes and used oil, the permitting of hazardous waste facilities, and the siting of facilities are matters for statewide regulation and are environmental issues that should properly be addressed and controlled by the state rather than by the federal government.

~~(2)~~*(3)* It is the purpose of this part and it is the policy of this state to protect the public health and safety, the health of living organisms, and the environment from the effects of the improper, inadequate, or unsound management of hazardous wastes and used oil; to establish a program of regulation over used oil and the generation, storage, transportation, treatment, and disposal of hazardous wastes; to ensure the safe and adequate management of hazardous wastes and used oil within this state; and to authorize the department to adopt, administer, and enforce a hazardous waste program pursuant to the federal Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6901 through 6987), as amended."

Section 15. Section 75-10-420, MCA, is amended to read:

"75-10-420. Venue for legal actions. All legal actions affecting hazardous waste management facilities in the state must be brought in the county in which the facility is located *or is proposed to be located*."

Section 16. Section 75-10-706, MCA, is amended to read:

"75-10-706. Purpose — *intent*. *(1)* The purposes of this part are to:

~~(1)~~*(a)* protect the public health and welfare of all Montana citizens against the dangers arising from releases of hazardous or deleterious substances;

~~(2)~~*(b)* encourage private parties to clean up sites within the state at which releases of hazardous or deleterious substances have occurred, resulting in adverse impacts on the health and welfare of the citizens of the state and on the state's natural, environmental, and biological systems; and

~~(3)~~*(c)* provide for funding to study, plan, and undertake the rehabilitation, removal, and cleanup of sites within the state at which no voluntary action has been taken.

(2) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Comprehensive Environmental Cleanup and Responsibility Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.

(3) A person who is not subject to an administrative or judicial order may not conduct any remedial action at any facility that is subject to an administrative or judicial order issued pursuant to this part without the written permission of the department. Remedial action performed in accordance with this part is intended to provide for the protection of the environmental life support system from degradation and to prevent unreasonable depletion and degradation of natural resources."

Section 17. Section 75-10-902, MCA, is amended to read:

"75-10-902. ~~Purpose~~ *Intent — purpose.* *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Megalandfill Siting Act. It is the legislature's intent that the requirements of the Megalandfill Siting Act provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

~~(1)~~*(2)* It is the constitutionally declared policy of this state to maintain and improve a clean and healthful environment for present and future generations,

~~(2)~~*(3)* The construction of solid waste facilities that dispose of over 200,000 tons of waste a year (megalandfills) may be necessary to meet increasing state and national needs for solid waste disposal capacity. However, ~~due to~~ *because of* the volume of waste processed, megalandfills may adversely affect the environment, surrounding communities, and the welfare of the citizens of this state. Therefore, it is necessary to ensure that the location, construction, and operation of megalandfills will produce minimal adverse effects on the environment and upon the citizens of this state by providing that a megalandfill may not be constructed or operated within this state without a certificate of site acceptability pursuant to 75-10-916 and a license to operate acquired pursuant to 75-10-221 and 75-10-933."

Section 18. Section 75-11-202, MCA, is amended to read:

"75-11-202. ~~Findings~~ *Intent, findings* and purpose. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Underground Storage Tank Installer and Inspector Licensing and Permitting Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

~~(1)~~*(2)* Leaking underground storage tank systems have been identified as a significant source of underground contamination and as a potential hazard for fire and explosion. Government and industry studies show that a major cause of leaking underground storage tanks is improper installation or closure. Proper installation, closure, and inspection require specialized knowledge, training, and experience.

~~(2)~~*(3)* To protect the health of Montana citizens and the quality of state waters and other natural resources, it is the intent of the legislature to require permits for the installation or closure of underground storage tank systems; to limit the conduct of these activities to persons with demonstrated competence, training, and experience; and to provide for permitting, licensing, and inspection activities."

Section 19. Section 75-11-301, MCA, is amended to read:

"75-11-301. ~~Findings~~ *Intent, findings,* and purposes. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted this part. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

~~(1)~~*(2)* The legislature finds that the use of petroleum products stored in tanks contributes significantly to the economic well-being and quality of life of Montana citizens.

~~(2)~~*(3)* The legislature finds that leaks, spills, and other releases of petroleum products from storage tanks endanger public health and safety, ground water quality, and other state resources.

~~(3)~~*(4)* The legislature finds that current administrative and financial resources of the public and private sectors are inadequate to address problems caused by releases from petroleum storage tanks and need to be supplemented by a major program of release detection and corrective action.

~~(4)~~*(5)* The legislature finds that proper funding for the program is through a petroleum storage tank cleanup fee paid by persons who use and receive the benefits of petroleum products. The legislature further finds that this general use fee, provided for in 75-11-314, is intended solely to support a program to pay for corrective action and damages caused by releases from petroleum storage tanks. The general use fee is collected from distributors for administrative convenience and is not intended as a method for collecting highway revenue pursuant to the provisions of Article VIII, section 6, of the Montana constitution. ~~The fee is intended to implement the legislature's duty to provide for the administration and enforcement of maintaining and improving a clean and healthful environment for present and future generations, as required by Article IX, section 1, of the Montana constitution.~~

~~(5)~~*(6)* The purposes of this part are to:

(a) protect public health and safety and the environment by providing prompt detection and cleanup of petroleum tank releases;

(b) provide adequate financial resources and effective procedures through which tank owners and operators may undertake and be reimbursed for corrective action and payment to third parties for damages caused by releases from petroleum storage tanks;

(c) assist certain tank owners and operators in meeting financial assurance requirements under state and federal law governing releases from petroleum storage tanks; and

(d) provide tank owners with incentives to improve petroleum storage tank facilities in order to minimize the likelihood of accidental releases."

Section 20. Section 75-11-502, MCA, is amended to read:

"75-11-502. ~~Findings~~ *Intent, findings,* and purpose. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Underground Storage Tank Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) The legislature finds that petroleum products and hazardous substances stored in underground tanks are regulated under the federal Resource Conservation and Recovery Act of 1976, as amended, and must be addressed and controlled properly by the state under this part. It is the purpose of this part to authorize the department to establish, administer, and enforce an underground storage tank leak prevention program for these regulated substances. The department may use the authority provided in this part and other appropriate authority provided by law to remedy violations of requirements established under this part."

Section 21. Section 75-20-102, MCA, is amended to read:

"75-20-102. Policy, *intent,* and legislative findings. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Major Facility Siting*

Act. It is the legislature's intent that the requirements of this chapter provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.

~~(1)~~*(2)* It is the constitutionally declared policy of this state to maintain and improve a clean and healthful environment for present and future generations, to protect the environmental life-support system from degradation and prevent unreasonable depletion and degradation of natural resources, and to provide for administration and enforcement to attain these objectives.

~~(2)~~*(3)* The legislature finds that the construction of additional electric transmission facilities, pipeline facilities, or geothermal facilities may be necessary to meet the increasing need for electricity, energy, and other products and that these facilities have an effect on the environment, an impact on population concentration, and an effect on the welfare of the citizens of this state. Therefore, it is necessary to ensure that the location, construction, and operation of electric transmission facilities, pipeline facilities, or geothermal facilities will not produce unacceptable adverse effects on the environment and upon the citizens of this state by providing that a electric transmission facility, pipeline facility, or geothermal facility may not be constructed or operated within this state without a certificate of environmental compatibility acquired pursuant to this chapter.

~~(3)~~*(4)* The legislature also finds that it is the purpose of this chapter to:

(a) ensure protection of the state's environmental resources, including but not limited to air, water, animals, plants, and soils;

(b) ensure consideration of socioeconomic impacts;

(c) provide citizens with the opportunity to participate in facility siting decisions; and

(d) establish a coordinated and efficient method for the processing of all authorizations required for regulated facilities under this chapter."

Section 22. Section 75-20-201, MCA, is amended to read:

"75-20-201. Certificate required — operation in conformance — certificate for nuclear facility — applicability to federal facilities. (1) Except for a facility under diligent onsite physical construction or in operation on January 1, 1973, a person may not commence to construct a facility in the state without first applying for and obtaining a certificate of environmental compatibility issued with respect to the facility by the department.

(2) A facility with respect to which a certificate is issued may not be constructed, operated, or maintained except in conformity with the certificate and any terms, conditions, and modifications contained within the certification.

(3) A certificate may only be issued pursuant to this chapter.

(4) If the department decides to issue a certificate for a nuclear facility, it shall report the recommendation to the applicant and may not issue the certificate until the recommendation is approved by a majority of the voters in a statewide election called by initiative or referendum according to the laws of this state.

(5) A person that proposes to construct an energy-related project that is not defined as a facility pursuant to 75-20-104(8) may petition the department to review the energy-related project under the provisions of this chapter.

(6) This chapter applies, to the fullest extent allowed by federal law, to all federal facilities and to all facilities over which an agency of the federal government has jurisdiction.

(7) All judicial challenges of certificates for projects with a project cost, as determined under 75-1-203, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action."

Section 23. Section 75-20-401, MCA, is amended to read:

"75-20-401. Additional requirements by other governmental agencies not permitted after issuance of certificate — exceptions — *venue for challenging certificate issuance.* (1) Notwithstanding any other law, ~~no~~ *a* state or regional agency or municipality or other local government may *not* require any approval, consent, permit, certificate, or other condition for the construction, operation, or maintenance of a facility authorized by a certificate issued pursuant to this chapter, except that the department and board retain the authority that they have or may be granted to determine compliance of the proposed facility with state and federal standards and implementation plans for air and water quality and to enforce those standards.

(2) This chapter does not prevent the application of state laws for the protection of employees engaged in the construction, operation, or maintenance of a facility.

(3) A judicial challenge to a certificate issued pursuant to this chapter by a party other than the certificate holder or applicant must include the party to whom the certificate was issued as provided in this chapter unless otherwise agreed to by the certificate holder or applicant. All judicial challenges of certificates for projects with a project cost, as determined under 75-1-203, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.

(4) An action to challenge the issuance of a certificate pursuant to this chapter must be brought in the county in which the activity authorized by the certificate will occur. If an activity will occur in more than one county, the action may be brought in any of the counties in which the activity will occur."

Section 24. Section 75-20-406, MCA, is amended to read:

"75-20-406. Judicial review of board decisions. (1) A person aggrieved by the final decision of the board on an application for a certificate may obtain judicial review of that decision by the filing of a petition in a state district court of competent jurisdiction. *A challenge to the issuance of a certificate must be brought in the county in which the activity authorized by the certificate will occur. If an activity will occur in more than one county, the action may be brought in any of the counties in which the activity will occur.*

(2) The judicial review procedure is the procedure for contested cases under the Montana Administrative Procedure Act.

(3) A judicial challenge to a certificate issued pursuant to this chapter by a party other than the certificate holder or applicant must include the party to

whom the certificate was issued as provided in this chapter unless otherwise agreed to by the certificate holder or applicant. All judicial challenges of certificates for projects with a project cost, as determined under 75-1-203, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action."

Section 25. Section 76-6-102, MCA, is amended to read:

"76-6-102. ~~Findings~~ *Intent, findings* and policy. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Open-Space Land and Voluntary Conservation Easement Act. It is the legislature's intent that the requirements of this chapter provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) The legislature finds that:

~~(1)~~*(a)* the rapid growth and spread of urban development are creating critical problems of service and finance for the state and local governments;

~~(2)~~*(b)* the present and future rapid population growth in urban areas is creating severe problems of urban and suburban living;

~~(3)~~*(c)* this population spread and its attendant development are disrupting and altering the remaining natural areas, biotic communities, and geological and geographical formations and thereby providing the potential for the destruction of scientific, educational, aesthetic, and ecological values;

~~(4)~~*(d)* the present and future rapid population spread throughout the state of Montana into its open spaces is creating serious problems of lack of open space and overcrowding of the land;

~~(5)~~*(e)* to lessen congestion and to preserve natural, ecological, geographical, and geological elements, the provision and preservation of open-space lands are necessary to secure park, recreational, historic, and scenic areas and to conserve the land, its biotic communities, its natural resources, and its geological and geographical elements in their natural state;

~~(6)~~*(f)* the acquisition or designation of interests and rights in real property by certain qualifying private organizations and by public bodies to provide or preserve open-space land is essential to the solution of these problems, the accomplishment of these purposes, and the health and welfare of the citizens of the state;

~~(7)~~*(g)* the exercise of authority to acquire or designate interests and rights in real property to provide or preserve open-space land and the expenditure of public funds for these purposes would be for a public purpose; and

~~(8)~~*(h)* the statutory provision enabling certain qualifying private organizations to acquire interests and rights in real property to provide or preserve open-space land is in the public interest."

Section 26. Section 76-7-102, MCA, is amended to read:

"76-7-102. ~~Findings~~ *Intent, findings* and purpose. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article*

IX of the Montana constitution, has enacted the Environmental Control Easement Act. It is the legislature's intent that the requirements of this chapter provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.

~~(1)~~*(2)* The legislature finds that:

(a) numerous sites throughout the state contain or may contain hazardous wastes or substances that may threaten the public health, safety, or welfare or the environment if certain uses are permitted on these sites or if certain activities are not performed on these sites;

(b) at some sites, protection of the public health, safety, or welfare or the environment may be enhanced by the application and enforcement of certain restrictions on the future use of the site or requirements for performance of certain activities;

(c) the creation of an enforceable easement mechanism for imposing restrictions on the use of a site and requiring performance of operations and maintenance activities may help protect the public health, safety, and welfare and the environment by:

(i) preventing or minimizing the exposure of the public to hazardous wastes or substances;

(ii) preventing the disturbance of important features of remediation work and remedial technologies employed at the site;

(iii) ensuring that the presence of hazardous wastes or substances and the features of remediation work and remedial technologies are properly considered in the future use or development of a site; or

(iv) requiring the performance of certain activities or the prohibition or limitation of certain activities, with respect to the site; and

(d) the expenditure of public funds for the acquisition or designation of interests and rights in real property to protect the public health, safety, and welfare and the environment is in the public's interest.

~~(2)~~*(3)* It is the purpose of this chapter to authorize and enable federal public entities, other public bodies, and certain qualifying private organizations to provide for:

(a) the monitoring and protection of environmental control sites to ensure that those sites are not used for purposes that may threaten the public health, safety, or welfare or the environment;

(b) a process of reviewing the need for specialized construction, development, use, and safety measures if the owner or user of an environmental control site proposes a new use for which any contamination might present a risk to the public health, safety, or welfare or the environment; and

(c) a mechanism for prohibiting or limiting certain activities or requiring certain activities on an environmental control site to enhance protection of the public health, safety, or welfare or the environment."

Section 27. Section 82-4-102, MCA, is amended to read:

"82-4-102. ~~Policy~~ *Intent — findings — policy* and purpose. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted The Strip and Underground Mine Siting Act. It is the legislature's intent that the requirements*

of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.

~~(1)~~*(2)* It is the policy of this state to provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.

~~(2)~~*(3)* It is the purpose of this part:

(a) to vest in the department the authority to review new strip-mine and new underground-mine site locations and reclamation plans and either approve or disapprove ~~such~~ *those* locations and plans and to exercise general administration and enforcement of this part;

(b) to vest in the board the authority to adopt rules;

(c) to satisfy the requirement of Article IX, section 2, of the constitution of this state~~,~~ that all lands disturbed by the taking of natural resources be reclaimed; and

(d) to ~~insure~~ *ensure* that adequate information is available on areas proposed for strip mining or underground mining so that mining and reclamation plans may be properly formulated to accommodate areas that are suitable for strip mining or underground mining.

~~(3)~~*(4)* This part is ~~deemed to be~~ an exercise of the general police power to provide for the health and welfare of the people."

Section 28. Section 82-4-202, MCA, is amended to read:

"82-4-202. ~~Policy~~ *Intent — policy* — findings. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted The Montana Strip and Underground Mine Reclamation Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

~~(1)~~*(2)* It is the declared policy of this state and its people to:

(a) maintain and improve the state's clean and healthful environment for present and future generations;

(b) protect its environmental life-support system from degradation;

(c) prevent unreasonable degradation of its natural resources;

(d) restore, enhance, and preserve its scenic, historic, archaeologic, scientific, cultural, and recreational sites;

(e) demand effective reclamation of all lands disturbed by the taking of natural resources and maintain state administration of the reclamation program;

(f) require the legislature to provide for proper administration and enforcement, create adequate remedies, and set effective requirements and standards ~~(~~, especially as to reclamation of disturbed lands~~)~~, in order to achieve the ~~aforementioned~~ objectives *enumerated in this subsection (2)*; and

(g) provide for the orderly development of coal resources through strip or underground mining to ~~assure~~ *ensure* the wise use of these resources and prevent the failure to conserve coal.

~~(2)~~*(3)* The legislature hereby finds and declares that:

(a) in order to achieve the ~~aforementioned~~ policy objectives *enumerated in subsection (2)*, promote the health and welfare of the people, control erosion and pollution, protect domestic stock and wildlife, preserve agricultural and recreational productivity, save cultural, historic, and aesthetic values, and ~~assure~~ *ensure* a long-range dependable tax base, it is reasonably necessary to require, after March 16, 1973, that*:*

(i) all strip-mining and underground-mining operations be limited to those for which 5-year permits are granted~~,~~*;*

(ii) ~~that no~~ *a* permit *not* be issued until the operator presents a comprehensive plan for reclamation and restoration and a coal conservation plan, together with an adequate performance bond, and the plan is approved~~,~~*;*

(iii) ~~that~~ certain other things must be done, ~~that~~ certain remedies ~~are~~ *must be* available, ~~that~~ *and* certain lands because of their unique or unusual characteristics may not be strip-mined or underground-mined under any circumstances~~, all as more particularly appears in the remaining provisions of this part,~~*;* and

(iv) ~~that~~ the department be given authority to administer and enforce a reclamation program that complies with Public Law 95-87, the Surface Mining Control and Reclamation Act of 1977, as amended;

(b) this part be ~~deemed~~ *considered* to be an exercise of the authority granted in the Montana constitution~~, as adopted June 6, 1972,~~ and, in particular, a response to the mandate expressed in Article IX ~~thereof~~ and also be ~~deemed~~ *considered* to be an exercise of the general police power to provide for the health and welfare of the people."

Section 29. Section 82-4-239, MCA, is amended to read:

"82-4-239. Reclamation. (1) The department may have reclamation work done by its employees, by employees of other governmental agencies, by soil conservation districts, or through contracts with qualified persons. The board may construct, operate, and maintain plants for the control and treatment of water pollution resulting from mine drainage.

(2) Any funds or any public works programs available to the department must be used and expended to reclaim and rehabilitate lands that have been subjected to strip mining or underground mining and that have not been reclaimed and rehabilitated in accordance with the standards of this part. The department shall cooperate with federal, state, and private agencies to engage in cooperative projects under this section.

(3) Agents, employees, or contractors of the department may enter upon any land for the purpose of conducting studies or exploratory work to determine whether the land has been strip- or underground-mined and not reclaimed and rehabilitated in accordance with the requirements of this part and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of any adverse effects of past coal-mining practices. Upon request of the director of the department, the attorney general shall bring an injunctive action to restrain any interference with the exercise of the right to enter and inspect granted in

this subsection. *The action must be brought in the county in which the mine is located.*

(4) (a) The department shall take the actions described in subsection (4)(b) when it makes a finding of fact that:

(i) land or water resources have been adversely affected by past coal-mining practices;

(ii) the adverse effects are at a stage at which, in the public interest, action to restore, reclaim, abate, control, or prevent should be taken; and

(iii) the owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices are not known or readily available or the owners will not give permission for the department or its agents, employees, or contractors to enter upon the property to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices.

(b) After giving notice by mail to the owner, if known, and any purchaser under contract for deed, if known, or, if neither is known, by posting notice on the premises and advertising in a newspaper of general circulation in the county in which the land lies, the agents, employees, or contractors of the department may enter on the property adversely affected by past coal-mining practices and on any other property necessary for access to the mineral property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices.

(c) Action taken under subsection (4)(b) is not an act of condemnation of property or of trespass, but rather is an exercise of the power granted by~~sections 1 and 2,~~ Article IX, *sections 1 and 2*, of the Montana constitution.

(5) (a) Within 6 months after the completion of projects to restore, reclaim, abate, control, or prevent adverse effects of past coal-mining practices on privately owned land, the department shall itemize the money expended and may file a statement of those expenses in the office of the clerk and recorder of the county in which the land lies, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of adverse effects of past coal-mining practices if the money expended resulted in a significant increase in property value. The statement constitutes a lien upon the land. The lien may not exceed the amount determined by the appraisal to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices. A lien under this subsection *(5)(a)* may not be filed against the property of a person who owned the surface prior to May 2, 1977, and who did not consent to, participate in, or exercise control over the mining operation that necessitated the reclamation performed under this part.

(b) The landowner may petition within 60 days of the filing of the lien to determine the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices. The amount reported to be the increase in value of the premises constitutes the amount of the lien and must be recorded with the statement provided for in this section. Any party aggrieved by the decision may appeal as provided by law.

(c) The lien provided in this section must be recorded at the office of the county clerk and recorder. The statement constitutes a lien upon the land as of

the date of the expenditure of the money and has priority as a lien second only to the lien of real estate taxes imposed upon the land.

(6) The department may acquire the necessary property by gift or purchase. If the property cannot be acquired by gift or purchase at a reasonable cost, proceedings may be instituted in the manner provided in Title 70, chapter 30, against all nonaccepting landholders if:

(a) the property is necessary for successful reclamation;

(b) the acquired land after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices will serve recreation and historic purposes or conservation and reclamation purposes or provide open space benefits; and

(c) (i) permanent facilities, such as treatment plants or relocated stream channels, will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past strip- or underground-coal-mining practices; or

(ii) acquisition of coal refuse disposal sites and all coal refuse on the land will serve the purposes of this part because public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal-mining practices."

Section 30. Section 82-4-252, MCA, is amended to read:

"82-4-252. Mandamus. (1) A resident of this state or any person having an interest ~~which~~ *that* is or may be adversely affected, with knowledge that a requirement of this part or a rule adopted under this part is not being enforced or implemented by a public officer or employee whose duty it is to enforce or implement the requirement or rule, may bring the failure to enforce to the attention of the public officer or employee by a written statement under oath that ~~shall~~ *must* state the specific facts of the failure to enforce the requirement or rule. Knowingly making false statements or charges in the affidavit subjects the affiant to penalties prescribed in 45-7-202.

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the statement to enforce or implement the requirement or rule, the resident or person having an interest ~~which~~ *that* is or may be adversely affected may bring an action of mandamus ~~in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or~~ in the district court of the county in which the land is located. The court, if it finds that a requirement of this part or a rule adopted under this part is not being enforced, shall order the public officer or employee whose duty it is to enforce the requirement or rule to perform ~~his~~ *the officer's or employee's* duties. If ~~he~~ *the officer or employee* fails to ~~do so~~ *obey the order*, the public officer or employee ~~shall~~ *must* be held in contempt of court and is subject to the penalties provided by law.

(3) Any person having an interest that is or may be adversely affected may commence a civil action on ~~his~~ *the person's* own behalf to compel compliance with this part against any person for the violation of this part or any rule, order, or permit issued ~~hereunder~~ *under this part*. However, ~~no such~~ *the* action may *not* commence:

(a) prior to 60 days after the plaintiff has given notice in writing to the department and to the alleged violator; or

(b) if the department has commenced and is diligently prosecuting a civil action to require compliance with the provisions of this part or any rule, order, or permit issued ~~hereunder~~ *under this part.* Any person may intervene as a matter of right in ~~any such~~ *the* civil action. ~~Nothing in this~~ *This* section ~~restricts~~ *does not restrict* any right that any person may have under any statute or common law to seek enforcement of this part or the rules adopted ~~hereunder~~ *under this part* or to seek any other relief.

(4) Any person who is injured in ~~his~~ person or property through the violation by any operator of any rule, order, or permit issued pursuant to this part may bring an action for damages, ~~(~~including reasonable attorney and expert witness fees~~)~~, only in the county in which the strip- or underground-coal-mining operation complained of is located. ~~Nothing in this~~ *This* subsection ~~affects~~ *does not affect* the rights established by or limits imposed under ~~chapter 71 of~~ Title 39*, chapter 71*.

(5) The court, in issuing any final order in any action brought pursuant to subsection (3), may award costs of litigation, ~~(~~including attorney and expert witness fees~~)~~, to any party whenever the court determines ~~such~~ *that the* award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require the filing of a bond or equivalent security in accordance with the Montana Rules of Civil Procedure."

Section 31. Section 82-4-301, MCA, is amended to read:

"82-4-301. Legislative *intent and* findings. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted this part. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) The extraction of mineral by mining is a basic and essential activity making an important contribution to the economy of the state and the nation. At the same time, proper reclamation of mined land and former exploration areas not brought to mining stage is necessary to prevent undesirable land and surface water conditions detrimental to the general welfare, health, safety, ecology, and property rights of the citizens of the state. Mining and exploration for minerals take place in diverse areas where geological, topographical, climatic, biological, and sociological conditions are significantly different, and reclamation specifications must vary accordingly. It is not practical to extract minerals or explore for minerals required by our society without disturbing the surface or subsurface of the earth and without producing waste materials, and the very character of many types of mining operations precludes complete restoration of the land to its original condition. The legislature finds that land reclamation as provided in this part will allow exploration for and mining of valuable minerals while adequately providing for the subsequent beneficial use of the lands to be reclaimed."

Section 32. Section 82-4-349, MCA, is amended to read:

"82-4-349. Limitations of actions — *venue.* *(1)* Legal actions seeking review of a department decision granting or denying an exploration license or operating permit issued under this part must be filed within 90 days after the decision is made. Summons must be issued and process served on all defendants within 60 days after the action is filed.

(2) An action to challenge the issuance of a license or permit pursuant to this part must be brought in the county in which the exploration or permitted activity is proposed to occur. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the exploration or activity is proposed to occur.

(3) A judicial challenge to an exploration license or operating permit issued pursuant to this part by a party other than the license or permitholder or applicant must include the party to whom the license or permit was issued unless otherwise agreed to by the license or permitholder or applicant. All judicial challenges of licenses or permits for projects with a project cost, as determined under 75-1-203, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action."

Section 33. Section 82-4-402, MCA, is amended to read:

"82-4-402. ~~Policy~~ *Intent, findings, and policy.* *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted The Opencut Mining Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) Because the extraction and use of opencut materials is important to the economy of this state, it is the policy of this state to provide for the reclamation and conservation of land subjected to opencut materials mining. Therefore, it is the purpose of this part:

~~(1)~~*(a)* to preserve natural resources;

~~(2)~~*(b)* to aid in the protection of wildlife and aquatic resources;

~~(3)~~*(c)* to safeguard and reclaim through effective means and methods all agricultural, recreational, home, and industrial sites subjected to or that may be affected by opencut materials mining;

~~(4)~~*(d)* to protect and perpetuate the taxable value of property through reclamation;

~~(5)~~*(e)* to protect scenic, scientific, historic, or other unique areas; and

~~(6)~~*(f)* to promote the health, safety, and general welfare of the people of this state."

Section 34. Section 82-4-427, MCA, is amended to read:

"82-4-427. Hearing — *appeal — venue.* (1) A person who is aggrieved by a final decision of the department under this part is entitled to a hearing before the board, if a written request is submitted to the board within 30 days of the department's decision.

(2) The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing held under this section.

(3) An action to challenge the issuance of a permit pursuant to this section must be brought in the county in which the permitted activity is proposed to occur. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the activity is proposed to occur.

(4) A judicial challenge to a permit issued pursuant to this part by a party other than the permitholder or applicant must include the party to whom the permit was issued unless otherwise agreed to by the permitholder or applicant. All judicial challenges of permits for projects with a project cost, as determined under 75-1-203, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action."

Section 35. Section 82-4-436, MCA, is amended to read:

"82-4-436. Plan amendments — *venue.* (1) Unless an amendment to a plan of operation, reclamation plan, or other permit is proposed by the operator, the department may modify only the terms of a plan or permit in compliance with this section.

(2) If the department believes, based on credible evidence, that continued operation under the terms of an existing plan or permit would violate a substantive numerical or narrative state standard or regulation or otherwise violate a purpose of this part, it may propose to the operator an amendment to the plan or permit.

(3) The department shall notify the operator of the proposed amendment in writing. The notice must include:

(a) an identification of the existing plan or permit;

(b) the justification for the amendment, including all test results or other credible evidence that the department relied on in proposing the amendment; and

(c) the text of the proposed amendment.

(4) The operator may, within 15 days of receipt of the department's amendment notice, request a review of the amendment by the department director. The amendment is not effective or enforceable until 15 days following the issuance of the department's amendment notice or until after the department director affirms or modifies the amendment if a review by the director is requested. A decision by the department director is subject to the contested case provisions of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, parts 6 and 7.

(5) If the operator does not appeal the proposed amendment, the amendment becomes effective and enforceable 15 days after the operator receives the notification.

(6) An action to challenge the issuance of an amendment pursuant to this section must be brought in the county in which the activity is proposed to occur. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the activity is proposed to occur.

(7) A judicial challenge to an amendment issued pursuant to this section by a party other than the amendment holder or applicant must include the party to whom the amendment was issued unless otherwise agreed to by the amendment holder or applicant. All judicial challenges of amendments for projects with a project cost, as determined under 75-1-203, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or

increased cost in litigation, the court may award attorney fees and costs incurred in defending the action."

Section 36. Section 87-5-103, MCA, is amended to read:

"87-5-103. Legislative *intent, findings, and* policy. *(1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted The Nongame and Endangered Species Conservation Act. It is the legislature's intent that the requirements of this part provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.*

(2) The legislature finds and declares all of the following:

~~(1)~~*(a)* that it is the policy of this state to manage certain nongame wildlife for human enjoyment, for scientific purposes, and to ~~insure~~ *ensure* their perpetuation as members of ecosystems;

~~(2)~~*(b)* that species or subspecies of wildlife indigenous to this state ~~which~~ *that* may be found to be endangered within the state should be protected in order to maintain and, to the extent possible, enhance their numbers;

~~(3)~~*(c)* that the state should assist in the protection of species or subspecies of wildlife ~~which~~ *that* are ~~deemed~~ *considered* to be endangered elsewhere by prohibiting the taking, possession, transportation, exportation, processing, sale or offer for sale, or shipment within this state of species or subspecies of wildlife unless ~~such~~ *those* actions will assist in preserving or propagating the species or subspecies."

Section 37. Venue. A proceeding to challenge an action taken pursuant to parts 1 through 3 must be brought in the county in which the activity that is the subject of the action is proposed to occur or will occur. If an activity is proposed to occur or will occur in more than one county, the proceeding may be brought in any of the counties in which the activity is proposed to occur or will occur.

Section 38. Codification instruction. (1) [Section 37] is intended to be codified as an integral part of Title 75, chapter 1, part 1, and the provisions of Title 75, chapter 1, part 1, apply to [section 37].

(2) [Section 2] is intended to be codified as an integral part of Title 82 and Title 75, and the provisions of Title 82 and Title 75 apply to [section 2].

Section 39. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 40. Effective date. [This act] is effective on passage and approval.

Section 41. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to actions for judicial review or other causes of action challenging the issuance of a permit, petition for review, amendment, license, arbitration, action, certificate, or inspection that are pending but not yet decided on or after [the effective date of this act].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-1-107, MCA, is amended to read:

"53-1-107. Limits on inmate financial transactions — *taking income earned or accrued outside prison for medical and dental expenses.* (1) An inmate of ~~the Montana~~ *a* state prison ~~in Deer Lodge or the women's prison in Billings shall~~ *must* use the prison inmate trust account system administered by the department of corrections to send money out of or receive money in the facility unless the department grants the inmate an exception. If an inmate accumulates a balance in excess of $200 in the inmate's prison inmate trust account, the excess must, consistent with department rules, be forfeited for the payment of restitution, ~~or~~ *the inmate's medical and dental expenses, and the* costs of incarceration. The department may charge an inmate a minimum fee, not to exceed $1.60 each month, to administer the inmate's account.

(2) (a) Money forfeited under subsection (1) to the payment of restitution must be paid in the following order:

(i) to the victim until the victim's unreimbursed pecuniary loss is satisfied;

(ii) to the crime victims compensation and assistance program in the department of justice for deposit in the state general fund until the state is fully reimbursed for compensation to the victim provided pursuant to Title 53, chapter 9, part 1;

(3) The department shall adopt rules establishing criteria for forfeiture of funds under subsection (1). The rules must contain clear guidelines regarding forfeiture that ensure restitution under subsection (2) but that:

(a) do not unreasonably inhibit an inmate's ability to save money for the purchase of tools or other items to further the education of the inmate for purposes of rehabilitation or seeking employment after release from the correctional facility; and

(b) do inhibit any inmate's ability to deal in contraband or illegal acts within or outside the correctional facility.

(4) An inmate is responsible for the inmate's medical and dental expenses and is obligated to repay the department for reasonable costs incurred by the department for the inmate's medical and dental expenses. The department may investigate, identify, take in any manner allowed by law for the satisfaction of a judgment, and use to pay the inmate's medical and dental expenses any assets of the inmate or any income of the inmate from sources outside the state prison that is not deposited in the account provided for in subsection (1)."

[HB 527]

AN ACT REQUIRING THE DEPARTMENT OF ENVIRONMENTAL QUALITY AND APPLICANTS FOR OPERATING PERMITS UNDER THE METAL MINE RECLAMATION ACT TO CONSIDER THE UTILIZATION OF FACILITIES CONSTRUCTED IN CONJUNCTION WITH MINING OPERATIONS FOR POSTMINING USES IN LIEU OF REQUIRING THE REMOVAL OF THE FACILITIES; PROVIDING THAT ANCILLARY INDUSTRIAL FACILITIES MAY HAVE AN ACCEPTABLE POSTMINING USE; PROVIDING THAT AN AMENDMENT TO AN OPERATING PERMIT FOR THE PURPOSE OF RETENTION OF MINE-RELATED FACILITIES THAT ARE VALUABLE FOR POSTMINING USE IS A MINOR AMENDMENT AND DOES NOT REQUIRE THE PREPARATION OF AN ENVIRONMENTAL REVIEW OR AN ENVIRONMENTAL IMPACT STATEMENT; AMENDING SECTIONS 82-4-303, 82-4-335, 82-4-336, AND 82-4-342, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, metal mine operators typically construct ancillary industrial facilities in conjunction with the operation of metal mines; and

WHEREAS, facilities may include office buildings, shop buildings, electrical transmission lines, electrical power substations, electronic communication lines and facilities, water lines, water treatment plants, septic systems, roads, parking lots, fencing, security stations, and environmental monitoring sites; and

WHEREAS, these facilities may have significant value when the operator discontinues the mining operations; and

WHEREAS, the continued availability of these facilities may provide economic development opportunities for the residents of the county where the facilities are located and to the people of Montana generally; and

WHEREAS, the metal mine reclamation laws do not include provisions that encourage or require the Department of Environmental Quality or the mine operator to consider the feasibility of a postmining use of these facilities for other industrial purposes instead of simply removing the facilities; and

WHEREAS, the Legislature believes that future beneficial use provisions could be provided for in the metal mine reclamation laws without significantly increasing the cost to the state or to the operator of obtaining and maintaining a mine operating permit.

THEREFORE, the Legislature finds that it is beneficial and appropriate to create these provisions.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-303, MCA, is amended to read:

"82-4-303. Definitions. As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Abandonment of surface or underground mining" may be presumed when it is shown that continued operation will not resume.

(2) "Amendment" means a change to an approved operating or reclamation plan. A major amendment is an amendment that may significantly affect the human environment. A minor amendment is an amendment that will not significantly affect the human environment.

(3) "Board" means the board of environmental review provided for in 2-15-3502.

(4) "Cyanide ore-processing reagent" means cyanide or a cyanide compound used as a reagent in leaching operations.

(5) "Department" means the department of environmental quality provided for in 2-15-3501.

(6) "Disturbed land" means the area of land or surface water that has been disturbed, beginning at the date of the issuance of the permit. The term includes the area from which the overburden, tailings, waste materials, or minerals have been removed and tailings ponds, waste dumps, roads, conveyor systems, load-out facilities, leach dumps, and all similar excavations or coverings that result from the operation and that have not been previously reclaimed under the reclamation plan.

(7) "Exploration" means:

(a) all activities that are conducted on or beneath the surface of lands and that result in material disturbance of the surface for the purpose of determining the presence, location, extent, depth, grade, and economic viability of mineralization in those lands, if any, other than mining for production and economic exploitation; and

(b) all roads made for the purpose of facilitating exploration, except as noted in 82-4-310.

(8) "Mineral" means any ore, rock, or substance, ~~(~~other than oil, gas, bentonite, clay, coal, sand, gravel, peat, soil materials, or uranium~~)~~, that is taken from below the surface or from the surface of the earth for the purpose of milling, concentration, refinement, smelting, manufacturing, or other subsequent use or processing or for stockpiling for future use, refinement, or smelting.

(9) "Mining" commences when the operator first mines ores or minerals in commercial quantities for sale, beneficiation, refining, or other processing or disposition or first takes bulk samples for metallurgical testing in excess of aggregate of 10,000 short tons.

(10) "Ore processing" means milling, heap leaching, flotation, vat leaching, or other standard hard-rock mineral concentration processes.

(11) "Person" means any person, corporation, firm, association, partnership, or other legal entity engaged in exploration for or mining of minerals on or below the surface of the earth, reprocessing of tailings or waste materials, or operation of a hard-rock mill.

(14) "Reclamation plan" means the operator's written proposal, as required and approved by the department, for reclamation of the land that will be disturbed. The proposal must include, to the extent practical at the time of application for an operating permit:

(a) a statement of the proposed subsequent use of the land after reclamation, *which may include use of the land as an industrial site not necessarily related to mining*;

(b) plans for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed and the proposed method of accomplishment;

(c) the manner and type of revegetation or other surface treatment of disturbed areas;

(d) procedures proposed to avoid foreseeable situations of public nuisance, endangerment of public safety, damage to human life or property, or unnecessary damage to flora and fauna in or adjacent to the area;

(e) the method of disposal of mining debris;

(f) the method of diverting surface waters around the disturbed areas when necessary to prevent pollution of those waters or unnecessary erosion;

(g) the method of reclamation of stream channels and stream banks to control erosion, siltation, and pollution;

(h) maps and other supporting documents that may be reasonably required by the department; and

(i) a time schedule for reclamation that meets the requirements of 82-4-336.

(15) (a) "Small miner" means a person, firm, or corporation that engages in mining activity that is not exempt from this part pursuant to 82-4-310, that engages in the business of reprocessing of tailings or waste materials, ~~or,~~ *that*, except as provided in 82-4-310, ~~that~~ knowingly allows other persons to engage in mining activities on land owned or controlled by the person, firm, or corporation~~;~~, that does not hold an operating permit under 82-4-335 except for a permit issued under 82-4-335(2) or a permit that meets the criteria of subsection (15)(c)~~;~~, and that conducts:

(i) an operation that results in not more than 5 acres of the earth's surface being disturbed and unreclaimed; or

(ii) two operations that disturb and leave unreclaimed less than 5 acres for each operation if the respective mining properties are:

(A) the only operations engaged in by the person, firm, or corporation; and

(B) at least 1 mile apart at their closest point.

(b) For the purpose of this definition only, the department shall, in computing the area covered by the operation:

(i) exclude access or haulage roads that are required by a local, state, or federal agency having jurisdiction over that road to be constructed to certain specifications if that public agency notifies the department in writing that it desires to have the road remain in use and will maintain it after mining ceases; and

(ii) exclude access roads for which the person, firm, or corporation submits a bond to the department in the amount of the estimated total cost of reclamation along with a description of the location of the road and the specifications to which it will be constructed.

(c) A small miner may hold an operating permit that allows disturbance of 100 acres or less. The permit may be amended to add new disturbance areas, but the total area permitted for disturbance may not exceed 100 acres at any time.

(16) "Soil materials" means earth material found in the upper soil layers that will support plant growth.

(17) (a) "Surface mining" means all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits exposed, including but not limited to open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining.

(b) Surface mining does not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, peat, soil materials, or uranium or excavation or grading conducted for onsite farming, onsite road construction, or other onsite building construction.

(18) "Underground mining" means all methods of mining other than surface mining.

(19) "Unit of surface-mined area" means that area of land and surface water included within an operating permit actually disturbed by surface mining during each 12-month period of time, beginning at the date of the issuance of the permit. The term includes the area from which overburden or minerals have been removed, the area covered by mining debris, and all additional areas used in surface mining or underground mining operations that by virtue of mining use are susceptible to erosion in excess of the surrounding undisturbed portions of land.

(20) "Vegetative cover" means the type of vegetation, grass, shrubs, trees, or any other form of natural cover considered suitable at time of reclamation."

Section 2. Section 82-4-335, MCA, is amended to read:

"82-4-335. Operating permit — limitation — fees. (1) A person may not engage in mining, ore processing, or reprocessing of tailings or waste material, construct or operate a hard-rock mill, use cyanide ore-processing reagents or

other metal leaching solvents or reagents, or disturb land in anticipation of those activities in the state without first obtaining an operating permit from the department. A separate operating permit is required for each complex.

(2) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation where the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of.

(3) Prior to receiving an operating permit from the department, a person shall pay the basic permit fee of $500. The department may require a person who is applying for a permit pursuant to subsection (1) to pay an additional fee not to exceed the actual amount of contractor and employee expenses beyond the normal operating expenses of the department whenever those expenses are reasonably necessary to provide for timely and adequate review of the application, including any environmental review conducted under Title 75, chapter 1, parts 1 and 2. The board may further define these expenses by rule. Whenever the department determines that an additional fee is necessary and the additional fee will exceed $5,000, the department shall notify the applicant that a fee must be paid and submit to the applicant an itemized estimate of the proposed expenses. The department shall provide the applicant an opportunity to review the department's estimated expenses. The applicant may indicate which proposed expenses the applicant considers duplicative or excessive, if any.

(4) The person shall submit an application on a form provided by the department, which must contain the following information and any other pertinent data required by rule:

(a) the name and address of the operator and, if a corporation or other business entity, the name and address of its officers, directors, owners of 10% or more of any class of voting stock, partners, and the like and its resident agent for service of process, if required by law;

(b) the minerals expected to be mined;

(c) a proposed reclamation plan;

(d) the expected starting date of operations;

(e) a map showing the specific area to be mined and the boundaries of the land that will be disturbed, the topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, and the location of proposed access roads to be built;

(f) the names and addresses of the owners of record and any purchasers under contracts for deed of the surface of the land within the permit area and the owners of record and any purchasers under contracts for deed of all surface area within one-half mile of any part of the permit area, provided that the department is not required to verify this information;

(g) the names and addresses of the present owners of record and any purchasers under contracts for deed of all minerals in the land within the permit area, provided that the department is not required to verify this information;

(h) the source of the applicant's legal right to mine the mineral on the land affected by the permit, provided that the department is not required to verify this information;

(i) the types of access roads to be built and manner of reclamation of road sites on abandonment;

(j) a plan that will provide, within limits of normal operating procedures of the industry, for completion of the operation;

(k) ground water and surface water hydrologic data gathered from a sufficient number of sources and length of time to characterize the hydrologic regime;

(l) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that the structures are safe and stable;

(m) a plan identifying methods to be used to monitor for the accidental discharge of objectionable materials and remedial action plans to be used to control and mitigate discharges to surface or ground water; ~~and~~

(n) an evaluation of the expected life of any tailings impoundment or waste area and the potential for expansion of the tailings impoundment or waste site*; and*

(o) an assessment of the potential for the postmining use of mine-related facilities for other industrial purposes, including evidence of consultation with the county commission of the county or counties where the mine or mine-related facilities will be located.

(5) Except as provided in subsection (7), the permit provided for in subsection (1) for a large-scale mineral development as defined in 90-6-302 must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the department, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(6) When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and 90-6-302 and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the department with proof that the permittee has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that the permittee has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. If the permittee does not file the required proof or if the hard-rock mining impact board certifies to the department that the permittee has failed to comply with the hard-rock mining impact review and implementation requirements in Title 90, chapter 6, parts 3 and 4, the department shall suspend the permit until the permittee files the required proof or until the hard-rock mining impact board certifies that the permittee has complied with the hard-rock mining impact review and implementation requirements.

(7) Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons.

(8) A person may not be issued an operating permit if:

(a) that person's failure, or the failure of any firm or business association of which that person was a principal or controlling member, to comply with the provisions of this part, the rules adopted under this part, or a permit or license

issued under this part has resulted in either the receipt of bond proceeds by the department or the completion of reclamation by the person's surety or by the department, unless that person meets the conditions described in 82-4-360;

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305; or

(d) that person has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

(9) A person may not be issued a permit under this part unless, at the time of submission of a bond, the person provides the current information required in subsection (4)(a) and:

(a) (i) certifies that the person is not currently in violation in this state of any law, rule, or regulation of this state or of the United States pertaining to air quality, water quality, or mined land reclamation; or

(ii) presents a certification by the administering agency that the violation is in the process of being corrected to the agency's satisfaction or is the subject of a bona fide administrative or judicial appeal; and

(b) if the person is a partnership, corporation, or other business association, provides the certification required by subsection (9)(a)(i) or (9)(a)(ii), as applicable, for any partners, officers, directors, owners of 10% or more of any class of voting stock, and business association members."

Section 3. Section 82-4-336, MCA, is amended to read:

"82-4-336. Reclamation plan and specific reclamation requirements. (1) Taking into account the site-specific conditions and circumstances, *including the postmining use of the mine site,* disturbed lands must be reclaimed consistent with the requirements and standards set forth in this section.

(2) The reclamation plan must provide that reclamation activities, particularly those relating to control of erosion, to the extent feasible, must be conducted simultaneously with the operation and in any case must be initiated promptly after completion or abandonment of the operation on those portions of the complex that will not be subject to further disturbance.

(3) In the absence of an order by the department providing a longer period, the plan must provide that reclamation activities must be completed not more than 2 years after completion or abandonment of the operation on that portion of the complex.

(4) In the absence of emergency or suddenly threatened or existing catastrophe, an operator may not depart from an approved plan without previously obtaining from the department written approval for the proposed change.

(5) Provision must be made to avoid accumulation of stagnant water in the development area to the extent that it serves as a host or breeding ground for mosquitoes or other disease-bearing or noxious insect life.

(6) All final grading must be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the department for a supervised sanitary fill.

(7) When mining has left an open pit exceeding 2 acres of surface area and the composition of the floor or walls of the pit are likely to cause formation of acid, toxic, or otherwise pollutive solutions ("objectionable effluents") on exposure to moisture, the reclamation plan must include provisions that adequately provide for:

(a) insulation of all faces from moisture or water contact by covering the faces with material or fill not susceptible itself to generation of objectionable effluents in order to mitigate the generation of objectionable effluents; or

(b) processing of any objectionable effluents in the pit before they are allowed to flow or be pumped out of the pit to reduce toxic or other objectionable ratios to a level considered safe to humans and the environment by the department; or

(c) drainage of any objectionable effluents to settling or treatment basins when the objectionable effluents must be reduced to levels considered safe by the department before release from the settling basin; or

(d) absorption or evaporation of objectionable effluents in the open pit itself; and

(e) prevention of entrance into the open pit by persons or livestock lawfully upon adjacent lands by fencing, warning signs, and other devices that may reasonably be required by the department.

(8) Provisions for vegetative cover must be required in the reclamation plan if appropriate to the future use of the land as specified in the reclamation plan. The reestablished vegetative cover must meet county standards for noxious weed control.

(9) (a) With regard to disturbed land other than open pits and rock faces, the reclamation plan must provide for the reclamation of all disturbed land to comparable utility and stability as that of adjacent areas. *This standard may not be applied to require the removal of mine-related facilities that are valuable for postmining use. If the reclamation plan provides that mine-related facilities will not be removed or that the disturbed land associated with the facilities will not be reclaimed by the permittee, the following apply:*

(i) The postmining use of the mine-related facilities must be approved by the department.

(1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-752 and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

(a) all penalties assessed pursuant to 75-10-750(12);

(b) funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202;

(c) funds allocated from the resource indemnity and ground water assessment tax proceeds provided for in 15-38-106;

(f) funds received from settlements pursuant to 75-10-719(7); and

(g) funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsection (8), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Reimbursement from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of petition provided in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-752 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the orphan share fund must pay the department's costs incurred in defending the orphan share in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-752 shall pay all the orphan share's allocated share of the department's costs incurred in defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(7) ~~(a)~~ On August 21, 2002, $1,000 is transferred from the orphan share fund to the general fund. If sufficient money remains in the orphan share fund on June 29, 2003, $999,000 must be transferred to the general fund.

~~(b) If any money remains in the orphan share fund after June 30, 2005, and after outstanding claims are paid, the money must be deposited in the general fund.~~

(8) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(9) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process. Section 2. Repealer. Section 75-10-752, MCA, and section 30, Chapter 415, Laws of 1997, are repealed.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-704, MCA, is amended to read:

"39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a medical provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment was required.

(e) Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the benefits provided for in this section terminate when they are not used for a period of 60 consecutive months.

(f) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under subsection (1)(f) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

(g) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment

that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) The department shall annually establish a schedule of fees for medical services not provided at a hospital that are necessary for the treatment of injured workers. Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule.

(3) (a) The department shall establish rates for hospital services necessary for the treatment of injured workers.

(b) Except as provided in subsection (3)(g), rates for services provided at a hospital must be the greater of:

(i) 69% of the hospital's January 1, 1997, usual and customary charges; or

(ii) the discount factor established by the department that was in effect on June 30, 1997, for the hospital. The discount factor for a hospital formed by the merger of two or more existing hospitals is computed by using the weighted average of the discount factors in effect at the time of the merger.

(c) Except as provided in subsection (3)(g), the department shall adjust hospital discount factors so that the rate of payment does not exceed the annual percentage increase in the state's average weekly wage, as defined in 39-71-116.

(d) The department may establish a fee schedule for hospital outpatient services rendered. The fee schedule must, in the aggregate, provide for fees that are equal to the statewide average discount factors paid to hospitals to provide the same or equivalent procedure to workers' compensation hospital outpatients.

(e) The discount factors established by the department pursuant to this subsection (3) may not be less than medicaid reimbursement rates.

(f) For services available in Montana, insurers are not required to pay facilities located outside Montana rates that are greater than those allowed for services delivered in Montana.

(g) For a hospital licensed as a medical assistance facility or a critical access hospital pursuant to Title 50, chapter 5, the rate for services is the hospital's usual and customary charge. Fees paid to a hospital licensed as a medical assistance facility are not subject to the limitation provided in subsection (4).

(1) ~~If~~ *An insurer shall pay or deny a claim* within 30 days after receipt of a proof of loss~~, the insurer has not paid the claim for benefits provided in the policy or contract or notified the insured or the insured's assignee of the reasons for failure to pay the claim in full and has not requested additional information or documents, the insured or the assignee may report the delay to the commissioner, who may then investigate to determine if the insurer has failed to pay the claim within 30 days of its receipt without good reason and, if so, whether such delay is a general course of business practice of the insurer~~ *unless the insurer makes a reasonable request for additional information or documents in order to evaluate the claim. If an insurer makes a reasonable request for additional information or documents, the insurer shall pay or deny the claim within 60 days of receiving the proof of loss unless the insurer has notified the insured, the insured's assignee, or the claimant of the reasons for failure to pay the claim in full or unless the insurer has a reasonable belief that insurance fraud has been committed and the insurer has reported the possible insurance fraud to the commissioner. For purposes of calculating the amount of interest, a claim is considered due 30 days after the insurer's receipt of the proof of loss or 60 days after receipt of the proof of loss if the insurer made a reasonable request for information or documents. Interest payments must be made to the person who receives the claims payment.*

(3) A private cause of action under 33-18-201 or 33-18-242 may not be based on the compliance or noncompliance with the requirements of this section and

evidence of compliance or noncompliance with this section is not admissible in any private action based on 33-18-201 or 33-18-242."

"33-18-233. Administrative penalty for failure to pay promptly. (1) The commissioner may, after a hearing, impose an administrative fine as ~~set forth in subsection (2)~~ *provided in 33-1-317* on an insurer if ~~he~~ *the commissioner* finds that the insurer as a general course of business practice in this state fails to:

Section 4. Prompt payment of motor vehicle damage claims. (1) Except for providers who are prepaid or agree to a different payment schedule, an insurer shall make an offer to pay or shall pay all approved claims for covered services or damages that solely involve the recovery of property damages in an amount of $2,500 or less arising out of the ownership, maintenance, or use of a motor vehicle within 30 working days of receipt of a proof of loss that is correctly completed and submitted to the insurer.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The purpose of [sections 1 through 4] is to authorize domestic insurance companies to utilize modern systems for holding and transferring securities without physical delivery of securities certificates, subject to appropriate rules adopted by the commissioner.

Section 2. Definitions. As used in this chapter, the following definitions apply:

(1) "Clearing corporation" has the meaning provided in 30-8-112, except that with respect to securities issued by institutions organized or existing under the laws of any foreign country or securities used to meet the deposit requirements pursuant to the laws of a foreign country as a condition of doing business in the foreign country, a clearing corporation may include a corporation that is organized or existing under the laws of any foreign country and is legally qualified under those laws to effect transactions in securities by computerized book entry.

(2) "Direct participant" means a bank, trust company, or other institution that maintains an account in its name in a clearing corporation and through which an insurance company participates in a clearing corporation.

(3) "Federal reserve book-entry system" means the computerized systems sponsored by the United States department of the treasury and certain agencies and instrumentalities of the United States for holding and transferring securities of the United States government and those agencies and instrumentalities, respectively, in federal reserve banks through banks that are members of the federal reserve system or that otherwise have access to the computerized systems.

(4) "Member bank" means a national bank, state bank, or trust company that is a member of the federal reserve system and through which an insurance company participates in the federal reserve book-entry system.

(5) "Security" has the meaning provided in 30-8-112.

Section 3. Use of book-entry systems — rules. (1) (a) Other provisions of law may not be construed as prohibiting a domestic insurance company from depositing or arranging for the deposit of securities held in or purchased for its general account and its separate accounts in a clearing corporation or the federal reserve book-entry system.

(b) When securities are deposited with a clearing corporation, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of the clearing corporation with any other securities deposited with the clearing corporation by any person, regardless of the ownership of the securities. Certificates representing securities of small denominations may be merged into one or more certificates of larger denominations.

(c) The records of any member bank through which an insurance company holds securities in the federal reserve book-entry system and the records of any custodian bank through which an insurance company holds securities in a clearing corporation at all times must show that the securities are held for the insurance company and for which accounts of the insurance company.

(d) Ownership and other interests in securities subject to this subsection (1) may be transferred by bookkeeping entry on the books of a clearing corporation or in the federal reserve book-entry system without, in either case, physical delivery of certificates representing the securities.

(2) The commissioner may adopt rules that include but are not limited to rules governing the deposit by insurance companies of securities with clearing corporations and in the federal reserve book-entry system and rules pertaining to evidence that must be provided to the commissioner with respect to the recording of securities.

Section 4. Deposit of securities by insurance companies. (1) Securities qualified for deposit under [sections 1 through 4] may be deposited with a clearing corporation or held in the federal reserve book-entry system. Securities deposited with a clearing corporation or held in the federal reserve book-entry system may not be withdrawn by the insurance company without the approval of the commissioner.

(2) An insurance company holding securities in the manner provided for in this section shall provide to the commissioner evidence issued by its custodian or member bank through which the insurance company has deposited the securities in a clearing corporation or through which the securities are held in the federal reserve book-entry system, respectively, in order to establish that the securities are actually recorded in an account in the name of the custodian, other direct participant, or member bank and that the records of the custodian,

other direct participant, or member bank reflect that the securities are held subject to the order of the commissioner.

Section 5. Disability income insurance. "Disability income insurance" means an individual or group policy of insurance that primarily provides payment to or for the benefit of the policyholder or certificate holder based, in whole or in part, upon lost wages or other earned income or business or financial losses as a result of an inability to work due to sickness, injury, or a combination of sickness and injury.

Section 6. Section 33-1-408, MCA, is amended to read:

"33-1-408. Conduct of examinations — records — correction of accounts — appraisals. (1) Upon determining that an examination should be conducted, the commissioner or the commissioner's designee shall issue an examination warrant appointing one or more examiners to perform the examination and instructing them as to the scope of the examination. In conducting the examination, ~~the~~ *an* examiner shall observe the guidelines and procedures set forth in the examiners' handbook adopted by the NAIC. The commissioner may also employ other guidelines or procedures as the commissioner considers appropriate.

(2) Every company or person from whom information is sought and its officers, directors, employees, and agents shall provide to the examiners appointed under subsection (1) timely, convenient, and free access at all reasonable hours at its offices to all books, records, accounts, papers, documents, and any or all computer or other recordings relating to the property, assets, business, and affairs of the company being examined. The officers, directors, employees, and agents of the company or person shall facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of any company, by its officers, directors, employees, or agents, to submit to examination or to comply with any reasonable written request of the examiners is grounds for suspension, refusal, or nonrenewal of any license or authority held by the company to engage in an insurance or other business subject to the commissioner's jurisdiction. A proceeding for suspension, revocation, or refusal of any license or authority must be conducted pursuant to 33-1-318 *and 33-1-701*.

(3) The commissioner or any examiner has the power to issue subpoenas, administer oaths, and examine under oath any person concerning any matter pertinent to the examination. Upon the failure or refusal of a person to obey a subpoena, the commissioner may petition a court of competent jurisdiction and, upon proper showing, the court may enter an order compelling the witness to appear and testify or to produce documentary evidence. Failure to obey the court order is punishable as contempt of court.

(4) When making an examination under this part, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners. The cost of retaining the personnel must be borne by the company that is the subject of the examination.

(5) This part may not be construed to limit the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action pursuant to this title. Findings of fact and conclusions made pursuant to an examination are prima facie evidence in any legal or regulatory action.

The schedule of association portability plan premiums for federally defined eligible individuals may not at any time exceed 150% of the average premium rates charged by the five insurers or health service corporations with the largest premium amount of individual plans of major medical insurance in force in this state. The premium rates of the five insurers or health service corporations used to establish the premium rates for each type of coverage offered by the association must be determined by the commissioner from information provided annually at the request of the commissioner. The association shall use generally acceptable actuarial principles and structurally compatible rates.

(2) (a) The association, with the approval of the commissioner, may adopt a reduced premium rate schedule that is equitably proportional to the income level for eligible persons who have an income less than or equal to 150% of the federal poverty level. ~~The association may not adopt a reduced premium rate schedule unless it has secured federal or private funding specifically for that purpose and limits participation to the available funding.~~ *The association may not adopt a reduced premium rate schedule unless it has secured federal, state, or private funding specifically for that purpose and the use of the reduced premium rate schedule is limited to the available federal, state, or private funding.*

(c) Any person who qualifies for coverage under this section may apply to the association for a reduced premium. However, eligible persons with coverage in the traditional association plan must receive first priority for reduced premiums. By agreement of the association and the commissioner, reduced premiums may be made available to persons eligible for the portability plan.

(d) The association may grant as many reduced premiums as funding sources allow but may not increase overall premium rates to subsidize the

reduced premium rate schedule. The association may limit the number of people receiving reduced premiums when funds are not available and may establish a waiting list for reduced premiums, if necessary."

Section 42. Section 33-22-1513, MCA, is amended to read:

"33-22-1513. Operation of association plan and association portability plans. (1) Upon acceptance by the lead carrier under 33-22-1516, an eligible person may enroll in the association plan by payment of the association plan premium to the lead carrier.

(2) Upon application by a federally defined eligible individual to the lead carrier for an association portability plan, the association may not:

(a) decline to offer an association portability plan; or

(3) Not less than 88% of the association plan premiums paid to the lead carrier may be used to pay claims and not more than 12% may be used for payment of the lead carrier's direct and indirect expenses as specified in 33-22-1514.

(5) (a) Each participating member of the association shall share the losses because of claims expenses of the association plan and the association portability plan for plans issued or approved for issuance by the association and shall share in the operating and administrative expenses incurred or estimated to be incurred by the association incident to the conduct of its affairs in the following manner:

(i) Each participating member of the association must be assessed by the association on an annual basis an amount not to exceed 1% of the association member's total disability insurance premium received from or on behalf of Montana residents as determined by the commissioner. Assessments made under this subsection (5)(a) or funds from any other source must be allocated to the association plan and the association portability plan in proportion to the needs of the two plans. If the needs of the association plan and the association portability plan exceed the funds generated by the 1% assessment, the association is then authorized to spend any funds appropriated by the legislature for the support of the plans. Any appropriation to the association may be expended for the operation of the association plan or the association portability plan.

(ii) (A) Payment of an assessment is due within 30 days of receipt by a member of a written notice of the annual assessment. After 30 days, the association shall charge a member:

(I) a late payment penalty of 1.5% a month or fraction of a month on the unpaid assessment, not to exceed 18% of the assessment due;

(II) interest at the rate of 12% a year on the unpaid assessment, to be accrued at 1% a month or fraction of a month; or

(III) both of the charges in subsections (5)(a)(ii)(A)(I) and (5)(a)(ii)(A)(II).

(B) Failure by a contributing member to tender the association assessment within the 30-day period is grounds for termination of membership. A member terminated for failure to tender the association assessment is ineligible to write health care benefit policies or contracts in this state under 33-22-1503(2).

(iii) An associate member that ceases to do disability insurance business within the state remains liable for assessments through the calendar year in which the member ceased doing disability insurance business. The association may decline to levy an assessment against an association member if the assessment, as determined pursuant to this section, would not exceed $50.

(b) For purposes of this subsection (5), "total disability insurance premium" does not include premiums received from disability income insurance, credit disability insurance, disability waiver insurance, life insurance, medicare risk or other similar medicare health maintenance organization payments, or medicaid health maintenance organization payments.

(c) Any income in excess of the incurred or estimated claims expenses of the association plan and the association portability plan and the operating and administrative expenses of the association must be held at interest and used by the association to offset past and future losses because of claims expenses of the association plan and the association portability plan or be allocated to reduce association plan premiums.

(6) The proportion of the annual assessment allocated to the operation and expenses of the association plan, not to include any amount of late payment penalty or interest charged, may be offset by an association member against the premium tax payable by that association member pursuant to 33-2-705 for the year in which the annual assessment is levied. The commissioner shall report to the office of budget and program planning, as a part of the information required by 17-7-111, the total amount of premium tax offset claimed by association members during the preceding biennium. The proportion of the annual assessment allocated to the operation and expenses of the association portability plan and levied against an association member may not be offset against the premium tax payable by that association member.

(7) The association may also accept funding from the federal government, private foundations, and other private funding sources."

(3) Disclosure limited to that which is reasonably necessary may be made to a person to enable the person to provide information to the disclosing licensee for the purpose of detecting or preventing criminal activity, fraud, material misrepresentation, or material nondisclosure in connection with an insurance transaction. A person to whom information is disclosed pursuant to this subsection shall agree in writing not to further disclose the information, but this requirement for an agreement does not prevent disclosure of information that is necessary to obtain further information for the purposes set forth in this subsection.

(4) (a) Disclosure may be made between licensees if the information disclosed is limited to that which is reasonably necessary:

(i) to detect or prevent criminal activity, fraud, material misrepresentation, or material nondisclosure in connection with insurance transactions; or

(ii) for either the disclosing or receiving licensee to perform its insurance function ~~in connection with an insurance transaction involving an individual~~.

(b) A licensee receiving information pursuant to this subsection (4) may not further disclose the information unless otherwise permitted by this section.

(5) Disclosure may be made to a medical care institution, a medical professional, or the individual to whom the information pertains if that information is reasonably necessary for the following purposes:

(a) verifying insurance coverage or benefits;

(b) informing an individual of a medical problem of which the individual may not be aware;

(c) conducting an operations or services audit; or

(d) determining the reasonableness or necessity of medical services.

(6) Disclosure:

(a) may be made to an insurance regulatory authority ~~that agrees not to further disclose the information without the individual's separate, written authorization~~;

(b) must be made as required by law; and

(c) must be or may be made to the commissioner as required or permitted by law.

(7) Disclosure may be made by a licensee or an insurance-support organization to a law enforcement or other government authority or to an insurance regulatory agency:

(a) to protect the interests of a licensee in preventing, investigating, or prosecuting the perpetration of fraud upon a licensee; or

(b) if the licensee or insurance-support organization reasonably believes that illegal activities have been conducted by the individual.

(8) Disclosure that is limited to that which is reasonably necessary may be made as otherwise permitted or required by law.

(9) Disclosure that is limited to that which is reasonably necessary may be made in response to a facially valid administrative or judicial order, including a search warrant or subpoena.

(b) Disclosure of information may be made for:

(ii) epidemiological or drug therapy outcomes research that requires information that has been made anonymous to protect the identity of the patient through coding or encryption.

(11) Disclosure may be made to a party or a representative of a party to a proposed sale, transfer, merger, or consolidation of all or part of the business of the licensee or insurance-support organization if:

(a) prior to the consummation of the sale, transfer, merger, or consolidation only information is disclosed that is reasonably necessary to enable the recipient to make business decisions about the purchase, transfer, merger, or consolidation; and

(b) the recipient agrees not to further disclose the information without the individual's separate, written authorization.

(12) (a) Disclosure that is limited to that which is reasonably necessary may be made to a licensee's affiliate as follows:

(i) to allow use of the information in connection with an audit of the licensee;

(ii) to enable a licensee to perform an insurance function; or

(iii) as allowed by 33-19-307.

(b) A licensee disclosing pursuant to this section must have a written agreement with the affiliate that the affiliate will not use or further disclose information received except to carry out the purposes set forth in subsection (12)(a) and that if further disclosure is necessary to meet those purposes, the disclosure will be made only to the licensee or to a person who agrees in writing to be bound by the same prohibition on use and disclosure. A disclosure allowed by 33-19-307 is governed by that section.

(13) Disclosure that is limited to that which is reasonably necessary may be made to an insurance-support organization to perform insurance-support services for the licensee. The insurance-support organization may redisclose the information to the extent necessary to provide its services to its member or subscriber licensees and other insurance-support organizations or as otherwise permitted by law, but not for a marketing purpose.

(14) ~~Notwithstanding any other provision of this section, disclosure~~ *Disclosure* may be made to a group policyholder for the purpose of reporting claims experience or conducting an audit of the licensee's operations or services if the information disclosed is reasonably necessary for the group policyholder to conduct the review or audit and the group policyholder agrees not to further disclose the information without the individual's separate, written authorization. ~~Information~~ *Medical record information* disclosed pursuant to this subsection must be edited to prevent the identification of the applicant, policyholder, or certificate holder. *Employer audits that are required by the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1001, et seq., as amended, are not subject to the provisions of this subsection.*

(17) Disclosure that is limited to that which is reasonably necessary may be made to a certificate holder or policyholder for the purpose of providing information regarding the status of an insurance transaction. Disclosure pursuant to this subsection may not be made to a group policyholder without a separate, written authorization from the individual.

(18) Disclosure may be made to a person contractually engaged to provide services to enable a licensee to perform an insurance function, or to perform an insurance function on behalf of a licensee, if the person agrees in writing that the person will not use or further disclose information obtained or developed pursuant to the engagement except to carry out the limited purpose of the engagement and that if further disclosure is necessary to perform the insurance function, that disclosure will be made only to the licensee or to a person who agrees in writing to be bound by the same prohibitions on use and disclosure.

(19) If a licensee has to disclose personal *or privileged* information in order to perform an insurance function and disclosure is not permitted under another

exception in this section, disclosure may be made to a person other than a licensee if the disclosure is limited to that which is reasonably necessary to enable the person to perform services or an insurance function for the disclosing licensee and if the person is notified by the licensee that the person is prohibited from:

(a) using the information other than to carry out the limited purpose for which the information is disclosed; and

(b) disclosing the information other than to the licensee and as allowed in subsection (3).

(20) Disclosure may be made to a lienholder, mortgagee, assignee, lessor, or other person shown on the records of an insurance institution or insurance producer as having a legal interest in a policy of insurance if:

~~(20)~~*(22)* Notwithstanding any other provision of this chapter, disclosure for a marketing purpose may be made only as allowed by 33-19-307.

~~(21)~~*(23)* Nothing in this section may be construed to prevent the disclosure of personal information that is otherwise discoverable pursuant to the Montana Rules of Civil Procedure.

~~(22)~~*(24)* The commissioner may adopt rules creating additional exceptions to disclosure restrictions for the purpose of allowing a licensee or insurance-support organization to carry out a necessary insurance function. The commissioner shall adopt rules establishing the methods that must be used by licensees to prevent identification as described in subsection (14)."

Section 6. Section 33-19-307, MCA, is amended to read:

"33-19-307. Personal information used for marketing purposes — restrictions. (1) Except as permitted in this section, a licensee may not use or disclose personal information for a marketing purpose. A licensee shall adopt~~,~~ *and* maintain~~, and monitor~~ policies and procedures reasonably designed to ensure that third parties with whom the licensee contracts under this subsection comply with the requirements of this section.

CHAPTER NO. 386

[HB 222]

AN ACT ALLOWING A JUDGE WHO REVOKES A SENTENCE SUSPENSION TO IMPOSE ANY SENTENCE THAT COULD HAVE BEEN IMPOSED THAT IS NOT LONGER THAN THE ORIGINAL SENTENCE; IMPOSING A SUPERVISORY FEE ON PERSONS SUPERVISED BY THE DEPARTMENT OF CORRECTIONS UNDER INTENSIVE SUPERVISION OR CONDITIONAL RELEASE OR TRANSFERRING THEIR SUPERVISION TO ANOTHER STATE; PROVIDING A PROCEDURE FOR SUSPENDING ALL OR PART OF THE REMAINING IMPRISONMENT SENTENCE OF A PERSON WHO SUCCESSFULLY COMPLETES THE STATE BOOT CAMP; GIVING PROBATION AND PAROLE OFFICERS AUTHORITY TO DETAIN

A PERSON UNDER LIMITED CIRCUMSTANCES AND TO TURN THE PERSON OVER TO A LAW ENFORCEMENT AGENCY OR PEACE OFFICER; AMENDING SECTIONS 46-18-203, 46-23-1031, AND 53-30-402, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-203, MCA, is amended to read:

"46-18-203. Revocation of suspended or deferred sentence. (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence or any condition of a deferred imposition of sentence, the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court during the period of suspension or deferral. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the offender must be brought before the judge, and the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified, unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence. However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any ~~lesser~~ sentence *that could have been imposed that does not include a longer imprisonment or commitment term than the original sentence*; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time and either expressly allow all or part of the time as a credit against the sentence or reject all or part of the time as a credit. The judge shall state the reasons for the judge's determination in the order. Credit~~, however,~~ must be allowed for time served in a detention center or home arrest time already served.

(c) If a judge finds that an offender has not violated a term or condition of a suspended or deferred sentence, that judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released."

Section 2. Section 46-23-1031, MCA, is amended to read:

"46-23-1031. Supervisory fees — account established. (1) (a) Except as provided in subsection (1)(b), a probationer, ~~or~~ parolee, *or person committed to the department who is supervised by the department under intensive supervision or conditional release* shall pay *to the clerk of the district court that has jurisdiction over the person during the person's supervision* a supervisory fee of no less than $120 a year and no more than $360 a year, prorated at no less than $10 a month for the number of months under supervision. *A person allowed to transfer supervision to another state shall pay a fee of $50 to cover the cost of processing the transfer.* The ~~fee~~ *interstate transfer fees required by this subsection* must be collected by the ~~clerk of the district court with jurisdiction during the probationer's or parolee's period of supervision under this part~~ *department*.

(b) The court, *department,* or ~~the~~ board may reduce or waive ~~the~~ *a* fee *required by subsection (1)(a)* or suspend the monthly payment of the *supervisory* fee if it determines that the payment would cause the ~~probationer or parolee~~ *person* a significant financial hardship.

(2) (a) There is an account in the state special revenue fund for the *supervisory* fees collected under the provisions of this section.

(b) ~~(i) Prior to July 1, 2003, district court clerks~~ *Prior to July 1, 2003, district court clerks* shall deduct from the total *supervisory* fees collected pursuant to subsection (1) the administrative cost of collecting and accounting for the fees and shall deposit the remaining amount into the state special revenue account established in subsection (2)(a). *After June 30, 2003, district court clerks shall deposit the total supervisory fees collected pursuant to subsection (1) into the state special revenue account established in subsection (2)(a) as specified by the supreme court administrator.*

~~(ii) After June 30, 2003, district court clerks shall deposit the fees into the state special revenue account established in subsection (2)(a) as specified by the supreme court administrator.~~"

Section 3. Section 53-30-402, MCA, is amended to read:

"53-30-402. ~~Sentence reduction for offenders~~ *Completion of boot camp — suspension of sentence*. A sentencing court retains jurisdiction for purposes of this section. ~~A sentencing court may order a reduction of sentence for a convicted offender who:~~

~~(1) is certified by the department as having successfully completed the boot camp incarceration program; and~~

~~(2) applies to the court within 1 year after beginning to serve a sentence at a correctional institution.~~ *At the time of sentencing, the sentencing court may order that if the convicted person successfully completes the boot camp incarceration program:*

(1) the court will consider a petition from the person, after which the court may suspend all or part of the remainder of the person's sentence of imprisonment; or

(2) a part or all of the remainder of the person's sentence of imprisonment, as determined by the court at the time of sentencing, is automatically suspended on conditions imposed by the court at the time of sentencing."

Section 4. Arrest by probation and parole officer. A probation and parole officer who, while in the course of conducting the officer's duties, has a reasonable suspicion that a person is interfering or will interfere with the officer's duties or has probable cause to believe that the person is committing or has committed an offense may detain the person. The probation and parole officer shall immediately notify the nearest available law enforcement agency or peace officer, and the law enforcement agency or peace officer shall either take the person into custody or release the person.

Section 5. Codification instruction. [Section 4] is intended to be codified as an integral part of Title 46, chapter 6, part 5, and the provisions of Title 46 apply to [section 4].

Section 6. Coordination instruction. *If House Bill No. 29 and [this act] are both passed and approved, then [section 1 of House Bill No. 29], amending 53-30-402, is void.*

Section 7. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 388

[HB 289]

AN ACT INCREASING THE SANCTIONS IMPOSED UPON A DRIVER WHO REFUSES TO SUBMIT TO A BLOOD OR BREATH TEST BY PROVIDING A REBUTTABLE INFERENCE THAT A PERSON WHO REFUSES A TEST IS UNDER THE INFLUENCE; AND AMENDING SECTION 61-8-404, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-8-404, MCA, is amended to read:

"61-8-404. Evidence admissible — conditions of admissibility. (1) Upon the trial of a criminal action or other proceeding arising out of acts alleged

to have been committed by a person in violation of 61-8-401, 61-8-406, 61-8-410, or 61-8-805:

(a) evidence of any measured amount or detected presence of alcohol, drugs, or a combination of alcohol and drugs in the person at the time of a test, as shown by an analysis of the person's blood or breath, is admissible. A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.

(b) a report of the facts and results of one or more tests of a person's blood or breath is admissible in evidence if:

(i) a breath test or preliminary alcohol screening test was performed by a person certified by the forensic sciences division of the department to administer the test;

(ii) a blood sample was analyzed in a laboratory operated or certified by the department or in a laboratory exempt from certification under the rules of the department and the blood was withdrawn from the person by a person competent to do so under 61-8-405(1);

(c) a report of the facts and results of a physical, psychomotor, or physiological assessment of a person is admissible in evidence if it was made by a person trained by the department or by a person who has received training recognized by the department.

(2) If the person under arrest refused to submit to one or more tests as provided in this section, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of alcohol and drugs. *The trier of fact may infer from the refusal that the person was under the influence. The inference is rebuttable.*

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs."

A part of a day, including the day of admission, counts as a full day. The day of discharge or death is not counted as a day. If admission and discharge or death occur on the same day, the day is considered a day of admission and counted as one inpatient bed day. Inpatient bed days include all inpatient hospital benefit days as defined for medicare reporting purposes in section 216 of the centers for medicaid and medicare services publication 10, the Hospital Manual. Inpatient bed days also include all nursery days during which a newborn infant receives care in a nursery.

(b) The term does not include observation days or days of care in a swing bed, as defined in 50-5-101.

(3) "Patient" means an individual obtaining skilled medical and nursing services in a hospital. The term includes newborn infants.

(4) "Report" means the report of inpatient bed days required in [section 3].

(5) "Utilization fee" or "fee" means the fee required to be paid for each inpatient bed day, as provided in [section 2].

Section 2. Utilization fee for inpatient bed days. (1) Each hospital in the state shall pay to the department a utilization fee in the amount of:

(a) $32.44 for each inpatient bed day between July 1, 2003, and December 31, 2003; and

(b) $19.43 for each inpatient bed day between January 1, 2004, and June 30, 2005.

(2) (a) All proceeds from the collection of utilization fees, including penalties and interest, must be deposited to the credit of the department of public health and human services in a state special revenue fund as provided in [section 14].

(b) A hospital may not place a fee created in [sections 1 through 13] on a patient's bill.

Section 3. Reporting and collection of fee. (1) (a) On or before January 31, 2004, a hospital shall file with the department an annual report of the number of inpatient bed days in the hospital during the 6-month period beginning July 1, 2003, and ending December 31, 2003. The report must be in the form prescribed by the department. The report must be accompanied by a payment in an amount equal to the fee required to be paid under [section 2(1)(a)].

(b) On or before January 31, 2004, the department of public health and human services shall provide the department with a list of hospitals licensed and operating in the state during the 6-month period beginning July 1, 2003, and ending December 31, 2003.

(2) (a) Except as provided in subsection (1), on or before January 31 of each year, a hospital shall file with the department an annual report of the number of inpatient bed days during the preceding year beginning January 1 and ending December 31. The report must be in the form prescribed by the department. The report must be accompanied by a payment in an amount equal to the fee required to be paid under [section 2(1)(b)].

(b) Except as provided in subsection (1), on or before January 31 of each year, the department of public health and human services shall provide the department with a list of hospitals licensed and operating in the state during the preceding year beginning January 1 and ending December 31.

Section 4. Audit — records. (1) The department may audit the records and other documents of any hospital to ensure that the proper utilization fee has been collected.

(2) The department may require the hospital to provide records and other documentation, including books, ledgers, and registers, necessary for the department to verify the proper amount of the utilization fee paid.

(3) A hospital shall maintain and make available for inspection by the department sufficient records and other documentation to demonstrate the number of inpatient bed days in the facility subject to the utilization fee. The facility shall maintain these records for a period of at least 5 years from the date the report is due.

Section 5. Periods of limitation. (1) Except as otherwise provided in this section, a deficiency may not be assessed or collected with respect to the year for which a report is filed unless the notice of additional fees proposed to be assessed

is mailed within 5 years from the date the report was filed. For the purposes of this section, a report filed before the last day prescribed for filing is considered filed on the last day. If, before the expiration of the period prescribed for assessment of the fee, the hospital consents in writing to an assessment after the 5-year period, the fee may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be paid or allowed with respect to the year for which a report is filed after 5 years from the last day prescribed for filing the report or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period, the hospital files a claim or the department has determined the existence of the overpayment and has approved the refund or credit. If the hospital has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period within which a claim for refund or credit is filed or a credit or refund is allowed if a claim is not filed is automatically extended.

Section 6. Penalty and interest for delinquent fees — waiver. If the fee for any hospital is not paid on or before the due date of the report as provided in [section 3], penalty and interest, as provided in 15-1-216, must be added to the fee.

Section 7. Estimated fee on failure to file. For the purpose of ascertaining the correctness of any report or for the purpose of making an estimate of inpatient bed day use of any hospital for which information has been obtained, the department may:

(1) examine or cause to have examined by any designated agent or representative any books, papers, records, or memoranda bearing upon the matters required to be included in the report;

(2) require the attendance of any officer or employee of the facility rendering the report or the attendance of any other person in the premises having relevant knowledge; and

(3) take testimony and require production of any other material for its information.

Section 8. Deficiency assessment — hearing. (1) If the department determines that the amount of fees due is greater than the amount disclosed by the report, it shall mail to the hospital a notice of the additional fees proposed to be assessed. Within 30 days after the mailing of the notice, the hospital may file with the department a written protest against the proposed additional fees, setting forth the grounds upon which the protest is based, and may request in its protest an oral hearing or an opportunity to present additional evidence relating to its fees liability. If a protest is not filed, the amount of the additional fees proposed to be assessed becomes final upon the expiration of the 30-day period. If a protest is filed, the department shall reconsider the proposed assessment and, if the hospital has requested, shall grant the hospital an oral hearing. After consideration of the protest and the evidence presented at an oral hearing, the department's action upon the protest is final when it mails notice of its action to the hospital.

(2) When a deficiency is determined and the fees become final, the department shall mail notice and demand for payment to the hospital, and the fees become due and payable at the expiration of 10 days from the date of the notice and demand. Any deficiency assessment bears interest from the date

specified in [section 3] for payment of the fees. A certificate by the department of the mailing of the notices specified in this section is prima facie evidence of the computation and levy of the deficiency in the fees and of the giving of the notice.

Section 9. Closing agreements. (1) The director of the department or any person authorized in writing by the director may enter into an agreement with a hospital relating to the liability of the hospital with respect to the fees imposed by [sections 1 through 13] for any period.

(2) An agreement under this section is final and conclusive and, except upon a showing of fraud or malfeasance or misrepresentation of a material fact:

(a) in a case involving the agreement, the agreement may not be reopened as to matters agreed upon or modified by any officer, employee, or agent of this state; and

(b) the agreement may not be annulled, modified, set aside, or disregarded in any suit, action, or proceeding concerning the agreement or concerning any determination, assessment, collection, payment, abatement, refund, or credit made in accordance with the agreement.

Section 10. Credit for overpayment — interest on overpayment. (1) If the department determines that the amount of fees, penalty, or interest due for any period is less than the amount paid, the amount of the overpayment must be credited against any fees, penalty, or interest due from the hospital at that time and the balance must be refunded to the hospital or its successor through reorganization, merger, or consolidation or to its shareholders upon dissolution.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on unpaid taxes, as provided in 15-1-216, from the due date of the report or from the date of overpayment, whichever date is later, to the date the department approves refunding or crediting of the overpayment. Interest does not accrue during any period during which the processing of a claim for refund is delayed more than 30 days by reason of failure of the hospital to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(3) Interest is not allowed:

(a) if the overpayment is refunded within 6 months from the date the report is due or from the date the return is filed, whichever is later; or

(b) if the amount of interest is less than $1.

(4) A payment not made incident to a discharge of actual utilization fee liability or a payment reasonably assumed to be imposed by [sections 1 through 13] is not considered an overpayment with respect to which interest is allowable.

Section 11. Warrant for distraint. If the utilization fee is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

Section 12. Relation to other taxes and fees. The utilization fee imposed under [section 2] is in addition to any other taxes and fees required to be paid by hospitals.

Section 13. Rulemaking. The department may adopt rules necessary to implement and administer [sections 1 through 13].

Section 14. State special revenue fund account — administration. (1) There is a hospital medicaid reimbursement account in the state special revenue fund provided for in 17-2-102.

(2) All money collected under [section 2] must be deposited in the account.

(3) Money in the account must be used by the department of public health and human services to provide funding for increases in medicaid payments to hospitals and for the costs of collection of the fee and other administrative activities associated with the implementation of increases in the medicaid payments to hospitals.

Section 15. Appropriation. (1) The following money is appropriated to the department of public health and human services from the account in the state special revenue fund created in [section 14] to fund increases in medicaid payments to hospitals:

Fiscal Year 2004	$ 7,225,925
Fiscal Year 2005	$ 8,732,387

(2) The following money is appropriated to the department of public health and human services from the federal special revenue fund to match state special revenue in subsection (1) to fund increases in medicaid payments to hospitals:

Fiscal Year 2004	$19,418,341
Fiscal Year 2005	$22,941,125

(3) The increases to medicaid payments must be distributed no later than February 28 of each fiscal year.

Section 16. Codification instruction. (1) [Sections 1 through 13] are intended to be codified as an integral part of Title 15, and the provisions of Title 15 apply to [sections 1 through 13].

(2) [Section 14] is intended to be codified as an integral part of Title 53, chapter 6, and the provisions of Title 53, chapter 6, apply to [section 14].

Section 17. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 18. Contingent voidness — payment of fees. (1) If federal law or policy is amended so that the utilization fees collected pursuant to [sections 1 through 13] may not be considered as the state's share in claiming federal financial participation under the medicaid program, [sections 1 through 13] are void as of the effective date of the change in federal law or policy.

(2) If the federal government refuses to participate in or denies approval of any plan for medicaid payments to hospitals on grounds that it considers the payments to be reimbursement to facilities for payment of the utilization fees, [sections 1 through 13] are void as of the date of receipt by the department of public health and human services of notice of an official determination of any refusal or denial.

(3) If the federal government determines that a part of [sections 1 through 13] violates federal law or regulations, that part is void as of the date of receipt by the department of public health and human services of notice of an official determination by the federal government. All valid parts of [sections 1 through 13] remain in effect. If the federal government determines that a part of [sections 1 through 13] violates federal law or regulations in one or more of its

applications, then the department of public health and human services may not administer [sections 1 through 13] in a manner that violates the pertinent federal law or regulations after the date of receipt by the department of public health and human services of notice of an official determination by the federal government. All valid applications remain in effect.

(4) If [sections 1 through 13] or any part of [sections 1 through 13] imposing a fee on a specific facility becomes void under the provisions of this section, all fees due, received, or collected by the department of revenue prior to the date upon which [sections 1 through 13] or any part of [sections 1 through 13] becomes void must be paid and deposited in accordance with [section 2] and a person or party may not receive a refund of any fees received or collected by the department of revenue prior to the date upon which [sections 1 through 13] or any part of [sections 1 through 13] becomes void. Any fees owing as of the date on which [sections 1 through 13] becomes void are considered waived.

(5) The department of public health and human services shall notify the code commissioner of the occurrence of any determination made pursuant to subsection (1) or (2) and the date of the occurrence.

Section 19. Effective date. [This act] is effective July 1, 2003.

The report must be on forms and contain information specified by the department. Information received by the department through reports, inspections, or provisions of parts 1 and 2 may not be disclosed in a way which would identify patients. Applications by health care facilities for certificates of need and any information relevant to review of these applications, pursuant to part 3, must be accessible to the public."

Section 5. Section 50-16-201, MCA, is amended to read:

"50-16-201. Definitions. As used in this part, the following definitions apply:

(1) (a) "Data" means written reports, notes, or records or oral reports or proceedings created by or at the request of a utilization review, peer review, medical ethics review, quality assurance, or quality improvement committee of a health care facility that are used exclusively in connection with *quality assessment or improvement activities, including* the professional training, supervision, or discipline of a medical practitioner by a health care facility.

(b) The term does not include*:*

(i) incident reports or occurrence reports*; or*

(ii) health care information that is used in whole or in part to make decisions about an individual who is the subject of the health care information.

(2) "Health care facility" has the meaning provided in 50-5-101.

(3) *(a)* "Incident reports" or "occurrence reports" means a written business record of a health care facility, created in response to an untoward event, such as a patient injury, adverse outcome, or interventional error, in order to ensure a prompt evaluation of the event.

(b) The terms do not include any subsequent evaluation of the event in response to an incident report or occurrence report by a utilization review, peer review, medical ethics review, quality assurance, or quality improvement committee.

(4) "Medical practitioner" means an individual licensed by the state of Montana to engage in the practice of medicine, osteopathy, podiatry, optometry, or a nursing specialty described in 37-8-202(5) or licensed as a physician assistant-certified pursuant to 37-20-203."

Section 6. Section 50-16-502, MCA, is amended to read:

"50-16-502. Legislative findings. The legislature finds that:

(1) health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy and health care or other interests;

(2) patients need access to their own health care information as a matter of fairness, to enable them to make informed decisions about their health care and to correct inaccurate or incomplete information about themselves;

(3) in order to retain the full trust and confidence of patients, health care providers have an interest in ~~assuring~~ *ensuring* that health care information is not improperly disclosed and in having clear and certain rules for the disclosure of health care information;

(4) persons other than health care providers obtain, use, and disclose health record information in many different contexts and for many different purposes. It is the public policy of this state that a patient's interest in the proper use and disclosure of ~~his~~ *the patient's* health care information survives even when the information is held by persons other than health care providers.

(5) the movement of patients and their health care information across state lines, access to and exchange of health care information from automated data banks, and the emergence of multistate health care providers creates a compelling need for uniform law, rules, and procedures governing the use and disclosure of health care information.

(6) the enactment of federal health care privacy legislation and the adoption of rules pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. 1320d, et seq., require health care providers subject to that legislation to provide significant privacy protection for health care information and the provisions of this part are no longer necessary for those health care providers; and

(7) because the provisions of HIPAA do not apply to some health care providers, it is important that these health care providers continue to adhere to this part."

Section 7. Section 50-16-504, MCA, is amended to read:

"50-16-504. Definitions. As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Audit" means an assessment, evaluation, determination, or investigation of a health care provider by a person not employed by or affiliated with the provider, to determine compliance with:

(a) statutory, regulatory, fiscal, medical, or scientific standards;

(b) a private or public program of payments to a health care provider; or

(c) requirements for licensing, accreditation, or certification.

(2) "Directory information" means information disclosing the presence and the general health condition of a patient who is an inpatient in a health care facility or who is receiving emergency health care in a health care facility.

(3) "General health condition" means the patient's health status described in terms of critical, poor, fair, good, excellent, or terms denoting similar conditions.

(4) "Health care" means any care, service, or procedure provided by a health care provider, including medical or psychological diagnosis, treatment, evaluation, advice, or other services that affect the structure or any function of the human body.

(5) "Health care facility" means a hospital, clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(6) "Health care information" means any information, whether oral or recorded in any form or medium, that identifies or can readily be associated with the identity of a patient and relates to the patient's health care. The term includes any record of disclosures of health care information.

(2) Nothing in this part authorizes the disclosure of health care information by compulsory legal process or discovery in any judicial, legislative, or administrative proceeding where disclosure is otherwise prohibited by law."

Section 10. Section 50-16-1009, MCA, is amended to read:

~~(2) A local board, local health officer, or the department may disclose the identity of the subject of an HIV-related test or the test results only to the extent allowed by the Government Health Care Information Act, Title 50, chapter 16, part 6, unless it is in possession of that information because a health care provider employed by it provided health care to the subject, in which case the Uniform Health Care Information Act governs the release of that information.~~

~~(3)~~*(2)* If a health care provider informs the subject of an HIV-related test that the results are positive, the provider shall encourage the subject to notify persons who are potential contacts. If the subject is unable or unwilling to notify all contacts, the health care provider may ask the subject to disclose voluntarily the identities of the contacts and to authorize notification of those contacts by a health care provider. A notification may state only that the contact may have been exposed to HIV and may not include the time or place of possible exposure or the identity of the subject of the test.

~~(4)~~*(3)* A person who discloses or compels another to disclose confidential health care information in violation of this section is guilty of a misdemeanor punishable by a fine of $1,000 or imprisonment for 1 year, or both."

Section 11. Section 50-19-402, MCA, is amended to read:

"50-19-402. Statement of policy — access to information. (1) The prevention of fetal, infant, and child deaths is both the policy of the state of Montana and a community responsibility. Many community professionals have expertise that can be used to promote the health, safety, and welfare of fetuses, infants, and children. The use of these professionals in reviewing fetal, infant, and child deaths can lead to a greater understanding of the causes of death and the methods of preventing deaths. It is the intent of the legislature to encourage local communities to establish voluntary multidisciplinary fetal, infant, and child mortality review teams to study the incidence and causes of fetal, infant, and child deaths.

(2) A health care provider may disclose information about a patient without the patient's authorization or without the authorization of the representative of a patient who is deceased upon request of a local fetal, infant, and child mortality review team. The review team may request and may receive information from a county attorney as provided in 44-5-303(4) and from a health care provider as ~~provided~~ *permitted* in ~~50-16-525 after the review team has considered whether the disclosure of the information by the provider satisfies the criteria provided in 50-16-529(6)~~ *Title 50, chapter 16, part 5, or applicable federal law*. The review team shall maintain the confidentiality of the information received.

(3) The local fetal, infant, and child mortality review team may only:

(a) compile statistics of fetal, infant, and child mortality;

(b) analyze the preventable causes of fetal, infant, and child deaths, including child abuse and neglect; and

(c) recommend measures to prevent future fetal, infant, and child deaths."

Section 12. Section 50-19-405, MCA, is amended to read:

"50-19-405. Unauthorized disclosure by review team member — civil penalty. A person aggrieved by the use of information obtained pursuant to 50-19-402(2) for a purpose not authorized by 50-19-402(3) or by a disclosure of that information in violation of 50-19-402(2) by a member of a local fetal, infant, and child mortality review team may bring a civil action in the district court of the county of the person's residence for damages, costs, and fees as provided in 50-16-553(6) through (8) *or [section 23]*."

Section 13. Section 50-19-406, MCA, is amended to read:

"50-19-406. Unauthorized disclosure by review team member — misdemeanor. A member of a local fetal, infant, and child mortality review team who knowingly uses information obtained pursuant to 50-19-402(2) for a purpose not authorized by 50-19-402(3) or who discloses that information in violation of 50-19-402(2) is guilty of a misdemeanor and upon conviction is punishable as provided in ~~50-16-551~~ *46-18-212*."

Section 14. Section 53-24-306, MCA, is amended to read:

"53-24-306. Records of chemically dependent persons, intoxicated persons, and family members. (1) The registration and other records of treatment facilities shall remain confidential and are privileged to the patient.

(2) Notwithstanding subsection (1), the department may make available in accordance with Title 50, chapter 16, part 5, *or other applicable law* information from patients' records for purposes of research into the causes and treatment of chemical dependency. Information under this subsection ~~shall~~ *may* not be published in a way that discloses patients' names or other identifying information."

Section 15. Legislative findings. The legislature finds that:

(1) health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy and health care or other interests;

(2) the enactment of federal health care privacy legislation and the adoption of rules pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. 1320d, et seq., provide significant privacy protection for health care information with respect to health care providers subject to HIPAA;

(3) for health care providers subject to the health care information privacy protections of HIPAA, the applicability of the provisions of Title 50, chapter 16, part 5, relating to health care privacy is unnecessary and may result in significant practical difficulties;

(4) it is in the best interest of the citizens of Montana to have certain requirements, with respect to the use or release of health care information by health care providers, that are more restrictive than or additional to the health care privacy protections of HIPAA.

Section 16. Applicability. [Sections 15 through 24] apply only to health care providers subject to the health care information privacy protections of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. 1320d, et seq., and administrative rules adopted in connection with HIPAA.

Section 17. Definitions. As used in [sections 15 through 24], unless the context indicates otherwise, the following definitions apply:

If there is no personal representative or upon discharge of the personal representative, a deceased patient's rights under this part may be exercised by the surviving spouse, a parent, an adult child, an adult sibling, or any other person who is authorized by law to act for the deceased person.

Section 19. Disclosure of information for workers' compensation and occupational disease claims and law enforcement purposes. (1) To the extent provided in 39-71-604 and 50-16-527, a signed claim for workers' compensation or occupational disease benefits authorizes disclosure to the workers' compensation insurer, as defined in 39-71-116, by the health care provider.

(2) A health care provider may disclose health care information about an individual for law enforcement purposes if the disclosure is to:

(a) federal, state, or local law enforcement authorities to the extent required by law; or

(b) a law enforcement officer about the general physical condition of a patient being treated in a health care facility if the patient was injured by the possible criminal act of another.

Section 20. When health care information available by compulsory process. (1) Health care information may not be disclosed by a health care provider pursuant to compulsory legal process or discovery in any judicial, legislative, or administrative proceeding unless:

(a) the patient has authorized in writing the release of the health care information in response to compulsory process or a discovery request;

(b) the patient has waived the right to claim confidentiality for the health care information sought;

(c) the patient is a party to the proceeding and has placed the patient's physical or mental condition in issue;

(h) a court has determined that particular health care information is subject to compulsory legal process or discovery because the party seeking the information has demonstrated that there is a compelling state interest that outweighs the patient's privacy interest; or

(i) the health care information is requested pursuant to an investigative subpoena issued under 46-4-301 or similar federal law.

(2) [Sections 15 through 24] do not authorize the disclosure of health care information by compulsory legal process or discovery in any judicial, legislative, or administrative proceeding where disclosure is otherwise prohibited by law.

Section 21. Method of compulsory process. (1) Unless the court for good cause shown determines that the notification should be waived or modified, if health care information is sought under [section 20(1)(b), (1)(d), or (1)(e)] or in a civil proceeding or investigation under [section 20(1)(h)], the person seeking compulsory process or discovery shall mail a notice by first-class mail to the patient or the patient's attorney of record of the compulsory process or discovery request at least 10 days before presenting the certificate required under subsection (2) of this section to the health care provider.

(2) Service of compulsory process or discovery requests upon a health care provider must be accompanied by a written certification, signed by the person seeking to obtain health care information or by the person's authorized representative, identifying at least one subsection of [section 20] under which compulsory process or discovery is being sought. The certification must also state, in the case of information sought under [section 20(1)(b), (1)(d), or (1)(e)] or in a civil proceeding under [section 20(1)(h)], that the requirements of

subsection (1) of this section for notice have been met. A person may sign the certification only if the person reasonably believes that the subsection of [section 20] identified in the certification provides an appropriate basis for the use of compulsory process or discovery. Unless otherwise ordered by the court, the health care provider shall maintain a copy of the process and the written certification as a permanent part of the patient's health care information.

(3) In response to service of compulsory process or discovery requests, when authorized by law, a health care provider may deny access to the requested health care information. If access to requested health care information is denied by the health care provider, the health care provider shall submit to the court by affidavit or other reasonable means an explanation of why the health care provider believes that the information should be protected from disclosure.

(4) When access to health care information is denied, the court may order disclosure of health care information, with or without restrictions as to its use, as the court considers necessary. In deciding whether to order disclosure, the court shall consider the explanation submitted by the health care provider and any arguments presented by interested parties.

(5) A health care provider required to disclose health care information pursuant to compulsory process may charge a reasonable fee, not to exceed the fee provided for in [section 22], and may deny examination or copying of the information until the fee is paid.

(6) Production of health care information under [section 20] and this section does not in itself constitute a waiver of any privilege, objection, or defense existing under other law or rule of evidence or procedure.

Section 22. Reasonable fees. Unless prohibited by federal law, a reasonable fee for providing copies of health care information may not exceed 50 cents for each page for a paper copy or photocopy. A reasonable fee may include an administrative fee that may not exceed $15 for searching and handling recorded health care information.

Section 23. Civil remedies. (1) A person aggrieved by a violation of [sections 15 through 24] may maintain an action for relief as provided in this section.

(2) The court may order the health care provider or other person to comply with [sections 15 through 24] and may order any other appropriate relief.

(3) A disciplinary or punitive action may not be taken against a health care provider or the provider's employee or agent who brings evidence of a violation of [sections 15 through 24] to the attention of the patient or an appropriate authority.

(4) If the court determines that there is a violation of [sections 15 through 24], the aggrieved person is entitled to recover damages for pecuniary losses sustained as a result of the violation and, in addition, if the violation results from willful or grossly negligent conduct, the aggrieved person may recover not in excess of $5,000, exclusive of any pecuniary loss.

(5) If a plaintiff prevails, the court may assess reasonable attorney fees and all other expenses reasonably incurred in the litigation.

(6) An action under [sections 15 through 24] is barred unless the action is commenced within 3 years after the cause of action accrues.

(7) A health care provider who relies in good faith upon certification pursuant to [section 21] is considered to have received reasonable assurances and is not liable for disclosures made in reliance on that certification.

Section 24. Good faith. A person authorized to act as a health care representative for an individual with respect to the individual's health care information shall act in good faith to represent the best interests of the individual.

Be it enacted by the Legislature of the State of Montana:

Section 1. Findings and purpose. The legislature finds that violations of 16-11-401 through 16-11-403 threaten the integrity of the tobacco master settlement agreement, the fiscal soundness of the state, and the public health. The legislature finds that enacting procedural enhancements will help prevent violations of 16-11-401 through 16-11-403 and will safeguard the master settlement agreement, the fiscal soundness of the state, and the public health.

Section 2. Definitions. As used in [sections 1 through 12], the following definitions apply:

(1) "Brand family" means all styles of cigarettes sold under the same trademark and differentiated from one another by means of additional modifiers or descriptors, including but not limited to "menthol", "lights", "kings", and "100s", and includes any use of a brand name (alone or in conjunction with any other word), trademark, logo, symbol, motto, selling message, recognizable pattern of colors, or any other indicia of product identification identical or similar to or identifiable with a previously known brand of cigarettes.

Section 3. Certifications. (1) Every tobacco product manufacturer whose cigarettes are sold in this state, whether directly or through a wholesaler, distributor, retailer, or similar intermediary or intermediaries, shall execute and deliver, on a form prescribed by the attorney general, a certification to the director of the department and the attorney general, no later than April 30 of each year, certifying under penalty of perjury that, as of the date of the certification, the tobacco product manufacturer either is a participating manufacturer or is in full compliance with 16-11-403.

(2) A participating manufacturer must include in its certification a list of its brand families.

(3) (a) A nonparticipating manufacturer must include in its certification a list of all of its brand families, the number of units sold in the state during the preceding calendar year for each brand family, and a list of all of its brand families that have been sold in the state at any time during the current calendar year.

(b) The certification must indicate by an asterisk any brand family sold in the state during the preceding calendar year that is no longer being sold in the state as of the date of the certification.

(c) The certification must identify by name and address any other manufacturer of the brand families in the preceding or current calendar year.

(4) A tobacco product manufacturer must update its list of brand families 30 calendar days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the attorney general and the director of the department.

(5) A nonparticipating manufacturer shall further certify:

(a) that the nonparticipating manufacturer is registered to do business in the state and has appointed an agent for service of process and has provided notice as required by [section 6];

(b) that the nonparticipating manufacturer has:

(i) established and continues to maintain a qualified escrow fund; and

(ii) executed a qualified escrow agreement that has been reviewed and approved by the attorney general and that governs the qualified escrow fund;

(c) that the nonparticipating manufacturer is in full compliance with 16-11-403 and this section and any rules adopted pursuant to 16-11-403 and this section;

(d) (i) the name, address, and telephone number of the financial institution where the nonparticipating manufacturer has established the qualified escrow fund required by 16-11-403 and all rules adopted pursuant to 16-11-403;

(ii) the account number of the qualified escrow fund and any subaccount number for the state of Montana;

(iii) the amount the nonparticipating manufacturer placed in the qualified escrow fund for cigarettes sold in the state during the preceding calendar year, the date and amount of each deposit, and any evidence or verification considered necessary by the attorney general to confirm the provisions of this subsection (5)(d)(iii); and

(iv) the amounts and dates of any withdrawal or transfer of funds that the nonparticipating manufacturer made at any time from the qualified escrow fund or from any other qualified escrow fund into which the nonparticipating manufacturer ever made escrow payments pursuant to 16-11-403 and all rules adopted pursuant to 16-11-403.

(6) A tobacco product manufacturer may not include a brand family in its certification unless:

(a) in the case of a participating manufacturer, the participating manufacturer affirms that the brand family is to be considered its cigarettes for purposes of calculating its payments under the master settlement agreement for the relevant year, in the volume and shares determined pursuant to the master settlement agreement; and

(b) in the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the brand family is to be considered to be its cigarettes for purposes of 16-11-403.

(7) [Sections 1 through 12] may not be construed to limit or otherwise affect the state's right to maintain that a brand family constitutes cigarettes of a

different tobacco product manufacturer for purposes of calculating payment under the master settlement agreement or for purposes of 16-11-401 through 16-11-403.

(8) A tobacco product manufacturer shall maintain all invoices and documentation of sales and other similar information relied upon for its certifications for a period of 5 years unless otherwise required by law to maintain them for a longer period of time.

Section 4. Directory of cigarettes approved for stamping and sale. (1) Not later than [90 days after the effective date of this section], the attorney general shall develop and publish on the attorney general's website a directory listing all tobacco product manufacturers that have provided current and accurate certifications conforming to the requirements of [section 3] and all brand families that are listed in the certifications, except as otherwise provided in this section.

(2) The attorney general may not include or retain in the directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the attorney general determines is not in compliance with [section 3], unless the attorney general has determined that the violation has been cured to the satisfaction of the attorney general.

(3) Neither a tobacco product manufacturer nor a brand family may be included or retained in the directory if the attorney general concludes, in the case of a nonparticipating manufacturer that:

(a) an escrow payment required pursuant to 16-11-403 for any period for any brand family, whether or not listed by the nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the attorney general; or

(b) an outstanding final judgment, including interest on the judgment, for a violation of 16-11-403 has not been fully satisfied for the brand family or the manufacturer.

(4) The attorney general shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of [sections 1 through 12]. The attorney general shall post in the directory and transmit by electronic mail and certified mail, return receipt requested, to each wholesaler notice of the intended removal from the directory of a tobacco product manufacturer or brand family no less than 30 days prior to the removal. During that period, cigarettes of the tobacco product manufacturer or brand family subject to the notice are contraband under 16-11-147 and the affixing of tax insignia to or the sale or possession for sale of the cigarettes is unlawful as provided in [section 5], except that, notwithstanding the provisions of 16-11-147 and [section 5]:

(a) a wholesaler may affix tax insignia to, possess for sale, or sell at wholesale cigarettes of any tobacco product manufacturer or brand family subject to notice of removal under this subsection (4) if the cigarettes were shipped to the wholesaler on or before the date of issuance of the notice and if the total number of the cigarettes sold by the wholesaler following issuance of the notice of removal and prior to reinstatement of the tobacco product manufacturer or brand family in the directory does not exceed a number that is the average of the number of cigarettes of the tobacco product manufacturer or

brand family sold by the wholesaler during each of the 3 months preceding the issuance of the notice; and

(b) a licensed seller at retail may possess and sell cigarettes of a tobacco product manufacturer or brand family that the attorney general has removed from the directory or that is subject to notice of removal if the cigarettes were lawfully shipped to the retailer before the issuance of the notice of removal or after the issuance of notice of removal but before the attorney general removes the tobacco product manufacturer or brand family from the directory. A contract with a tobacco product manufacturer that has been removed from the directory that purports to require, contemplate, or provide for delivery of cigarettes or tobacco products in any applicable brand family after the date of removal from the directory is not valid or enforceable.

(5) Every wholesaler must provide and update as necessary an electronic mail address to the attorney general for the purpose of receiving any notifications required by [sections 1 through 12].

Section 5. Prohibition against stamping or sale of cigarettes not in directory. It is unlawful for any person to:

(1) affix a tax insignia to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory; or

(2) sell, offer for sale, or possess for sale in this state cigarettes of a tobacco product manufacturer or brand family not included in the directory.

Section 6. Agent for service of process. (1) Any nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity must, as a condition precedent to having its brand families included or retained in the directory, appoint and continually engage without interruption the services of an agent in this state to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of [sections 1 through 12] and 16-11-403, may be served in any manner authorized by law. The service constitutes legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer must provide the name, address, phone number, and proof of the appointment and availability of the agent to the satisfaction of the attorney general.

(2) The nonparticipating manufacturer must provide notice to the attorney general at least 30 calendar days prior to termination of the authority of an agent and must further provide proof to the satisfaction of the attorney general of the appointment of a new agent no less than 5 calendar days prior to the termination of an existing agent appointment. If an agent terminates an agency appointment, the nonparticipating manufacturer must notify the attorney general of the termination within 5 calendar days and include proof to the satisfaction of the attorney general of the appointment of a new agent.

Section 7. Reporting of information. (1) Not later than 20 calendar days after the end of each calendar quarter and more frequently if directed by the attorney general, each wholesaler shall submit information that the attorney general requires to facilitate compliance with this section by nonparticipating manufacturers, including but not limited to a list by brand family of the total number of nonparticipating manufacturer cigarettes or, in the case of nonparticipating manufacturer roll-your-own tobacco, the equivalent amount of tobacco, calculated as provided in 16-11-402(4), on which the wholesaler precollected tax as provided in 16-11-113 or 16-11-203 and that the wholesaler

sold during the period covered by the report. The wholesaler shall maintain and make available to the attorney general all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the attorney general for a period of 5 years.

(2) The department is authorized to disclose to the attorney general any information received by it and requested by the attorney general for purposes of determining compliance with and enforcing the provisions of [sections 1 through 12]. The department and attorney general shall share the information received under [sections 1 through 12] with each other and may share the information with other federal, state, or local agencies only for the purposes of enforcement of [sections 1 through 12], 16-11-403, or the corresponding laws of other states.

(3) The attorney general may require at any time from the nonparticipating manufacturer proof from the financial institution in which the manufacturer has established a qualified escrow fund for the purpose of compliance with 16-11-403 of:

(a) the amount of money in the fund, exclusive of interest;

(b) the amount and dates of each deposit to the fund; and

(c) the amount and dates of each withdrawal from the fund.

(4) In addition to the information required to be submitted pursuant to subsections (1) through (3), the attorney general may require a wholesaler or tobacco product manufacturer to submit any additional information, including but not limited to samples of the packaging or labeling of each brand family, to enable the attorney general to determine whether a tobacco product manufacturer or wholesaler is in compliance with [sections 1 through 12].

Section 8. Escrow installments. To promote compliance with the provisions of [sections 1 through 12], the attorney general may adopt rules requiring a tobacco product manufacturer to make the escrow deposits required in 16-11-403 in installments during the year in which the sales covered by the deposits are made. The attorney general may require production of information sufficient to enable the attorney general to determine the adequacy of the amount of the installment deposit.

Section 9. Penalties and other remedies. (1) In addition to any other civil or criminal remedy provided by law, upon a determination that a wholesaler has violated [section 5] or any rule adopted pursuant to that section, the license of the wholesaler may be revoked or suspended in the manner provided by 16-11-144, in a proceeding brought by the department or by the attorney general. For each violation of [section 5], a civil penalty in the amount of $250 for the first full or partial pack and $10 for each additional full or partial pack to which a tax insignia is affixed or that is sold, offered for sale, or possessed for sale in violation of [section 5] may be imposed. Each tax insignia affixed and each offer to sell cigarettes in violation of [section 5] constitutes a separate violation. The penalty may be imposed in the manner provided by 16-11-143(2) in a proceeding brought by the department or the attorney general.

(2) Any cigarettes that have been sold, offered for sale, or possessed for sale in this state in violation of [section 5] may be considered contraband under 16-11-147. The cigarettes are subject to seizure and forfeiture as provided in 16-11-147, and all cigarettes seized and forfeited must be destroyed and not resold.

(3) The attorney general may seek an injunction to restrain a threatened or actual violation of [section 5 or 7(1) or (4)] by a wholesaler and to compel the wholesaler to comply with those sections.

(4) In any action brought pursuant to [sections 1 through 12], the prevailing party is entitled to recover the costs of the action and reasonable attorney fees calculated as provided in [section 13]. If the state is the prevailing party, its recoverable costs must include the state's costs of investigation of the violation.

(5) (a) It is unlawful for a person to:

(i) sell or distribute cigarettes; or

(ii) acquire, hold, own, possess, transport, import, or cause to be imported cigarettes that the person knows or should know are intended for distribution or sale in the state in violation of [section 5].

(b) A violation of this section is a misdemeanor punishable as provided in 16-11-148.

(6) If a court determines that a person has violated [sections 1 through 12], the court shall order any profits, gain, gross receipts, or other benefit from the violation to be paid to the state treasurer for deposit in the trust fund created by Article XII, section 4, of the Montana constitution.

(7) Unless otherwise expressly provided, the remedies or penalties provided by [sections 1 through 12] are cumulative to each other and to the remedies or penalties available under all other laws of this state.

Section 10. Contested case and judicial review of attorney general determinations. A determination of the attorney general not to include or to remove from the directory a brand family or tobacco product manufacturer is subject to review by the attorney general or an employee of the department of justice designated by the attorney general to issue final decisions under [sections 1 through 12] in the manner prescribed by Title 2, chapter 4, part 6. The decision of the attorney general or designated employee constitutes the final agency decision, and judicial review may be sought from the final decision as provided in Title 2, chapter 4, part 7.

Section 11. Rules. The attorney general may adopt rules necessary to implement [sections 1 through 12].

Section 12. Construction. If a court of competent jurisdiction finds that the provisions of [sections 1 through 12] and of 16-11-401 through 16-11-403 conflict and cannot be harmonized, then the legislature intends the provisions of 16-11-401 through 16-11-403 to control. Except as specifically provided in [sections 1 through 12], the provisions of [sections 1 through 12] are not intended to and may not be interpreted to override the provisions of 16-11-401 through 16-11-403.

Section 13. Attorney fees and costs. (1) In an action under 16-11-403(2)(c), the court, upon a finding that a tobacco product manufacturer has failed to comply with its obligations under 16-11-403(1) or (2)(a), must award the attorney general the expenses incurred in investigating the claim, the costs of suit, and reasonable attorney fees. In cases in which outside counsel represents the attorney general, the attorney fees awarded must equal the outside counsel charges reasonably incurred by the attorney general for attorney fees and expenses in prosecuting the action. In all other cases, the attorney fees must be calculated by reference to the hourly rate charged by the agency legal services bureau for the provision of legal services to state agencies,

multiplied by the number of attorney hours devoted to the prosecution of the action, plus the actual cost of any expenses reasonably incurred in the prosecution of the action.

(2) Investigation expenses, attorney fees, and costs recovered under this section are allocated to the department of justice for deposit in the attorney general's major litigation account and may be used by the attorney general for any purpose for which funds appropriated to that account may be used. The funds are statutorily appropriated as provided in 17-7-502.

Section 14. Section 16-11-403, MCA, is amended to read:

(iii) in the case of a second knowing violation, be prohibited from selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary) for a period not to exceed 2 years. The person or agency placing the child shall notify the parents, parent, guardian, or other person having legal custody of the youth at the time the placement is made or as soon after placement as possible. Notification under this subsection must include the reason for removal, information regarding the show cause hearing, and the purpose of the show cause hearing.

(2) If a social worker of the department, a peace officer, or the county attorney determines in an investigation of abuse or neglect of a child that the child is in danger because of the occurrence of partner or family member assault, as provided for in 45-5-206, against an adult member of the household or that the child needs protection as a result of the occurrence of partner or family member assault against an adult member of the household, the department shall take appropriate steps for the protection of the child, which may include:

WHEREAS, the State Administration and Veterans' Affairs Interim Committee (SAIC) closely examined property tax, vehicle registration, and special license plate benefits available to veterans or their surviving spouses; and

WHEREAS, the SAIC finds that state statutory language providing disabled veterans with certain benefits based on a 100% disability rating from the U.S. Department of Veterans Affairs needs to be updated to account for veterans with less than a 100% disability rating but entitled to receive compensation at the 100% disability rate; and

WHEREAS, veterans and surviving spouses have requested closer parity between the vehicle registration and special license plate benefits available to various classes of veterans and inclusion of the surviving spouses of veterans killed while on active duty or who died as a result of a service-connected disability; and

WHEREAS, statutory provisions related to vehicle registration and special license plate fees should be simplified to the extent possible to streamline administration and address various other disparities.

Be it enacted by the Legislature of the State of Montana:

(p) department of natural resources and conservation payments in lieu of taxes pursuant to Title 77, chapter 1, part 5.

(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.

(b) The amount estimated pursuant to subsections (1) and (2)(a) is each local government's base year component. The sum of all local governments' base year components is the base year entitlement share pool. For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.

(3) (a) Beginning with fiscal year 2002 and in each succeeding fiscal year, the base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. For fiscal year 2002, the growth rate is 3%. For fiscal year 2003, the growth rate is 3% for incorporated cities and towns, 1.61% for counties, and 2.3% for consolidated local governments. Beginning with calendar year 2004, by October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) Before applying the growth rate for fiscal year 2004 to determine the fiscal year 2004 entitlement share pool, the department shall add to the fiscal year 2003 entitlement share pool the fiscal year 2003 amount of revenue actually distributed to the county from the 25-cent marriage license fee in 50-15-301 and the probation and parole fee in 46-23-1031(2)(b).

(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).

(b) (i) For fiscal year 2004 and subsequent fiscal years, the entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis beginning September 15, 2001.

(b) (i) For fiscal year 2002, the growth amount is the difference between the fiscal year 2002 entitlement share pool and the base year entitlement share pool. For fiscal year 2002, a county may have a negative base year component. For fiscal year 2003 and each succeeding fiscal year, the growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(vi) For fiscal year 2002, an amount equal to the district court costs identified in subsection (2) must be added to each county government's distribution from the entitlement share pool.

(vii) For fiscal year 2002, an amount equal to the district court fees identified in subsection (1)(d) must be subtracted from each county government's distribution from the entitlement share pool.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - # 2	731,614
Missoula	Missoula - 1-1B & 1-1C	1,100,507

Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
Yellowstone	Billings	436,815

(c) The entitlement share for industrial tax increment financing districts is as follows:

(i) for fiscal years 2002 and 2003:

Missoula County	Airport Industrial	$4,812
Silver Bow	Ramsay Industrial	597,594;

(ii) for fiscal years 2004 and 2005:

Missoula	County Airport Industrial	$2,406
Silver Bow	Ramsay Industrial	298,797; and

(iii) $0 for all succeeding fiscal years.

(d) The entitlement share for industrial tax increment financing districts referred to in subsection (6)(c) may not be used to pay debt service on tax increment bonds to the extent that the bonds are secured by a guaranty, a letter of credit, or a similar arrangement provided by or on behalf of an owner of property within the tax increment financing industrial district.

(e) One-half of the payments provided for in subsection (6)(c) must be made by July 30, and the other half must be made in December of each year.

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.

(8) The estimates for the base year entitlement share pool in subsection (1) must be calculated as if the fees in Chapter 515, Laws of 1999, were in effect for all of fiscal year 2001.

(9) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(p) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection (9)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(10) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(11) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(12) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211."

(3) (a) Except as provided in 61-3-479 and subsections (4)(c) and (4)(d) of this section, all number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the department. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For motorcycles, quadricycles, and light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(c) A light vehicle that is registered for a 24-month period, as provided in 61-3-315 and 61-3-560, may display the number plate and plate design in effect at the time of registration for the entire 24-month registration period.

(d) A motorcycle, quadricycle, or light vehicle that is permanently registered, as provided in 61-3-527 or 61-3-315 and 61-3-562, may display the number plate and plate design in effect at the time of registration for the entire period that the vehicle is permanently registered.

Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate

license plates, and generic specialty license plates, the distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(7) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

plates, numbered as provided in subsection (6), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. ~~The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, national guard veterans, legion of valor members, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:~~

61-3-332. (Effective July 1, 2005) Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle.

(2) In addition to special license plates and collegiate license plates authorized under this chapter, a separate series of number plates must be issued, in the manner specified, for each of the following vehicle or dealer types:

(a) passenger vehicles, including automobiles, vans, and sport utility vehicles;

(b) motorcycles and quadricycles, bearing the letters "MC" or "CYCLE";

(c) trucks, bearing the letter "T" or the word "TRUCK";

(d) trailers, bearing the letters "TR" or the word "TRAILER";

(e) dealers of new, or new and used, motor vehicles, including trucks and trailers, bearing the letter "D" or the word "DEALER";

(f) dealers of used motor vehicles only, including trucks and trailers, bearing the letters "UD" or the letter "U" and the word "DEALER";

(g) dealers of motorcycles or quadricycles, bearing the letters "MCD" or the letters "MC" and the word "DEALER";

(h) dealers of trailers or semitrailers, bearing the letters "DTR" or the letters "TR" and the word "DEALER"; and

(i) dealers of recreational vehicles, bearing the letters "RV" or the letter "R" and the word "DEALER".

(3) (a) Except as provided in subsections (4)(c) and (4)(d), all number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For motorcycles, quadricycles, and light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(c) A light vehicle that is registered for a 24-month period, as provided in 61-3-315 and 61-3-560, may display the number plate and plate design in effect at the time of registration for the entire 24-month registration period.

(d) A motorcycle, quadricycle, or light vehicle that is permanently registered, as provided in 61-3-527 or 61-3-315 and 61-3-562, may display the number plate and plate design in effect at the time of registration for the entire period that the vehicle is permanently registered.

(5) In the case of passenger vehicles and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(7) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder

Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463, must be a separate series of plates, numbered as provided in subsection (6), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. ~~The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, national guard veterans, legion of valor members, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:~~

"53-6-165. Definitions. As used in this part, unless expressly provided otherwise, the following definitions apply:

(1) "Department" means the department of public health and human services provided for in 2-15-2201.

(2) "Recipient" means an individual who has been determined by a medicaid agency to be eligible for medicaid benefits, whether or not the individual has actually received a benefit, or an individual who has received benefits, whether or not that person has been determined to be eligible.

(3) "Recoverable medical assistance" means a payment pursuant to this part, including but not limited to a payment made for items or services provided to and insurance premiums, deductibles, and coinsurance paid on behalf of a recipient who:

(a) during the recipient's lifetime, was an inpatient in a nursing facility, intermediate care facility for the ~~mentally retarded~~ *developmentally disabled*, or institution for mental disease and, with respect to that institutionalization, the department determined under 53-6-171 that the person was not reasonably expected to be discharged and return home; or

(b) was at least 55 years of age or younger if allowed by 42 U.S.C. 1396p, as may be amended, when the item or service was provided or when the insurance premium, deductible, or coinsurance was paid.

(4) "Recovery" means legal action brought for the payment or repayment of recoverable medical assistance or amounts of money paid for other purposes."

Section 3. Section 53-6-171, MCA, is amended to read:

"53-6-171. Department lien upon real property of certain medicaid recipients — conditions. (1) Following notice and opportunity for hearing as provided in 53-6-172, the department shall impose a lien upon the real property, including the home, of an institutionalized recipient of recoverable medical assistance to secure the assets of the recipient for recovery of medical assistance paid on behalf of the recipient prior to, on, or after the imposition of the lien if:

(a) the recipient has been admitted to a nursing facility, an intermediate care facility for the ~~mentally retarded~~ *developmentally disabled*, or an institution for mental disease;

(b) the property upon which a lien is being imposed is the recipient's home and the home is not lawfully resided in by:

(i) the recipient's spouse;

(ii) the recipient's child who is under 21 years of age, blind, or permanently and totally disabled; or

(iii) the recipient's sibling who was residing in the recipient's home for a period of at least 18 months immediately prior to the recipient's institutionalization; and

(c) the recipient has been determined by the department, pursuant to subsection (2), to be permanently institutionalized.

(2) A recipient is permanently institutionalized for purposes of subsection (1)(c) if the department determines that the recipient cannot reasonably be expected to be discharged from the facility and to return home. There is a rebuttable presumption that the recipient cannot reasonably be expected to be discharged from the facility and return home if the recipient or a representative of the recipient declares that there is no intent to return home or if the recipient has been institutionalized for 6 months or longer without a discharge plan. The recipient's institutionalization for a period of 6 months or longer without a discharge plan does not give rise to the presumption if the facility was required by law to adopt a discharge plan but failed to do so. A recipient or a recipient's representative who alleges that there is a reasonable expectation of discharge from the facility and a return home has the burden of demonstrating the reasonable expectation. The reasonable expectation must be established based upon medical evidence and medical opinion. A declaration by the recipient or a recipient's representative that the recipient intends to be discharged from the facility and to return home is not alone sufficient to establish that there is a reasonable expectation of discharge from the facility and a return home.

(3) For purposes of this section, real property of a recipient includes any interest in real property that may be subject to a judgment lien."

(2) "Health maintenance organization" means a ~~health maintenance organization as defined in 50-5-101.~~ *health maintenance organization as defined in 33-31-102*.

(3) (a) "Managed care community network" or "network" means an entity, other than a health maintenance organization, that provides or arranges for comprehensive physical or mental health care services under a contract with the department, that is reimbursed by a capitated rate or a fixed monetary amount for a specified time period with a risk of financial loss or a financial incentive to the entity, and that:

(i) contracts for an estimated annual value of $1 million or more of state and federal medicaid funds; or

(ii) operates statewide or covers 20% or more of the medicaid population.

(b) The term does not include a provider of health care services under a contract with the department on a fee-for-service basis.

(4) "Managed health care entity" or "entity" means a health maintenance organization or a managed care community network.

CHAPTER NO. 404

[SB 137]

AN ACT GENERALLY REVISING THE METHOD OF LEASING STATE TRUST LAND; AUTHORIZING THE LEASING OF STATE TRUST LAND FOR COMMERCIAL PURPOSES; ESTABLISHING PROCEDURES FOR COMMERCIAL LEASES; AUTHORIZING THE BOARD OF LAND COMMISSIONERS TO ADOPT RULES; REVISING CONSIDERATION FOR EASEMENTS; AMENDING SECTIONS 77-1-204, 77-2-106, 77-6-109, AND 77-6-503, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Declaration of policy and purpose. (1) Pursuant to Article X of the Montana constitution, the legislature declares that it is the policy of the state that state trust land is to be treated as a sacred trust and is subject to fiduciary principles in its management. It is the intent of the legislature that

state trust land be managed in the best financial interest of current and future individual beneficiaries for whom this land is managed and held.

(2) A purpose of this chapter is to implement Article X of the Montana constitution. To fulfill its commitment to the management of state trust land in the best long-term financial interests of the beneficiaries, the Montana legislature finds that the state can prudently maximize the long-term revenue accruing to the beneficiaries by issuing commercial leases on land where the chief value exists in its use for commercial purposes.

Section 2. Definitions. As used in [sections 1 through 12], unless the context requires otherwise, the following definitions apply:

(1) "Cancellation" means the cessation of a lessee's possessory rights and privileges under a lease due to the lessee's breach of some term of the lease, applicable statutes, or applicable administrative rules.

(2) "Commercial lease" means a contract to use state trust land for a commercial purpose.

(3) (a) "Commercial purpose" means an industrial enterprise, retail sales outlet, business and professional office building, warehouse, motel, hotel, hospitality enterprise, commercial or concentrated recreational use, multifamily residential development, and other similar business.

(b) The term does not include the following uses:

(i) agriculture;

(ii) grazing;

(iii) exploration or development of oil and gas, mineral, and geothermal resources;

(iv) single-family residences, home sites, and cabin sites; and

(v) utility rights-of-way.

(4) "Termination" means the automatic completion or ending of the term of a contract according to its provisions. Upon termination, the lessee ceases to have any possessory rights or privileges under a lease.

Section 3. Authority of board to determine development. The board shall determine how the development of state trust land for commercial purposes is to proceed before any state trust land is offered for lease. In making this determination, the board may consider the following factors:

(1) the purpose of any development or development plan;

(2) the allocation and location of specific uses of the land, including residential, commercial, industrial, recreational, or other appropriate uses;

(3) the densities and intensities of designated land uses;

(4) the timing and rate of development; and

(5) the timely delivery of adequate facilities and services, including water, wastewater collection and treatment systems, parks and public recreational facilities, drainage facilities, school sites, roads, and transportation facilities.

Section 4. Commercial leasing authorized. (1) State trust land may be leased for a term not to exceed 99 years for commercial purposes to the highest and best bidder responding to a department request for proposals for commercial uses of a specified tract.

(2) The board may enter into contracts with lessees of state trust land for commercial purposes upon terms and conditions that the board may reasonably determine to be in the best interests of the beneficiary.

(3) A request for proposals for the commercial leasing of state trust land must reserve the board's right to reject any and all bids and the right to reoffer the tract for lease if the bids received are not acceptable to the board.

Section 5. Rental provisions for commercial leasing — payments and credits — administration — lease options. (1) The first year's annual rental payment for state trust land leased for commercial purposes must be paid by cashier's check, and payment is due upon execution of the lease. The department may require the lessee of state trust land for commercial purposes to pay the department's cost of the request for proposals process, including publication and other reasonable expenses. Failure to pay the first year's rental at the time of lease execution must result in the cancellation of the lease and forfeiture of all money paid. In the event of cancellation or in the event that the successful proposer is offered and does not accept the lease, the board may enter into negotiations with other persons who submitted a proposal for commercial purposes in response to the department request for proposals on that tract.

(2) The board shall specify in any commercial lease an annual rental equal to the full market rental value of the land. The annual rent may not be less than the product of the appraised value of the land multiplied by a rate that is 2 percentage points a year less than the rate of return of the unified investment program administered by the board of investments pursuant to 17-6-201. The rate of return from the unified investment program used in this subsection must be determined no less than 30 days prior to the execution of the competitive bid. A commercial lease may include a rental adjustment formula established by the board that periodically adjusts the annual rent provided for in the lease at frequencies specified in the lease. The board may allow a credit against the annual rent due for payments made by the lessee on behalf of the state of Montana for construction of structures and improvements, special improvement district assessments, annexation fees, or other city or county fees attributable to the state's property interest in land leased for commercial purposes. The board may accept as lawful consideration in-kind payments of services or materials equal to the full market value of the rent calculated to be owed on any commercial lease. A lease issued under [sections 1 through 12] may include an amortization schedule to be used to determine the value to the lessee of improvements when the lease is terminated.

(3) The department may use up to 10% of the annual rent received from a commercial lease to contract with realtors, property managers, surveyors, legal counsel, or lease administrators to administer the commercial lease, either singly or in common with other leases, or to provide assistance to the department in the administration of commercial leases.

(4) In anticipation of entering into a commercial lease, the board may issue an option to lease at a rental rate that the board determines to be appropriate. An option to lease may not exceed a term of 2 years. An option to lease may not be construed to grant a right of immediate possession or control over the land but may only preserve the optionholder's exclusive right to obtain a commercial lease on the land in the future.

Section 6. Requirements for commercial lease — improvements. (1) The board shall require, subject to the board's supervision and jurisdiction, that the lessee be solely responsible for the expense of maintenance and operation of

the enterprise, business, or venture and all improvements made and constructed in support of any commercial purpose during the term of the lease. This requirement does not apply to the installation and construction by the lessee of infrastructure and improvements, such as public roads, parks, sewers, or utilities, if they were required by a local government as a condition of development.

(2) Upon expiration of the lease, the title to all permanent improvements and fixtures located on the leased property and used in the operation and maintenance of the enterprise vests in the state. The lease must describe in detail the manner and subject matter of the transfer to the state.

Section 7. Qualifications for commercial lessees — bonds. (1) Before accepting any offer for a commercial lease, the board shall establish, to its satisfaction, the financial capability of the person seeking the commercial lease and the legal authority of the person to conduct business in the state. Prior to executing a commercial lease, the board may require the posting of bonds, sureties, guarantees, or a letter of credit sufficient to ensure that the commercial purposes will be conducted as proposed with no harm to the financial interests of the beneficiaries.

(2) All commercial leases of which the commercial purpose includes the use of a hazardous substance as defined in 75-10-602 must be bonded to ensure a degree of cleanup of the hazardous substance that ensures protection of public health, safety, and welfare and of the environment in a manner that protects the long-term financial interest of the beneficiaries.

Section 8. Land use license issuance following reclassification. Following cancellation of a preexisting lease due to a reclassification pursuant to 77-1-401 through 77-1-403, the department may issue a land use license for the commercial lands reclassified for a term the department considers necessary to protect the income to the trust and to protect the state.

Section 9. Cancellation or termination of commercial lease. A commercial lease may be canceled at the option of the board or its designated representative for any violation of a lease provision. Upon cancellation or termination of a lease, the department may seek a new lessee in accordance with [sections 1 through 12]. If the costs of the commercial development have not been recovered by the state at the time of cancellation or termination, a subsequent lessee under this section shall reimburse the state for development costs, assessments, or fees only to the extent that the proportionate part of the costs, assessments, and fees to the state for obtaining the development have not been recovered.

Section 10. Encumbrance on leased land. (1) An encumbrance may not be placed upon the state's interest in land leased for commercial purposes.

(2) A commercial lease of state trust land may contain provisions that will permit the encumbering of the lessee's interest in the lease by mortgage or deed of trust.

Section 11. Notice and payment of assessments. (1) The lessee of a commercial lease on state trust land shall furnish to the department:

(a) officially certified descriptions of all state trust land included within the boundaries of a city or county improvement district that is the subject of the commercial lease; and

(b) a description and listing of the amount of assessments and charges of every character made against the leasehold interest of the lessee and the leasehold interest of the state, as soon as the assessments or charges are levied.

(2) A promise by the lessee to make timely payment of all assessment charges and an acknowledgment of the assessment must be inserted in any lease for state trust land.

(3) If assessments have been levied against any state trust land prior to commercial lease, the board shall require that all unpaid installments on assessments be paid to the improvement district before executing a lease.

(4) If an installment on an assessment or charge against the leasehold interest of the lessee of land subject to a commercial lease is not paid when due, the nonpayment constitutes a breach of the lease.

Section 12. Rulemaking. The board may adopt rules to:

(1) establish procedures for the issuance of requests for proposals for commercial purposes and the commercial leasing of state trust land;

(2) prescribe the form and content of commercial leases; and

(3) develop any other procedures necessary to fulfill the purposes of [sections 1 through 12] or to implement the commercial leasing of state trust land.

Section 2. Section 41-3-202, MCA, is amended to read:

"41-3-202. Action on reporting. (1) Upon receipt of a report that a child is or has been abused or neglected, the department shall promptly assess the information contained in the report and make a determination regarding the level of response required and the timeframe within which action must be initiated. If the department determines that an investigation is required, a social worker, the county attorney, or a peace officer shall promptly conduct a thorough investigation into the circumstances surrounding the allegations of abuse or neglect of the child. The investigation may include an investigation at the home of the child involved, the child's school or day-care facility, or any other place where the child is present and into all other nonfinancial matters that in the discretion of the investigator are relevant to the investigation. In conducting an investigation under this section, a social worker may not inquire into the financial status of the child's family or of any other person responsible for the child's care, except as necessary to ascertain eligibility for state or federal assistance programs or to comply with the provisions of 41-3-446.

(2) An initial investigation of alleged abuse or neglect may be conducted when an anonymous report is received. However, the investigation must within 48 hours develop independent, corroborative, and attributable information in order for the investigation to continue. Without the development of independent, corroborative, and attributable information, a child may not be removed from the home.

(3) The social worker is responsible for assessing the family and planning for the child. If the child is treated at a medical facility, the social worker, county attorney, or peace officer, consistent with reasonable medical practice, has the right of access to the child for interviews, photographs, and securing physical evidence and has the right of access to relevant hospital and medical records pertaining to the child. If a child interview is considered necessary, the social worker, county attorney, or peace officer may conduct an interview of the child. The interview may be conducted in the presence of the parent or guardian or an employee of the school or day-care facility attended by the child.

(4) Subject to 41-3-205(3), if the child's interview is audiotaped or videotaped, an unedited audiotape or videotape with audio track must be made available, upon request, for unencumbered review by the family.

(5) (a) If from the investigation the department has reasonable cause to suspect that the child suffered abuse or neglect, the department may provide protective services to the child pursuant to 41-3-301 and may provide protective services to any other child under the same care. The department shall:

(i) after interviewing the parent or guardian, if reasonably available, document its determination regarding abuse or neglect of a child; and

(ii) notify the child's family of its investigation and determination, unless the notification can reasonably be expected to result in harm to the child or other person.

(b) If from the investigation it is determined that the child has not suffered abuse or neglect and the initial report is determined to be unfounded, the

department and the social worker, county attorney, or peace officer who conducted the investigation into the circumstances surrounding the allegations of abuse or neglect shall destroy all of their records concerning the report and the investigation. The destruction must be completed within 30 days of the determination that the child has not suffered abuse or neglect.

(c) (i) If the report is unsubstantiated, the department and the social worker who conducted the investigation into the circumstances surrounding the initial allegations of abuse or neglect shall destroy all of the records, except for medical records, concerning the unsubstantiated report and the investigation within 30 days after the end of the 3-year period starting from the date the report was determined to be unsubstantiated, unless:

(A) there had been a previous or there is a subsequent substantiated report concerning the same person; or

(B) an order has been issued under this chapter based on the circumstances surrounding the initial allegations.

(ii) A person who is the subject of an unsubstantiated report that was made prior to [the effective date of this act] and after which a period of 3 years has elapsed without there being submitted a subsequent substantiated report or an order issued under this chapter based on the circumstances surrounding the initial allegations may request that the department destroy all of the records concerning the unsubstantiated report as provided in subsection (5)(c)(i).

(6) The investigating social worker, within 60 days of commencing an investigation, shall also furnish a written report to the department and, upon request, to the family. Subject to ~~subsection~~ *subsections* (5)(b) *and (5)(c),* the department shall maintain a record system documenting investigations and determinations of child abuse and neglect cases.

(7) Any person reporting abuse or neglect that involves acts or omissions on the part of a public or private residential institution, home, facility, or agency is responsible for ensuring that the report is made to the department through its local office."

(c) If the noncompliance involves unauthorized persons residing in the rental unit, the notice period is 3 days.

(d) If the noncompliance is not listed in ~~subsection (1)(b) or (1)(c)~~ *subsection (1)(b) or (1)(c)*, the notice period is 14 days.

(e) If substantially the same act or omission that constituted a prior noncompliance of which notice was given recurs within 6 months, the landlord may terminate the rental agreement upon at least 5 days' written notice specifying the noncompliance and the date of the termination of the rental agreement.

(f) This subsection (1) does not apply to a rental agreement involving a tenant who rents space for a mobile home but does not rent the mobile home.

(2) If rent is unpaid when due and the tenant fails to pay rent within 3 days after written notice by the landlord of nonpayment and the landlord's intention to terminate the rental agreement if the rent is not paid within that period, the landlord may terminate the rental agreement. This subsection does not apply to a rental agreement involving a tenant who rents space for a mobile home but does not rent the mobile home.

(3) If the tenant destroys, defaces, damages, impairs, or removes any part of the premises in violation of 70-24-321(2), the landlord may terminate the rental

agreement upon giving 3 days' written notice specifying the noncompliance under the provisions of 70-24-321(2).

(4) If the tenant creates a reasonable potential that the premises may be damaged or destroyed or that neighboring tenants may be injured, as evidenced by the tenant being arrested for or charged with an act that violates the provisions of 70-24-321(3), the landlord may terminate the rental agreement upon giving 3 days' written notice specifying the violation and noncompliance under the provisions of 70-24-321(3).

~~(4)~~*(5)* Except as provided in this chapter, the landlord may recover actual damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or 70-24-321. Except as provided in subsection ~~(5)~~ *(6)*, if the tenant's noncompliance is purposeful, the landlord may recover treble damages.

~~(5)~~*(6)* Treble damages may not be recovered for the tenant's early termination of the tenancy.

~~(6)~~*(7)* Subsections (3) through ~~(5)~~ *(6)* apply to all rental agreements, including those involving a tenant who rents space for a mobile home but does not rent the mobile home.

~~(7)~~*(8)* The landlord is not bound by this section in the event that:

(a) the rental agreement does not involve a tenant who rents space for a mobile home but does not rent the mobile home; and

(b) the landlord elects to use the 30-day notice for termination of tenancy as provided in 70-24-441."

Section 4. Section 70-24-427, MCA, is amended to read:

"70-24-427. Landlord's remedies after termination — action for possession. (1) If the rental agreement is terminated, the landlord has a claim for possession and for rent and a separate claim for actual damages for any breach of the rental agreement.

(2) An action filed pursuant to subsection (1) in a court must be heard within 20 days after the tenant's appearance or the answer date stated in the summons, *except that if the rental agreement is terminated because of noncompliance under 70-24-321(3), the action must be heard within 5 business days after the tenant's appearance or the answer date stated in the summons.* If the action is appealed to the district court, the hearing must be held within 20 days after the case is transmitted to the district court, *except that if the rental agreement is terminated because of noncompliance under 70-24-321(3), the hearing must be held within 5 business days after the case is transmitted to the district court*.

(3) The landlord and tenant may stipulate to a continuance of the hearing beyond the time limit in subsection (2) without the necessity of an undertaking.

CHAPTER NO. 412

[SB 389]

AN ACT PROVIDING AN ALTERNATIVE DISPUTE RESOLUTION PROCEDURE FOR RESIDENTIAL CONSTRUCTION DISPUTES; REQUIRING A CLAIMANT WITH AN ALLEGED CONSTRUCTION DEFECT TO FILE A NOTICE OF CLAIM WITH THE CONSTRUCTION

PROFESSIONAL THAT THE CLAIMANT ASSERTS IS RESPONSIBLE FOR THE DEFECT AND PROVIDING THE CONSTRUCTION PROFESSIONAL WITH THE OPPORTUNITY TO RESOLVE THE CLAIM WITHOUT LITIGATION; LIMITING DAMAGES THAT CAN BE RECOVERED IN RESIDENTIAL CONSTRUCTION DISPUTES; AND AMENDING SECTION 27-2-208, MCA.

WHEREAS, the Legislature finds that Montana needs an alternative method to resolve legitimate construction disputes that would reduce the need for litigation while adequately protecting the rights of homeowners; and

WHEREAS, the Legislature determines that an effective alternative dispute resolution mechanism in certain construction defect matters should require the claimant to file a notice of claim with the construction professional that the claimant asserts is responsible for the defect and providing the construction professional with the opportunity to resolve the claim without litigation.

Be it enacted by the Legislature of the State of Montana:

Section 1. Residential construction disputes — definitions. As used in [sections 1 through 3], the following definitions apply:

(1) (a) "Action" means any civil lawsuit or action in contract or tort for damage or indemnity brought against a construction professional to assert a claim, whether by complaint, counterclaim, or cross-claim, for damage or the loss of use of real or personal property caused by a defect in the construction or remodeling of a residence.

(b) The term does not include a civil action in tort alleging personal injury or wrongful death to a person or persons resulting from a construction defect.

(2) "Association" means a unit owners' organization or a nonprofit corporation created to own and operate portions of a planned community that has the power to require unit owners to pay the costs and expenses incurred in the performance of the association's obligations.

(3) "Claimant" means a homeowner or association that asserts a claim against a construction professional concerning a defect in the construction or remodeling of a residence.

(4) "Construction defect" means a deficiency in or arising out of the supervision, construction, or remodeling of a residence that results from any of the following:

(a) defective materials, products, or components used in the construction or remodeling of a residence;

(b) violation of the applicable building, plumbing, or electrical codes in effect at the time of the construction or remodeling of a residence;

(c) failure to construct or remodel a residence in accordance with contract specifications or accepted trade standards.

(5) "Construction professional" means a builder, builder vendor, contractor, or subcontractor performing or furnishing the supervision of the construction or remodeling of any improvement to real property, whether operating as a sole proprietor, partnership, corporation, or other business entity.

(6) (a) "Homeowner" means:

(i) any person, company, firm, partnership, corporation, or association who contracts with a construction professional for the remodeling, construction, or construction and sale of a residence; or

(ii) an association as defined in this section.

(b) The term homeowner includes but is not limited to a subsequent purchaser of a residence from any homeowner.

(7) "Residence" means a single-family house or a unit in a multiunit residential structure in which title to each individual unit is transferred to the owner under a condominium or cooperative system.

(8) "Serve" or "service" means personal service or delivery by certified mail to the last-known address of the addressee.

Section 2. Residential construction disputes — notice and opportunity to repair — tolling of statute of limitations — presumption of compliance with construction standards. (1) Prior to commencing an action against a construction professional for a construction defect, the claimant shall serve written notice of claim on the construction professional. The notice of claim must state that the claimant asserts a construction defect claim against the construction professional and must describe the claim in reasonable detail sufficient to determine the general nature of the defect. If a written notice of claim is served under this section within the time prescribed for the filing of an action under 27-2-208, the statute of limitations for construction defect claims is tolled.

(2) Within 21 days after service of the notice of claim, the construction professional shall serve a written response on the claimant. The written response must:

(a) propose to inspect the residence that is the subject of the claim and to complete the inspection within a specified timeframe. The proposal must include the statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim;

(b) offer to compromise and settle the claim by monetary payment without inspection; or

(c) state that the construction professional disputes the claim and will neither remedy the construction defect nor compromise and settle the claim.

(3) (a) If the construction professional disputes the claim or does not respond to the claimant's notice of claim within the time stated in subsection (2), the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(b) If the claimant rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection (2), the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the notice of rejection, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within 30 days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of the inspection proposal or settlement offer, then at any time after that date the construction professional may terminate the proposal or offer by serving written notice on the claimant. The claimant may, after service, bring an action against the

construction professional for the construction defect claim described in the notice of claim.

(4) (a) If the claimant elects to allow the construction professional to inspect in accordance with the construction professional's proposal pursuant to subsection (2)(a), the claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant's residence, as agreed by the parties, to inspect the premises and the claimed defect.

(b) Within 14 days following completion of the inspection, the construction professional shall serve on the claimant:

(i) a written offer to remedy the construction defect at no cost to the claimant, including a report of the scope of the inspection, the findings and results of the inspection, a description of the additional construction necessary to remedy the defect described in the claim, and a timetable for the completion of the construction;

(ii) a written offer to compromise and settle the claim by monetary payment pursuant to subsection (2)(b);

(iii) a written offer to remedy the claim through a combination of repair and monetary payment pursuant to subsection (2)(b); or

(iv) a written statement setting forth the reasons why the construction professional will not proceed further to remedy the alleged defect.

(c) If the construction professional does not proceed further to remedy the alleged construction defect within the agreed-upon time or if the construction professional fails to comply with the provisions of subsection (4)(b), the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(d) If the claimant rejects the offer made by the construction professional pursuant to subsection (4)(b)(i) or (4)(b)(ii) to either remedy the construction defect or to compromise and settle the claim by monetary payment, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection notice, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within 30 days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of the offer made pursuant to subsection (4)(b)(i) or (4)(b)(ii), then at any time after that date the construction professional may terminate the offer by serving written notice on the claimant.

(6) Subsequently discovered claims of construction defects must be administered separately under this section and [section 3], unless otherwise agreed to by the parties.

(7) This section may not be construed to prevent a claimant from commencing an action on the construction defect claim described in the notice of claim if the construction professional fails to perform the construction agreed upon, fails to remedy the defect, or fails to perform within the time agreed upon pursuant to subsection (4)(b) or (5)(b).

(8) This section may not be enforced unless the homeowner has been given written notice of the requirements of [sections 1 through 3].

(2) Notwithstanding the provisions of subsection (1), an action for damages for an injury that occurred during the 10th year after the completion of the improvement or land surveying may be commenced within 1 year after the occurrence of the injury.

(3) The limitation prescribed by this section may not affect the responsibility of any owner, tenant, or person in actual possession and control of the improvement or real property that is surveyed at the time a right of action arises.

(4) As used in this section:

(a) "completion" means that degree of completion at which the owner can utilize the improvement for the purpose for which it was intended or when a completion certificate is executed, whichever is earlier;

(b) "land surveying" means the practice of land surveying, as defined in 37-67-101.

(5) This section may not be construed as extending the period prescribed by the laws of this state for the bringing of any action."

WHEREAS, the U.S. Supreme Court in Bush v. Gore, 531 U.S. 98 (2000), found that the lack of uniform procedures for determining voter intent in Florida during the 2000 presidential election led to a violation of the U.S. Constitution's Equal Protection Clause of the 14th Amendment; and

WHEREAS, at the request of the 57th Legislature, the State Administration and Veterans' Affairs Interim Committee devoted much of the 2001-2002 interim to a review of Montana election laws with respect to voting systems and counting processes in light of Bush v. Gore; and

WHEREAS, the interim study found that Montana's statutory provisions relating to ballots, voting systems, and vote counting processes needed to be updated, clarified, and in some instances revised to better define uniform standards and procedures to provide equal protection for votes cast by Montana voters; and

WHEREAS, the Subcommittee on Voting Systems of the State Administration and Veterans' Affairs Interim Committee agreed that statutory

changes should be made with an eye on future technology but should also standardize current practices to the greatest extent possible.

THEREFORE, this legislation will enable the Secretary of State to adopt a statewide benchmark performance measure that voting systems must meet before they can be approved for use in the state; allow local election administrators to continue to choose which of the approved voting systems should be used locally; require the Secretary of State to adopt uniform statewide rules regarding ballot form, votes and vote counts, and other operational procedures specific to each voting system and to provide training to local election administrators; and require all counting boards to use the uniform counting procedures specified.

Be it enacted by the Legislature of the State of Montana:

Section 1. Appointment of counting boards. To count votes in any election under this title, when election judges are appointed under 13-4-101, each county's governing body shall designate three of the election judges to act as a counting board. The governing body may also designate three of the election judges to act as an absentee ballot counting board under 13-15-104.

Section 2. Counting votes — uniformity — rulemaking — definitions. (1) When conducting vote counts as provided by law, a counting board, absentee ballot counting board, or recount board shall count and determine the validity of each vote in a uniform manner as provided in this section.

(2) A manual count of votes cast on a paper ballot must be conducted as follows:

(a) One election judge on the board shall read the ballot while the two other judges on the board shall each record on an official tally sheet the number of valid votes cast for each individual or ballot issue. Write-in votes must be counted in accordance with rules adopted pursuant to subsection (7). If a vote has not been cast according to instructions, the entire ballot must be set aside and counted as provided in subsection (4).

(b) (i) After the vote count is complete, the tally sheets of the two judges recording the votes must be compared.

(ii) If the two tallies match, the judges shall record in the pollbook:

(A) the names of all individuals who received votes;

(B) the offices for which individuals received votes;

(C) the total votes received by each individual as shown by the tally sheets; and

(D) the total votes received for or against each ballot issue, if any.

(iii) If the tallies do not match, the count must be conducted again as provided in this subsection (2) until the two tallies match.

(3) (a) Except as provided in subsection (3)(b):

(i) if a vote on a paper ballot or nonpaper ballot is recognized and counted by the system, it is a valid vote;

(ii) if a vote on a paper ballot or nonpaper ballot is not recognized and counted by the system, it is not a valid vote;

(iii) write-in votes must be counted in accordance with rules adopted pursuant to subsection (7).

(b) (i) If a paper ballot being counted by a voting system is rejected by the system or if the system records an overvote or undervote on a ballot, the ballot must be set aside and counted as provided in subsection (4).

(ii) If an election administrator determines that a voting system is not functioning correctly, the election administrator shall follow the procedures prescribed in 13-16-414.

(c) After all valid votes have been counted and totaled pursuant to subsection (4) and this subsection (3), the judges shall record in the pollbook the information specified in subsection (2)(b)(ii).

(4) (a) Each questionable vote on a paper ballot set aside under subsection (2)(a) or (3)(b) must be counted if the voter's intent can be clearly determined and agreed upon by a majority of the election judges on the counting board in accordance with rules adopted pursuant to subsection (7).

(b) After each questionable vote on a ballot set aside under subsection (2)(a) or (3)(b) has been determined to be a valid vote, an invalid vote, or an intentional nonvote, the valid votes must be counted manually or automatically tabulated by the voting system. If the votes are to be counted manually, the votes must be tallied as provided in subsection (2). If the votes are to be counted using a voting system, all valid votes must be transferred to a ballot that will be accepted by the voting system and tabulated as provided in subsection (3).

(c) Votes counted pursuant to this subsection (4) and the votes initially counted under subsections (2) and (3) must be totaled.

(5) A write-in vote may be counted only if the write-in vote identifies an individual by a designation filed pursuant to 13-10-211(1)(a).

(6) A vote is not valid and may not be counted if the elector's choice cannot be determined as provided in this section.

(7) The secretary of state shall adopt rules defining a valid vote and a valid write-in vote for each type of ballot and for each type of voting system used in the state. The rules must provide a sufficient guarantee that all votes are treated equally among jurisdictions using similar ballot types and voting systems.

(8) Local election administrators shall adopt policies to govern local processes that are consistent with the provisions of this title and that provide for:

(a) the security of the counting process against fraud;

(b) the place and time and public notice of each count or recount;

(c) public observance of each count or recount, including observance by representatives authorized under 13-16-411;

(d) the recording of objections to determinations on the validity of an individual vote or to the entire counting process; and

(e) the keeping of a public record of count or recount proceedings.

(9) For purposes of this section:

(a) "overvote" means an elector's vote that has been interpreted by the voting system as an elector casting more votes than allowable for a particular office or ballot issue; and

(b) "undervote" means an elector's vote that has been interpreted by the voting system as a nonvote.

Section 3. Uniform procedures for using voting systems. (1) For each voting system approved under 13-17-101, the secretary of state shall adopt rules specifying the procedures to be uniformly applied in elections conducted with the voting system.

(2) The rules must, at a minimum, specify procedures that address the following:

(a) performance certification under [section 4];

(b) how electors ensure the proper disposition of a ballot pursuant to 13-13-117(2);

(c) the process to be used to prepare for a vote count under 13-10-311(3) and 13-15-201(2) for nonpaper ballots so that election judges can determine the total number of electors voting in the election compared to the total number of ballots cast;

(d) the procedures to be followed if the comparison under [section 2(2)(b)] reveals discrepancies;

(e) recount procedures under 13-16-412(2);

(f) voting system tests to correct discrepancies under 13-16-414(1)(a);

(g) what contingencies must be made for recounts pursuant to 13-16-414(3)(b);

(h) the security measures necessary to secure the voting system before, during, and after an election, including security following a recount under 13-16-417; and

(i) testing and certification of voting systems pursuant to [section 4].

Section 4. Performance certification of voting systems prior to election. No more than 30 days prior to an election in which a voting system is used, the election administrator shall test and certify that the system is performing properly. The test and certification must be conducted according to rules adopted by the secretary of state pursuant to [section 3].

AN ACT ALLOWING A PARENT OR GUARDIAN OF A DIABETIC STUDENT TO DESIGNATE A SCHOOL DISTRICT EMPLOYEE TO ADMINISTER GLUCAGON TO THE STUDENT IN AN EMERGENCY SITUATION; AND

LIMITING THE LIABILITY OF THE SCHOOL EMPLOYEE AND A SCHOOL DISTRICT.

Section 1. Definition — parent-designated adult — administration of glucagon — training. (1) As used in [sections 1 and 2], "parent-designated adult" means a school district employee, selected by a parent or guardian of a diabetic student, who voluntarily agrees to administer glucagon to the student.

(2) A parent or guardian of a diabetic student may designate an adult to administer glucagon to the student as provided in subsection (3). Written proof of the designation by a parent or guardian and acceptance of the designation by the parent-designated adult must be filed with the school district.

(3) A parent-designated adult may administer glucagon to a diabetic student in an emergency situation. The glucagon must be provided by the parent or guardian of the student.

(4) A parent-designated adult must be trained in recognizing hypoglycemia and the proper method of administering glucagon. Training must be provided by a health care professional, as defined in 33-36-103, or a recognized expert in diabetic care selected by the parent or guardian. Written documentation of the training received by the parent-designated adult must be filed with the school district.

Section 2. Limits on liability. (1) A parent-designated adult who administers glucagon pursuant to [section 1] is not liable to a person for civil damages resulting from administering the glucagon unless the acts or omission is the result of gross negligence, willful or wanton misconduct, or an intentional tort.

AN ACT PROVIDING THAT A SECURITY INTEREST IN A LIQUOR LICENSE IS CONSIDERED IN DEFAULT IF THERE HAS BEEN A NONJUDICIAL SALE BY THE SECURED PARTY MADE PURSUANT TO THE UNIFORM COMMERCIAL CODE; AMENDING SECTION 16-4-801, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-801, MCA, is amended to read:

"16-4-801. Security interest in liquor license. (1) (a) A security interest in a liquor license is an interest in the liquor license that secures payment or performance of an obligation. A contract for the sale of a liquor license, including a provision allowing the seller to retain an ownership interest in the license solely for the purpose of guaranteeing payment for the license, may, for the purposes of this section, be treated as a security interest.

(b) For the purposes of this section:

(i) "default" means that:

(A) the defaulting party has acknowledged in writing pursuant to the terms of a written security agreement or contract for sale that the defaulting party no longer has any ownership interest or any other rights to possess or control the liquor license; ~~or~~

(B) a court of competent jurisdiction has made an order foreclosing all of the defaulting party's interests in the license; *or*

(C) there has been a nonjudicial sale by the secured party made pursuant to the Uniform Commercial Code and the secured party has provided written proof of the sale to the department; and

(ii) "liquor license" means a license issued under this chapter.

(2) The department, after review of the underlying documents creating the security interest, may approve a transfer of ownership of a liquor license subject to a security interest as provided in subsection (1). A person holding a security interest may not have any control in the operation of the business operated under a license subject to a security interest nor may that person share in the profits or the liabilities of the business other than the payment or performance of the licensee's obligation under a security agreement.

(3) (a) Within 7 days of a default by a licensee, the person holding the security interest shall give notice to the department of the licensee's default and either apply to have the license transferred to that person, subject to that person meeting the requirements of 16-4-401 and all other applicable provisions of this code, or the person shall place the license on nonuser status. Upon receipt of an application to transfer the license, the department may, pursuant to 16-4-404, grant the applicant temporary authority to operate the license. If the person holding the license places the license on nonuser status, the person shall transfer ownership of the license within 180 days from the date on which the notice of the default was given to the department. The operation of a business under a license by a person holding a security interest for more than 7 days after default of the licensee or without temporary authority issued by the department must be considered to be a violation of this code and constitutes grounds for the department to either deny an application for transfer of the license or for the revocation of the license pursuant to 16-4-406.

(b) If the person holding the security interest does not qualify for or cannot qualify for ownership of a liquor license under 16-4-401, the secured party shall transfer ownership of the liquor license within 180 days of the notice of the default of the licensee.

(c) The department, upon a showing of good cause, may in its discretion extend the time for sale of the license for an additional period of up to 180 days."

Upon receipt of the report, the department shall suspend the license for a period provided in subsection (5).

(3) The board shall establish uniform rules that are necessary to determine service credit for fractional years of service.

(4) The board shall determine who are employees within the meaning of each retirement system. The board is the sole authority for determining the conditions under which persons may become members of and receive benefits under the retirement systems.

(5) The board shall determine and may modify retirement benefits under the retirement systems. Benefits may be paid only if the board decides, in its discretion, that the applicant is, under the provisions of the appropriate retirement system, entitled to the benefits.

(6) In matters of board discretion under the systems, the board shall treat all persons in similar circumstances in a uniform and nondiscriminatory manner.

(7) The board shall maintain records and accounts it determines necessary for the administration of the retirement systems.

(8) Upon the basis of the findings of the actuary pursuant to 19-2-405, the board shall adopt actuarial rates and rates of regular interest it determines appropriate for the administration of the retirement systems.

(9) The board shall review the sufficiency of benefits paid by the retirement system or plan and recommend to the legislature those changes in benefits in a defined benefit plan or in contributions under the defined contribution plan that may be necessary for members and their beneficiaries to maintain a stable standard of living.

(10) The board may implement third-party mailings under the provisions of 2-6-109. "19-2-506. Payment of contributions by employers — accompanying reports — penalty. (1) The board shall prescribe by rule the procedure for payment of retirement contributions for the retirement systems administered by the board. Each employer shall pick up the employee contributions and remit the employer and employee contributions required by the member's retirement system. *Payments must be considered delinquent until both the required contributions and the valid payroll report are received by the board.*

(2) The board may collect payments delinquent under subsection (1) with an interest penalty at the rate of 9% a year or $10 a day, whichever is greater. The board may, in its discretion, waive the penalty. The collection may be made by either:

(4) Each employer shall furnish additional information concerning members that the board may request in connection with claims by members for benefits or service under a retirement system.

Section 6. Section 19-2-603, MCA, is amended to read:

"19-2-603. Reinstatement after withdrawal of contributions. (1) Except as otherwise provided in chapter 3, part 21, of this title and this section, a person who again becomes a member of a defined benefit plan subsequent to the refund of the person's accumulated contributions after a termination of previous membership is considered a new member without ~~credit for any~~ previous membership service *or service credit*. The person may reinstate that membership service *or service credit* by redepositing the sum of the accumulated contributions that were refunded to the person at the last termination of the person's membership plus the interest that would have been credited to the person's accumulated contributions had the refund not taken place. If the person makes this redeposit, the *membership service and* service ~~credits~~ *credit* previously canceled must be reinstated.

(2) Regardless of whether this redeposit is made, the documents held by the retirement system as executed by the member prior to termination of membership must be held by the system for the same purposes as prior to termination, and beneficiaries nominated in the documents continue unchanged until changed as provided in ~~this section~~ *19-2-801*."

Section 7. Section 19-2-702, MCA, is amended to read:

"19-2-702. Membership service. A member who is not retired must receive membership service for all periods of service, regardless of hours worked or compensation received during that service. The *membership* service must be used to determine:

(1) whether a member is vested;

(2) when the member is eligible for ~~early or normal~~ service retirement*, early retirement,* or disability retirement; or

(3) the eligibility of beneficiaries for survivorship benefits."

Section 8. Section 19-2-704, MCA, is amended to read:

"19-2-704. Purchasing service credits allowed — payroll deduction. (1) Subject to the rules promulgated by the board, an eligible member may elect to contribute amounts in addition to the mandatory employee contributions

required by the member's retirement system to purchase service credits as provided by the statutes governing the retirement system.

(2) Subject to any statutory provision establishing stricter limitations, only active or vested inactive members are eligible to purchase or transfer service ~~credits~~ *credit*, membership service, or contributions.

(3) A member who wishes to redeposit amounts withdrawn under 19-2-602 or who is eligible to purchase service *credit* as provided by the statutes governing the retirement system to which the member belongs may elect to make a lump-sum payment, installment payments, or a combination of a lump-sum payment and installment payments.

(4) Installment payments must be paid directly to the board, unless the member elects to make payments by irrevocable payroll deduction. The minimum installment period for payments made directly to the board is 3 months, and the maximum installment period is 5 years.

(5) To elect installment payments by irrevocable payroll deduction, the member shall file with the board and the member's employer an irrevocable, written application and authorization for payroll deductions. The application and authorization:

(a) must be signed by the member and the member's employer;

(b) must specify the dollar amount of each deduction and the number of deductions to be made, subject to any maximum amounts or duration established by state or federal law;

(c) must provide that the deductions are to be made over a period of time of no less than 3 months and no more than 5 years in duration;

(d) may not give the member the option of receiving the deduction amounts directly instead of having them paid by the employer to the board; and

(e) must specify that the contributions being picked up, although designated as employee contributions, are being paid by the employer directly to the board in lieu of contributions paid directly by the employee.

(6) If the board notifies the employer that a proper written application and authorization has been filed with the board, the employer shall initiate the payroll deduction as follows:

(a) An employer shall pick up the member's elective contributions made pursuant to a payroll deduction authorization. The contributions picked up by the employer must be paid from the same source as is used to pay compensation to the member and must be included as part of the member's earned compensation before the deduction is made.

(b) Employee contributions, even though designated as employee contributions for state law purposes, are paid by the member's employer in lieu of contributions paid directly by the member to the board.

(c) The member may not choose to receive the contributed amounts directly instead of having them paid by the employer to the board.

(d) The effective date of the employer pickup and payment pursuant to this section is the date on which the employee contribution is first deducted from the employee's compensation. However, the effective date may not be prior to the date that the member properly completes the written application and authorization for payroll deductions and files it with the board. The pickup may not apply to any contributions made before the effective date or to any

contributions related to compensation earned for services rendered before the effective date.

(e) Installment payments initiated by contract prior to July 1, 1999, may be paid by payroll deduction only if the member files a written application and authorization for payroll deductions pursuant to this section. If the member does not file a written application and authorization for payroll deductions pursuant to this section, the installment contract payments agreed to by the member must be paid by the member directly to the board.

(f) A member may file more than one irrevocable payroll deduction agreement and authorization as long as a subsequent deduction authorization does not amend a previous irrevocable authorization. A member may not prepay an amount under an irrevocable payroll deduction*, except when a member with an existing contract to purchase service credit elects to transfer to the defined contribution retirement plan pursuant to 19-3-2111(7) or to the optional retirement program pursuant to 19-3-2112(2)(j).*

(7) If a member terminates service or dies before completing all payments required by a payroll deduction authorization filed pursuant to this section, the deduction authorization expires and the board shall prorate the service credit based on the amount paid as of the date of termination unless further payment is made as provided in this subsection. In the case of a termination, the member may make a lump-sum payment for *up to* the balance of the service *credit remaining to be purchased,* subject to the limitations of section 415 of the Internal Revenue Code. In the case of death of the member, the payment may be made from the member's estate subject to the limitations of section 415 of the Internal Revenue Code."

Section 9. Section 19-2-706, MCA, is amended to read:

"19-2-706. Additional service *credit* for member involuntarily terminated from ~~membership~~ service. (1) An employee of the state or university system is entitled to the involuntary termination provision provided in subsection (3) if:

(a) the employee is a member of the public employees', game wardens' and peace officers', sheriffs', or highway patrol officers' retirement system;

(b) the employee's active service is involuntarily terminated because of elimination of the employee's position as a result of privatization, reorganization of an agency, closure of or a reduction in force at an agency, or other actions by the legislature or, in the case of a legislator, because of term limits terminating the service of the legislator in either one of the houses of the legislature;

(c) the employee is eligible for ~~a normal~~ service retirement or early retirement under the applicable provisions of the retirement system to which the member belongs; and

(d) the employee waives termination benefits for which the employee would otherwise be eligible under the State Employee Protection Act.

(2) The cost of each year of service *credit* purchased under this section is the total actuarial cost of purchasing the service *credit* based on the most recent actuarial valuation of the retirement system.

(3) The employer of an eligible member under subsection (1) shall pay a portion of the total cost of purchasing up to 3 years of additional service *credit* that the member was qualified to purchase under 19-3-513, 19-6-804, 19-7-804,

or 19-8-904. The employer-paid portion ~~applied toward the service purchase~~ must be calculated using the formula A x B x C when:

(a) A is equal to a maximum of 3 additional years of service *credit* that the member is eligible to purchase;

(b) B is equal to the sum of the employer and employee contribution rates in the member's retirement system; and

(c) C is equal to the member's gross compensation paid during the immediate preceding 12 months of membership service. The employer may not be charged more than the total actuarial cost of the service *credit* purchased by the terminated employee.

(4) The member shall pay the difference, if any, between the full actuarial cost of the service *credit* to be purchased and the ~~amount contributed by~~ *contribution required from* the employer under subsection (3). A member may elect to purchase less than the full amount of service for which the member is eligible under this section, but the election may not reduce the amount of the employer's contribution as calculated under subsection (3).

(5) The board may allow an employer to pay the contributions required under subsection (3) in installments for up to 10 years and may charge interest at a rate set by the board pursuant to 19-2-403.

(6) *(a)* A member who has received additional service *credit* under this section and who returns to employment for the same jurisdiction for 960 or more hours in a calendar year in a position covered by the public employees' retirement system or for 600 or more hours in a calendar year in a position covered under any other retirement system forfeits the additional service *credit*. The employer's contribution to purchase that member's additional service *credit*, minus any retirement benefits already paid, must be credited to the employer.

(b) As used in ~~this~~ subsection *(6)(a)*, the ~~same jurisdiction~~ *term "same jurisdiction"* means all agencies of the state, including the university system."

Section 10. Section 19-2-708, MCA, is amended to read:

The total amount of the rollover to the retirement system may not exceed the amount of service *credit* that the member is allowed to purchase as a member of that system. The rollover must be completed prior to the member's retirement.

(2) The board shall accept a direct rollover of eligible distributions from another eligible retirement plan as provided in subsection (1) only to the extent permitted by section 401(a)(31) of the Internal Revenue Code."

Section 11. Section 19-2-709, MCA, is amended to read:

"19-2-709. Transfer of service and contributions from other Montana public employee retirement systems. (1) A member eligible to transfer service *credit*, pursuant to ~~19-3-509,~~ *[section 1] and* 19-3-511, ~~19-6-802, 19-7-802, 19-8-902, 19-9-405, or 19-13-404,~~ into the system to which the member belongs shall complete the transfer prior to the member's retirement.

(2) The accumulated contributions to be transferred by the member may include both taxed contributions and tax-deferred contributions and interest. However, if less than all of the member's accumulated contributions on deposit in a pension trust fund are being transferred, the transfer of taxed and tax-deferred amounts must be made on a proportionate basis, with the remainder refunded to the member. The transferring agency shall at the time of the transfer identify the taxed and tax-deferred amounts being transferred to the board."

(1) In the absence of any statutory beneficiaries, designated beneficiaries are the natural persons, charitable organizations, *estate of the payment recipient,* or trusts for the benefit of natural living persons that the member or payment recipient designates on the membership card or other form provided by the board. Unless otherwise provided by statute, a member or payment recipient may revoke the designation and name different designated beneficiaries by filing with the board a new membership card or other form provided by the board. *The most recent beneficiary designation filed with the board is effective for all purposes.*

(2) If a statutory or designated beneficiary predeceases the member or payment recipient, the predeceased beneficiary's share must be paid to the remaining statutory or designated beneficiaries in amounts proportional to each remaining statutory or designated beneficiary's original share.

~~(2)~~*(3)* A statutory or designated beneficiary who renounces an interest in the payment rights of a member or payment recipient will be considered, with respect to that interest, as having predeceased the member or payment recipient."

Section 13. Section 19-2-802, MCA, is amended to read:

"19-2-802. Effect of no designation or no surviving designated beneficiary. (1) If a statutory or designated beneficiary does not survive the member or payment recipient, the estate of the member or payment recipient is entitled to any accrued lump-sum payment or accrued retirement benefit not received prior to the member's or payment recipient's death. If the estate*, as either a designated beneficiary or as a beneficiary by default as provided in this subsection,* would not be probated but for the amount due *to the estate* from the retirement system, all of the amount due *to the estate* must be paid directly, without probate, to the surviving next of kin of the deceased or the guardians of the survivor's estate, share and share alike.

(2) Payment must be made in the same order in which the following groups are listed:

(a) husband or wife;

(b) children;

(c) father and mother;

(d) grandchildren;

(e) brothers and sisters; or

(f) nieces and nephews.

(3) A payment may not be made to a person included in any of the groups listed in subsection (2) if at the date of payment there is a living person in any of the groups preceding the group of which the person is a member, as listed.

Payment must be made upon receipt from the person of an affidavit, upon a form supplied by the board, that there are no living individuals in the groups preceding the group of which the person is a member and that the estate of the deceased will not be probated.

(4) The payment must be in full and complete discharge and acquittance of the board and system on account of the member's or payment recipient's death."

"19-2-907. Alternate payees — family law orders — rulemaking. (1) A participant in a retirement system may have the participant's rights modified or recognized by a family law order.

(a) "family law order" means a judgment, decree, or order of a court of competent jurisdiction under Title 40 concerning child support, parental support, spousal maintenance, or marital property rights that includes a transfer of all or a portion of a participant's payment rights in a retirement system to an alternate payee in compliance with this section; and

(b) "participant" means an identified person who is a member or an actual or potential beneficiary, survivor, or contingent annuitant of a retirement system or plan designated pursuant to Title 19, chapter 3, 5, 6, 7, 8, 9, 13, or 17.

(3) A family law order must identify a participant and an alternate payee by full name, current address, date of birth, and social security number. An alternate payee's rights and interests granted in compliance with this section are not subject to assignment, execution, garnishment, attachment, or other process. An alternate payee's rights or interests may be modified only by a family law order amending the family law order that established the right or interest.

(4) A family law order may not require:

(a) a type or form of benefit, option, or payment not available to the affected participant under the appropriate retirement system or plan; or

(b) an amount or duration of payment greater than that available to a participant under the appropriate retirement system or plan.

(5) With respect to a defined benefit plan, a family law order may provide for payment to an alternate payee only as follows:

(a) ~~Service retirement~~ *Retirement* benefit payments or refunds may be apportioned by directing payment of either a percentage of the amount payable or a fixed amount of no more than the amount payable to the participant. Payments to an alternate payee may be limited to a specific amount each month if the number of payments is specified.

(b) The maximum amount of disability or survivorship benefits that may be apportioned to alternate payees is the monthly benefit amount that would have been payable on the date of termination of service if the member had retired without disability or death. Conversion of a disability retirement to a service retirement pursuant to 19-2-406(4), 19-3-1015(2), 19-6-612(2), or 19-8-712(2) does not increase the maximum monthly amount that may be apportioned to an alternate payee.

(c) Retirement benefit adjustments for which a participant is eligible after retirement may be apportioned as a percentage only if existing benefit

payments are apportioned as a percentage. The adjustments must be apportioned as a percentage in the same ratio as existing benefit payments.

(d) The participant may be required to choose a specified form of benefit payment or designate a beneficiary or contingent annuitant if the retirement system or plan allows for that option.

(6) With respect to a defined contribution plan, a family law order may provide for payment to an alternate payee only as follows:

(a) The vested account of the participant may be apportioned by directing payment of either a percentage or a fixed amount. The total amount apportioned may not exceed the amount in the participant's vested account. The alternate payee may receive the payment only as a direct payment, rollover, or transfer. A new account may not be established for an alternate payee.

(b) If the participant is receiving periodic payments ~~from~~ *or* an annuity provided under the plan, those payments may be apportioned as a percentage of the amount payable to the participant. Payments to the alternate payee may be limited to a specific amount each month if the number of payments is specified. Payments may not total more than the amount payable to the payee.

(7) The duration of monthly payments apportioned from a defined benefit or defined contribution plan participant to an alternate payee may not exceed the lifetime of the appropriate participant. The duration of the monthly payments may be further limited only to a specified maximum time, the life of the alternate payee, or the life of another specified participant. The alternate payee's rights and interests survive the alternate payee's death and may be transferred by inheritance.

(8) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

(9) Each family law order establishing a final obligation concerning payments by the retirement system must contain a statement that the order is subject to review and approval by the board.

(10) The board shall adopt rules to provide for the administration of family law orders."

Section 15. Section 19-2-908, MCA, is amended to read:

"19-2-908. Time of commencement of benefit — rulemaking. (1) (a) The board shall grant a benefit to any member, or the member's statutory or designated beneficiary, who has fulfilled all eligibility requirements, terminated ~~covered~~ service, and filed the appropriate written application with the board. However, the board may, on its own accord and without a written application, begin benefit payments to a member or beneficiary in order to comply with section 401(a)(9) of the Internal Revenue Code.

(b) A member may apply for retirement benefits before terminating ~~covered~~ service, but commencement of the benefits must be as provided in this section.

(2) (a) Except as provided in subsection (2)(b), the ~~service~~ retirement benefit may commence on the first day of the month following the eligible member's last day of membership service or, if requested by the inactive member in writing, on the first day of a later month following filing of the written application.

(b) If an elected official's term of office expires before the 15th day of the month, the official may elect that ~~service~~ retirement benefits from a defined

benefit plan commence on the first day of the month following the official's last full month in office. An official electing this option shall file a written application with the board. An official electing this option may not earn membership service, service credit, or compensation for purposes of calculating highest average compensation or final average compensation, as defined under the provisions of the appropriate retirement system, in the partial month ending the official's term, and compensation earned in that partial month is not subject to employer or employee contributions.

(3) The disability retirement benefit payable to a member must commence on the day following the member's termination from service.

(4) Monthly survivorship benefits from a defined benefit plan must commence on the day following the death of the member.

(5) Estimated and finalized benefit payments must be issued as provided in rules adopted by the board.

(6) With respect to the defined contribution plan, the board shall adopt rules regarding the commencement of benefits that are consistent with applicable provisions of the Internal Revenue Code and its implementing regulations."

(d) "Support obligation" has the meaning provided in 40-5-403 for a support order.

(3) The execution or income-withholding order may not require:

(a) a type or form of benefit, option, or payment not available to the affected participant under the appropriate retirement system or plan; or

(b) an amount or duration of payment greater than that available to a participant under the appropriate retirement system or plan.

(4) An execution or income-withholding order applied to a defined benefit retirement plan may provide for payment only as follows:

(a) ~~Service retirement~~ *Retirement* benefit payments or refunds may be apportioned by directing payment of a percentage of the amount payable or payment of a fixed amount of no more than the amount payable to the participant.

(b) The maximum amount of disability or survivorship benefits that may be apportioned and paid under this section is the monthly benefit amount that would have been payable on the date of termination of service if the member had retired without disability or death.

(5) With respect to a defined contribution plan, an execution or income-withholding order may provide for payment to an alternate payee only as follows:

(1) The board shall administer the plan in the manner required to satisfy the applicable qualification requirements for a qualified governmental plan, as provided in the Internal Revenue Code. If a statutory provision affecting a retirement plan administered by the board conflicts with a qualification requirement in section 401 of the Internal Revenue Code or the retirement plan's status as a governmental plan under section 414(d) of the Internal Revenue Code and with consequent federal regulations, the provision is either ineffective or must be interpreted to conform with the federal qualification requirements and allow the plan to retain its qualified status.

(2) For the purposes of section 401(a) of the Internal Revenue Code, the plan document for each retirement system is composed of the applicable provisions of the Montana constitution, this chapter, the applicable chapter in Title 19 governing the system, and applicable rules, *policies, and plan documents* adopted by the board.

(3) The board may adopt rules to implement this section."

(b) Compensation does not include:

(2) A member of the defined benefit plan with at least 5 years of membership service who terminates service and does not take a refund of the member's accumulated contributions is an inactive vested member and retains the right to purchase service *credit* and to receive a service retirement benefit subject to the provisions of this chapter.

(3) A member of the defined benefit plan with less than 5 years of membership service who terminates service and leaves the member's accumulated contributions in the pension trust fund is an inactive nonvested member and is not eligible for any benefits from the retirement plan. A member of the retirement system who, because of employment by the state, is required to become a member of any other system described in this subsection is considered, solely for the purposes of making regular contributions, as permanently separated from service. Exclusion under this subsection is subject to the following exceptions:

(a) When an employer has entered into a collective bargaining agreement that includes provisions for payments or contributions by the employer in lieu of wages to a retirement or pension plan qualified by the internal revenue service for its employees, the employees remain eligible, if otherwise qualified, for membership in the retirement system.

(b) For the purpose of this subsection (4), persons receiving pensions, retirement benefits, or other payments from any source on account of employment other than as an employee are not considered, because of receipt, members of any other retirement or pension system.

(5) court commissioners, elected officials, or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

(6) full-time students employed at and attending the same public elementary school, high school, community college, or unit of the state university system, except that a person excluded from membership as a student of a public community college or a unit of the state university system who later becomes an active member by otherwise becoming an employee may affirmatively exercise the option of purchasing the service *credit* excluded by this subsection by applying to the board in writing after becoming an active member and become eligible to receive ~~credited~~ service *credit* for the excluded service under the provisions of 19-3-505."

Section 21. Section 19-3-412, MCA, is amended to read:

"19-3-412. Optional membership. (1) The following employees in covered employment may become members of the retirement system at their option by filing an irrevocable, written application with the board within 180 days of commencement of their employment:

(b) employees serving in employment that does not cumulatively exceed a total of 960 hours of covered employment with all employers under this chapter in any fiscal year;

(c) employees directly appointed by the governor;

(d) employees working 6 months or less for the legislative branch to perform work related to the legislative session;

(e) the chief administrative officer of any city or county;

(f) employees of county hospitals or rest homes.

(2) (a) Except as provided in subsection (2)(b), employees and officials described in subsections (1)(a) through (1)(f) who are employees or officials but not members on July 1, 1999, have until December 1, 1999, to file an irrevocable, written application with the board.

(b) A legislator may also become a member as of the date prior to December 30, 2000, that the legislator filed an irrevocable written application with the board to become a member and paid the employee share of contributions determined by the board to be required to purchase the legislator's prior service *credit*. However, the legislator shall purchase at least 5 years of service credit or, if the legislator has less than 5 years of membership service, service credit equal to all of the legislator's membership service. (4) An employee who declined optional membership but later becomes a member may purchase service credit for the period of time beginning with the date of employment in which membership was declined to the commencement of membership. Purchase of service *credit* pursuant to this subsection must comply with 19-3-505.

(5) Membership in the retirement system is not optional for an employee who is already a member. Upon employment in a position for which membership is optional:

(a) a member who was an active member before the employment remains an active member;

(b) a member who was an inactive member before the employment becomes an active member; and

(c) a member who was a retired member before the employment is subject to part 11 of this chapter.

However, if the break in service is less than 30 days, an employee who declined membership is bound by the employee's original decision to decline membership.

(7) An employee accepting a position that requires membership shall become a member even if the employee previously declined membership and did not have a 30-day break in service.

(8) If an employee or official fails to file with the board an irrevocable, written application within the time allowed in this section, the employee or official waives membership."

~~(b) To purchase this service, the member shall pay the actuarial cost of the member's military service, based on the system's most recent actuarial valuation.~~

~~(2)~~*(b)* A member is not eligible to purchase *active* military service *credit and membership service* under ~~this section~~ *subsection (1)(a)* if the member:

~~(a)~~*(i)* has retired from active duty in the armed forces of the United States, including the first special service force or the American merchant marine in oceangoing service during the period of armed conflict, December 7, 1941, to

August 15, 1945, with a military service retirement benefit based on that military service;

~~(b)~~*(ii)* is eligible, pursuant to 19-2-707, to receive credit in the system for that service; or

~~(c)~~*(iii)* is eligible to receive credit for that service in any other retirement system or plan.

(2) (a) Except as provided in subsection (2)(b) and subject to 19-3-514, a member with at least 10 years of service credit may, at any time prior to retirement, file a written application with the board to purchase service credit and membership service for up to 5 years of the member's reserve military service in the armed forces of the United States.

(1) Time, not to exceed 5 years, during which a member is absent from service because of injury or illness is considered membership service if, within 1 year after the end of the absence, the injury or illness is determined to have arisen out of and in the course of the member's employment. However, the member may not earn service credits for this period unless the member complies with subsections (2) and (3), in which case the absence is considered as time spent in service for both service ~~credits~~ *credit* and membership service.

(2) (a) A member absent because of an employment-related injury entitling the member to workers' compensation payments may, upon the member's return to service, contribute to the retirement system an amount equal to the contributions that would have been made by the member to the system on the basis of the member's compensation at the commencement of the member's absence plus regular interest accruing from 1 year from the date after the member returns to ~~covered~~ service to the date the member contributes for the period of absence.

(b) Whenever a member elects to contribute under subsection (2)(a), the employer shall contribute employer contributions for the period of absence based on the salary as calculated in subsection (2)(a) and may pay interest on the employer's contribution calculated in the same manner as interest on the employee's contribution under subsection (2)(a). An employer electing to make an interest payment shall do so for all employees similarly situated. If the employer elects not to pay the interest costs, this amount must be paid by the employee.

(3) At some time after returning to ~~covered~~ service, a member shall file with the board a written notice of the member's intent to pay the contributions under subsection (2).

The application must include salary information certified by the member's employer or former employer.

(2) (a) A purchase of service *credit* under this section is subject to the board's approval.

(b) If the board approves the request, the member shall pay the amount that the member and the member's employer would have contributed during the period of employment as if the employment had been covered by the retirement system and shall pay the regular interest that would have accumulated on the amount to the time of payment. However, the employer may pay the employer's portion, including accrued regular interest as provided in subsection (2)(c).

(c) The employer shall establish a policy as to the payment of retroactive employer contributions and apply this policy indiscriminately for all employees and former employees. All employee appeals of discrimination are subject to the determination of the board. All successful appeals obligate the employer to pay the employer and employee contributions with accrued interest for that employee filing the appeal with the board. Each appeal must be heard on its individual merits and may not bind the employer to pay all retroactive payments for all former and present employees."

Section 25. Section 19-3-510, MCA, is amended to read:

"19-3-510. Employment in United States government. (1) A member who is assigned to an agency of the United States government under Title IV, the Intergovernmental Personnel Act of 1970, may purchase the federal employment as service *credit* in the retirement system under subsection (2) if:

(3) Salary earned while on assignment to an agency of the United States government must be considered compensation for the purposes of the retirement system and may be included in the determination of highest average compensation, provided that the highest average compensation does not exceed 100% of the member's highest annual compensation earned as a state or local government employee."

Section 26. Section 19-3-511, MCA, is amended to read:

"19-3-511. Transfer and purchase of service credits and contributions from teachers' retirement system. (1) Except as provided in

subsection (3)(b), an active member may, at any time before retirement, file a written application with the board to purchase in the public employees' retirement system the member's service in the teachers' retirement system to the extent that the member has either received or is eligible to receive a refund for the service.

(2) The cost of purchasing service *credit* under this section is the sum of subsections (2)(a) and (2)(b) as follows:

Before payment of the survivorship benefit, the teachers' retirement board shall transfer to the public employees' retirement system the contributions necessary to purchase this service *credit* in the public employees' retirement system, as provided in subsection (2).

(6) If the board determines that a member was erroneously classified and reported to the teachers' retirement system, the member's accumulated contributions and service *credit*, together with the employer contributions plus interest, must be transferred to the public employees' retirement system. Employee and employer contributions due as calculated under 19-3-315 and 19-3-316 are the liability of the employee and the employing entity, respectively, where the error occurred. For the period of time that the employer contributions are held by the teachers' retirement system, interest paid on employer contributions transferred under this subsection must be calculated at the short-term investment pool rate earned by the board of investments in the fiscal year preceding the transfer request."

(3) Service *credit* purchased under this section may not be used to qualify a member to purchase military service under 19-3-503.

(4) Service *credit* purchased under this section may not be used in calculating a member's retirement benefit unless the member's last 5 years of service credit were earned under the public employees' retirement system. If, upon the member's retirement, the member's purchased service *credit* cannot be used in calculating the member's retirement benefit, the member must receive a refund of the amount paid to purchase the service *credit*, plus regular interest on that amount."

(2) The early retirement benefit must be determined as prescribed in 19-3-904, with the exception that the benefit must be reduced as follows:

(3) An active member who is involuntarily terminated because of a reduction in force on or after March 1, 1993, but before June 25, 1993, and who, if the member had not been terminated, would have been eligible under subsection (1) for the retirement incentive is entitled to the retirement incentive under subsection (2) if the member was, at the time of termination, eligible for ~~normal~~ service retirement under 19-3-901 or early retirement under 19-3-902 and retires on or after June 25, 1993.

"19-3-1002. Eligibility for disability retirement. (1) Except as provided in subsections (2) and (3), a member entering service prior to February 24, 1991, who is not eligible for service *retirement* or early retirement but *who* has at least 5 years of membership service and has become disabled while an active member is eligible for disability retirement, as provided in 19-3-1008(1).

(2) An active member ~~age~~ *who is* 60 *years of age* or older *and* who has completed 5 years of membership service and has had a duty-related accident forcing the member to terminate employment but who has not received or is ineligible to receive workers' compensation benefits under Title 39, chapter 71,

for the duty-related accident may conditionally waive the member's eligibility for a service retirement in order to be eligible for disability retirement. The waiver is effective only upon approval by the board of the member's written application for disability retirement. The board shall determine whether a member has become disabled. The board may request any information on file with the state compensation insurance fund concerning any duty-related accident. If information is not available, the board may request and the state fund shall then provide an investigative report on the disabling accident.

(3) (a) A member in service on February 24, 1991, has a one-time election to be covered for disability purposes under the provisions of 19-3-1008(2). This election is irrevocable and must be made in writing by the member no later than December 31, 1991. Coverage under the provisions of 19-3-1008(2) commences on the date the completed written election is received by the board or its designated representative. To be eligible for disability benefits under the provisions of this part, a member must have completed 5 years of membership service and must have become disabled while an active member.

(b) An individual becoming a member after February 24, 1991, who has completed 5 years of membership service and has become disabled while an active member is covered for disability purposes under the provisions of 19-3-1008(2) or (3)."

Section 35. Section 19-3-1008, MCA, is amended to read:

"19-3-1008. Benefit for disability. (1) The monthly amount of the *disability* retirement benefit payable to a member ~~eligible for disability retirement~~ under the provisions of 19-3-1002(1) is the greater of subsection (1)(a) or (1)(b) as follows:

(a) 90% of one fifty-sixth of the member's highest average compensation multiplied by the member's years of service credit, including any additional service *credit* purchased under 19-3-513; or

(b) a retirement benefit equal to 25% of the member's highest average compensation.

(2) Except as provided in subsection (3), the monthly amount of retirement benefit payable to a member eligible for disability retirement under the provisions of 19-3-1002(3) is a retirement benefit equal to one fifty-sixth of the member's highest average compensation multiplied by the member's years of service credit, including any additional service *credit* purchased under 19-3-513.

(3) The monthly amount of retirement benefit payable to a member eligible for disability retirement under the provisions of 19-3-1002(3) who has at least 25 years of membership service is a retirement benefit equal to one-fiftieth of the member's highest average compensation multiplied by the member's years of service credit, including any additional service *credit* purchased under 19-3-513.

(4) Subject to the provisions of part 11 of this chapter, a retired member receiving a disability retirement benefit on February 24, 1991, who has previously been granted a disability retirement benefit under the provisions of this section will continue to receive the monthly disability retirement benefit as calculated prior to February 24, 1991, subject to any postretirement or cost-of-living increases granted by the legislature."

Section 36. Section 19-3-1015, MCA, is amended to read:

"19-3-1015. Medical examination of disability retiree — cancellation and reinstatement. (1) The board may, in its discretion, require a disabled member to undergo a medical examination. The examination must be made by a physician or surgeon appointed by the board, at a place mutually agreed upon by the retired member and the board. Upon the basis of the examination, the board shall determine whether the disabled member is unable, by reason of physical or mental incapacity, to perform the essential elements of either the position held by the member when the member retired or the position proposed to be assigned to the member. If the board determines *that* the member is not incapacitated or if the member refuses to submit to a medical examination, the member's *disability* retirement benefit must be canceled.

(2) If the board determines that a disabled member should no longer be subject to medical review, the board may grant service retirement status to the member without recalculating the monthly benefit. The board shall notify the member in writing as to the change in status. If the disabled member disagrees with the board's determination, the member may file a written application with the board requesting that the board reconsider its action. The written application for reconsideration must be filed within 60 days after receipt of the notice of the status change.

(3) (a) Except as provided in subsections (3)(b) and (3)(c), a member whose disability retirement benefit is canceled because the board has determined that the member is no longer incapacitated must be reinstated to the position held by the member immediately before the member's retirement or to a position in a comparable pay and benefit category with duties within the member's capacity if the member was an employee of the state or of the university. If the member was an employee of a contracting employer, the board shall notify the proper official of the contracting employer that the disability retirement benefit has been canceled and that the former employee is eligible for reinstatement to duty. The fact that the former employee was retired for disability may not prejudice any right to reinstatement to duty that the former employee may have or claim to have.

(b) A member who is employed by an employer terminates any right to reinstatement provided by this section.

(c) This section does not affect any requirement that the former employee meet or be able to meet professional certification and licensing standards unrelated to the disability and necessary for reinstatement to duty.

(4) If a member whose disability retirement benefit is canceled is not reemployed in a position subject to the retirement system, the member's service is considered, for the purposes of 19-2-602, to have been discontinued coincident with the commencement of the member's retirement benefit."

Section 37. Section 19-3-1106, MCA, is amended to read:

"19-3-1106. Limited reemployment — reduction of service retirement benefit upon exceeding limits — exception. The retirement benefit for any retiree exceeding this 960-hour limitation in any calendar year after retirement must be temporarily reduced $1 for each $1 earned after working 960 hours in that calendar year.

(2) A retiree 65 years of age or older who returns to employment covered by the retirement system is either subject to the 960-hour limitation of subsection (1) or may earn in any calendar year an amount that, when added to the retiree's current annual retirement benefits, will not exceed the member's annualized highest average compensation, adjusted for inflation as of January 1 of the current calendar year, whichever limitation provides the higher limit on earned compensation to the retiree. Upon reaching the applicable limitation, the retiree's benefits must be temporarily reduced $1 for each $1 of compensation earned in ~~covered~~ service beyond the applicable limitation during that calendar year.

(3) A retiree returning to employment covered by the retirement system and the returning employee's employer shall certify to the board the number of hours worked by the retiree and the gross compensation paid to the retiree in that employment during any month after retirement.

(4) A retiree returning to employment covered by the retirement system may elect to return to active membership at any time during this period of covered employment.

(5) A retired member 70 1/2 years of age or older who returns to employment covered by the retirement system is not subject to the hour or earnings limitations in subsections (1) and (2) or the reporting requirements in subsection (3)."

Section 38. Section 19-3-1201, MCA, is amended to read:

(5) while an inactive member."

Section 39. Section 19-3-1202, MCA, is amended to read:

"19-3-1202. Amount of lump-sum death payment. *(1)* The amount of payment to be made to those eligible for death payments is the sum of subsections (1)*(a),* ~~(2)~~ *(1)(b)*, and ~~(3)~~ *(1)(c)* as follows:

~~(1)~~*(a)* the member's accumulated contributions;

~~(2)~~*(b)* an amount equal to one-twelfth of the compensation received by the member during the last 12 months of compensation multiplied by the smaller of six or the number of years of the member's service credit; and

~~(3)~~*(c)* the accumulated regular interest on the amounts in subsections ~~(1)~~ *(1)(a)* and ~~(2)~~ *(1)(b)* to the first day of the month in which the payment is made.

Section 41. Section 19-3-1210, MCA, is amended to read:

"19-3-1210. Death payments to designated beneficiaries of retired members. If a retired member dies without designating a contingent annuitant under 19-3-1501, the member's designated beneficiary *or estate* must be paid the amount, if any, of the member's accumulated contributions calculated as of the day of the member's retirement minus the total of any retirement benefits already paid from the member's account."

Section 42. Section 19-3-1501, MCA, is amended to read:

"19-3-1501. Optional forms of benefits — designation of contingent annuitant. (1) The retirement benefit of a member or the survivorship benefit of a designated beneficiary who so elects must be converted, in lieu of all other benefits under this chapter, into an optional retirement benefit that is the actuarial equivalent of the original benefit. The optional retirement benefit is initially payable during the member's or designated beneficiary's lifetime, with a subsequent benefit to a contingent annuitant as follows:

(a) option 2—a continuation of the reduced amount after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(b) option 3—a continuation of one-half of the reduced amount after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(c) option 4—upon the initial payee's death, other actuarially equivalent amounts payable to a contingent annuitant as may be approved by the board.

(2) The member or the designated beneficiary who elects an optional retirement benefit shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(3) If a benefit recipient or the recipient's contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(4) If a member dies after retirement and within 30 days from the date that the member's written application electing or changing an election of an optional retirement benefit is received by the board, then the election is void.

(5) (a) Upon filing a written application with the board, a retired member who is receiving an optional retirement benefit that became effective before October 1, 1999, may designate a different contingent annuitant, select a different option, or convert the member's optional retirement benefit to a regular retirement benefit if:

(i) the original contingent annuitant has died; or

(ii) the member's marriage to the original contingent annuitant has been dissolved and the original contingent annuitant has ~~not been granted the~~ *no* right to receive the optional retirement benefit as part of ~~the dissolution settlement or~~ *a* family law order*, as defined in 19-2-907*.

(b) Upon receipt of the written application, the board shall actuarially adjust the member's monthly retirement benefit to reflect the change.

(6) (a) A retired member receiving an optional retirement benefit pursuant to subsection (1)(a) or (1)(b) that is initially effective on or after October 1, 1999, may file a written application with the board to have the optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement*, designate a different contingent annuitant, or select a different option* if:

(ii) the member's marriage to the contingent annuitant is dissolved and the beneficiary ~~was not granted the~~ *has no* right to receive the optional retirement benefit as part of ~~the dissolution settlement or~~ a family law order, in which case the benefit must revert effective on the first day of the month following receipt of the written application and verification that the ~~dissolution settlement or~~ family law order does not grant the optional benefit to the contingent annuitant.

(b) A regular retirement benefit provided pursuant to this subsection (6) must be increased by the ~~value~~ *amount* of any postretirement adjustments received by the member since the effective date of the member's retirement.

(7) A written application pursuant to subsection (5) or (6) must be filed with the board within 18 months of the death of or dissolution of marriage to the contingent annuitant."

(1) changes to current administrative processes and the impact of those changes on employers be minimized to the extent possible;

(2) the administrative structure for the plan be configured in an economical and efficient manner;

Section 44. Section 19-3-2111, MCA, is amended to read:

Section 74. Section 19-7-601, MCA, is amended to read:

"19-7-601. Disability retirement benefit. *(1)* ~~In the case of the disability of a member, regardless of the member's length of service~~, *A member who becomes disabled must be granted* a disability retirement benefit ~~must be awarded to the member based on~~ *that is* the actuarial equivalent of the ~~member's~~ service retirement benefit under 19-7-503 standing to the member's credit at the time of the member's disability retirement. ~~If the disability is~~

(2) A member who becomes disabled as a direct result of the member's service ~~as a member~~ in the line of duty~~, then the member must be awarded a benefit of one-half of the member's highest average compensation.~~:

(b) after completing 20 years or more of membership service must receive a disability retirement benefit equal to 2.5% of the member's highest average compensation for each year of service credit."

Section 75. Section 19-7-801, MCA, is amended to read:

"19-7-801. Membership in municipal police officers' retirement system prior to or following city-county consolidation — payment of benefits by two systems. (1) A law enforcement officer who has not changed employment but who has, because of a city-county consolidation, been transferred either from a city police force to a county sheriff's department or from a county sheriff's department to a city police force as a law enforcement officer is eligible for a service retirement benefit if the officer's combined service *credit* in the sheriffs' retirement system and the municipal police officers' retirement system satisfies the minimum membership service requirement of the system to which the officer last made contributions. A member who has elected to continue membership in the public employees' retirement system under 19-7-301 may continue the election. However, credit for service in the public employees' retirement system that has not been transferred prior to January 1, 1979, may not be transferred.

(2) A member of the municipal police officers' retirement system who begins employment in a position covered by the sheriffs' retirement system following a city-county consolidation may remain in the municipal police officers' retirement system or elect to become a member of the sheriffs' retirement system by filing a written election with the board no later than 30 days after beginning the employment.

(3) Eligibility for and calculation of disability retirement, death benefits, and refund of contributions are governed by the provisions of the retirement system to which the officer last made contributions.

(4) The service retirement benefit of a member described in subsection (1) must be calculated separately for each system based on the service ~~credited~~ *credit* under each system. The calculation for the sheriffs' retirement system portion of the benefit must include the appropriate reduction in the retirement benefit for an optional retirement benefit elected under 19-7-1001. The final salary or highest average compensation for each calculation must be based on the highest compensation earned while a member of either system. Each system shall pay its proportionate share, based on the number of years of service ~~credited~~ *credit*, of the combined benefit.

(5) Upon the death of a retired member receiving a service retirement benefit under this section, the survivor or contingent annuitant and the continuing benefit must be determined separately for each system as follows:

(a) For the municipal police officers' retirement system portion of the benefit, the surviving spouse must receive a benefit equal to the municipal police officers' retirement system portion of the service retirement benefit as calculated at the time of the member's retirement. If the retired member leaves no surviving spouse or upon the death of the surviving spouse, the retired member's surviving dependent child, or children collectively if there are more than one, must receive the same monthly benefits that a surviving spouse would receive for as long as the child or one of the children remains dependent, as

defined in 19-9-104. The benefits must be made to the child's appointed guardian for the child's use. If there is more than one dependent child, upon each child no longer qualifying as dependent under 19-9-104, the pro rata benefits to that child must cease and be paid to the remaining children until all the children are no longer dependent.

(b) For the sheriffs' retirement system portion of the benefit:

(i) the contingent annuitant must receive a continuing benefit as determined under 19-7-1001, if the retired member elected an optional retirement benefit; or

(ii) if the retired member did not elect an optional retirement benefit, any payment owed the retired member, including the excess, if any, of the retired member's accumulated contributions standing to the retired member's credit at the time of retirement less payments made to the retired member must be paid to the retired member's designated beneficiary."

Section 78. Section 19-7-805, MCA, is amended to read:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-16-102, MCA, is amended to read:

"15-16-102. Time for payment — penalty for delinquency. Unless suspended or canceled under the provisions of Title 15, chapter 24, part 17, all taxes levied and assessed in the state of Montana, except assessments made for special improvements in cities and towns payable under 15-16-103, are payable as follows:

(1) One-half of the taxes are payable on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, and one-half are payable on or before 5 p.m. on May 31 of each year.

(2) Unless one-half of the taxes are paid on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, the amount payable is delinquent and draws interest at the rate of 5/6 of 1% a month from and after the delinquency until paid and 2% must be added to the delinquent taxes as a penalty.

(3) All taxes due and not paid on or before 5 p.m. on May 31 of each year are delinquent and draw interest at the rate of 5/6 of 1% a month from and after the delinquency until paid, and 2% must be added to the delinquent taxes as a penalty.

(4) (a) If the date on which taxes are due falls on a holiday or Saturday, taxes may be paid without penalty or interest on or before 5 p.m. of the next business day in accordance with 1-1-307.

(b) If taxes on property qualifying under the low-income property tax assistance provisions of 15-6-134(1)(c) and 15-6-191 are paid within 20 calendar days of the date on which the taxes are due, the taxes may be paid without penalty or interest. (5) A taxpayer may pay current year taxes without paying delinquent taxes. The county treasurer shall accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full taxable years, provided that taxes for both halves of the current tax year have been paid. Payment of taxes for delinquent taxes must be applied to the taxes that have been delinquent the longest. The payment of taxes for the current tax year is not a redemption of the property tax lien for any delinquent tax year.

(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.

(7) If the department revises an assessment that results in an additional tax of $5 or less, an additional tax is not owed and a new tax bill does not need to be prepared.

(8) The county treasurer may accept a partial payment of centrally assessed property taxes as provided in 76-3-207."

Section 2. Section 76-3-207, MCA, is amended to read:

(a) within a platted subdivision filed with the county clerk and recorder, a division of lots that results in an increase in the number of lots or ~~which~~ *that* redesigns or rearranges six or more lots must be reviewed and approved by the governing body and an amended plat must be filed with the county clerk and recorder;

(d) The department shall adopt rules to assist all interested parties involved in the design, construction, and inspection processes in determining structural impracticality.

(5) (a) If a paved parking lot is not planned or present for a public building, a person or entity constructing the public building is not required to pave the entire lot, unless otherwise required by law, ordinance, or applicable building code, but shall provide pavement or a similarly firm, stable, and slip-resistant surface for parking spaces designated for persons with disabilities.

(2) The department shall adopt additional rules and standards governing the certification of ~~municipal and~~ county, *city, and town* building code enforcement programs that must include provisions for prompt revocation of certification for refusal or failure to comply with any applicable statute or rule. The department may allow a county, ~~or municipality~~ *city, or town* a reasonable amount of time, not to exceed 6 months, to correct identified code enforcement program deficiencies, unless the deficiencies constitute an immediate threat to the public health, safety, or welfare, in which case the department may require immediate correction. Failure to correct deficiencies within the time set by the department constitutes a basis for immediate decertification of the code enforcement program. Continued operation of a county, ~~or municipal~~ *city, or*

The rules and standards must include provisions for the department to ensure that all code enforcement program functions are being properly performed.

(3) If the certification of any local government code enforcement program is revoked for any violation or deficiency, the state resumes its original jurisdiction for state building code enforcement within the ~~municipal or~~ county, *city, or town* area and the local government retains the responsibility for completion of inspections and issuance of certificates of occupancy on any incomplete construction projects previously permitted by the ~~local government~~ *county, city, or town*, unless the reason for the decertification is directly related to the protection of health, safety, and welfare of the public.

(4) If a ~~local government~~ *county, city, or town* voluntarily decertifies its code enforcement program, the department must be given written notification of the intended decertification at least 90 days prior to the date of decertification. The ~~local government~~ *county, city, or town* retains the responsibility for completion of inspections and issuance of certificates of occupancy on any incomplete construction projects permitted by the ~~local government~~ *county, city, or town* prior to decertifying its code enforcement program."

Additional inspections need not be conducted."

Section 19. Section 50-60-506, MCA, is amended to read:

"50-60-506. Exceptions to permit requirement. (1) ~~No~~ *A* permit is *not* required for any minor replacement or repair work, the performance of which does not have a significant potential for creating a condition hazardous to public health and safety.

(2) ~~No~~ *A* permit is *not* required where the installation is exempt under the provisions of 37-69-102 or 50-60-503.

(3) ~~No~~ *A* state permit is *not* required whenever the installation occurs in an area governed by a ~~municipality~~ *county, city, or town* and where there is in effect a ~~municipal~~ *county, city, or town* building code ~~which~~ *that* covers plumbing installations and ~~which~~ *that* provides inspection procedures.

(4) ~~Nothing contained in this~~ *This* part ~~shall~~ *does not* prohibit the owner of residential property from making an installation for all sanitary plumbing and potable water supply piping without a permit ~~providing he~~ *if the owner personally* does the work ~~himself~~.

As part of any inspection, the inspector shall require proof of licensure from any person who is required to be licensed who is involved with or, in the inspector's judgment, appears to be involved with electrical installations if the person is on the site. Section 1. Section 46-14-102, MCA, is amended to read:

"46-14-102. Evidence of mental disease or defect *or developmental disability* admissible to prove state of mind. Section 2. Section 46-14-103, MCA, is amended to read:

"46-14-103. Mental disease or defect *or developmental disability* excluding fitness to proceed. Section 3. Section 46-14-206, MCA, is amended to read:

When the issue is raised, it must be determined by the court. If

neither the prosecutor nor the defendant's counsel contests the finding of the report filed under 46-14-206, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to subpoena and cross-examine the psychiatrists or licensed clinical psychologists who joined in the report and to offer evidence upon the issue.

(2) (a) If the court determines that the defendant lacks fitness to proceed, the proceeding against the defendant must be suspended, except as provided in subsection (4), and the court shall commit the defendant to the custody of the director of the department of public health and human services to be placed in an appropriate ~~institution~~ *mental health facility, as defined in 53-21-102, or residential facility, as defined in 53-20-102,* of the department of public health and human services for so long as the unfitness endures *or until disposition of the defendant is made pursuant to this section, whichever occurs first.*

The court shall enter into the record a detailed statement of the facts upon which an order is made, and if compliance with the individualized treatment plan is ordered, the court shall also enter into the record specific findings that the state has proved an overriding justification for the order and that the treatment being ordered is medically appropriate.

~~(c)~~*(3) (a)* The committing court shall, within 90 days of commitment, review the defendant's fitness to proceed. If the court finds that the defendant is still unfit to proceed and that it does not appear that the defendant will become fit to proceed within the reasonably foreseeable future, the proceeding against the defendant must be dismissed, except as provided in subsection (4)~~, and the~~.

(b) If the court determines that the defendant lacks fitness to proceed because the defendant has a mental disorder, the proceeding against the defendant must be dismissed and the prosecutor shall petition the court in the manner provided in Title 53, chapter ~~20 or~~ 21, ~~whichever is appropriate,~~ to determine the disposition of the defendant pursuant to those provisions.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution that is susceptible to fair determination prior to trial and that is made without the personal participation of the defendant.

(5) The expenses of sending the defendant to the custody of the director of the department of public health and human services to be placed in an appropriate institution of the department of ~~corrections~~ *public health and human services*, of keeping the defendant there, and of bringing the defendant back are payable by the state as a district court expense."

Whenever a defendant is convicted on a verdict of guilty or a plea of guilty or nolo contendere and claims that at the time of the commission of the offense of which convicted the defendant was suffering from a mental disease or defect *or developmental disability* that rendered the defendant unable to appreciate the criminality of the defendant's behavior or to conform the defendant's behavior to the requirements of law, the sentencing court shall consider any relevant evidence presented at the trial and shall require additional evidence ~~as~~ *that* it considers necessary for the determination of the issue, including examination of the defendant and a report of the examination as provided in 46-14-202 and 46-14-206."

Section 6. Section 46-14-312, MCA, is amended to read:

"46-14-312. Sentence to be imposed. The authority of the court with regard to sentencing is the same as authorized in Title 46, chapter 18, if the treatment of the individual and the protection of the public are provided for.

Assessments made under this subsection ~~(5)(a)~~ *(6)(a)* or funds from any other source must be allocated to the association plan and the association portability plan in proportion to the needs of the two plans. If the needs of the association plan and the association portability plan exceed the funds generated by the 1%

assessment, the association is then authorized to spend any funds appropriated by the legislature for the support of the plans. Any appropriation to the association may be expended for the operation of the association plan or the association portability plan.

(ii) (A) Payment of an assessment is due within 30 days of receipt by a member of a written notice of the annual assessment. After 30 days, the association shall charge a member:

(I) a late payment penalty of 1.5% a month or fraction of a month on the unpaid assessment, not to exceed 18% of the assessment due;

(II) interest at the rate of 12% a year on the unpaid assessment, to be accrued at 1% a month or fraction of a month; or

(III) both of the charges in subsections ~~(5)(a)(ii)(A)(I)~~ *(6)(a)(ii)(A)(I)* and ~~(5)(a)(ii)(A)(II)~~ *(6)(a)(ii)(A)(II)*.

(B) Failure by a contributing member to tender the association assessment within the 30-day period is grounds for termination of membership. A member terminated for failure to tender the association assessment is ineligible to write health care benefit policies or contracts in this state under 33-22-1503(2).

(iii) An associate member that ceases to do disability insurance business within the state remains liable for assessments through the calendar year in which the member ceased doing disability insurance business. The association may decline to levy an assessment against an association member if the assessment, as determined pursuant to this section, would not exceed $50.

(b) For purposes of this subsection ~~(5)~~ *(6)*, "total disability insurance premium" does not include premiums received from disability income insurance, credit disability insurance, disability waiver insurance, life insurance, medicare risk or other similar medicare health maintenance organization payments, or medicaid health maintenance organization payments.

(c) Any income in excess of the incurred or estimated claims expenses of the association plan and the association portability plan and the operating and administrative expenses of the association must be held at interest and used by the association to offset past and future losses because of claims expenses of the association plan and the association portability plan or be allocated to reduce association plan premiums.

~~(6)~~*(7)* The proportion of the annual assessment allocated to the operation and expenses of the association plan, not to include any amount of late payment penalty or interest charged, may be offset by an association member against the premium tax payable by that association member pursuant to 33-2-705 for the year in which the annual assessment is levied. The commissioner shall report to the office of budget and program planning, as a part of the information required by 17-7-111, the total amount of premium tax offset claimed by association members during the preceding biennium. The proportion of the annual assessment allocated to the operation and expenses of the association portability plan and levied against an association member may not be offset against the premium tax payable by that association member."

Section 4. Section 33-22-1516, MCA, is amended to read:

(c) written evidence that the person fulfills all of the elements of an eligible person, as defined in 33-22-1501; and

(d) a designation of coverage desired.

(2) Within 30 days of receipt of the certificate, the lead carrier shall either reject the application for failing to comply with the requirements of subsection (1) or forward the eligible person a notice of acceptance and billing information. Insurance is effective on the first of the month following acceptance.

(3) An eligible person may not purchase more than one policy from the association plan.

(4) A person who obtains coverage under the association plan may not be covered for any preexisting condition during the first 12 months of coverage under the association plan if the person was diagnosed or treated for that condition during the 3 years immediately preceding the filing of an application. The association may not apply a preexisting condition exclusion to coverage under the association portability plan if application for association portability plan coverage is made *by a federally defined eligible individual or a qualified TAA-eligible individual* within 63 days following termination of the applicant's most recent prior creditable coverage. The association shall waive any time period applicable to a preexisting condition exclusion for the period of time that any other eligible individual, *including an individual who is eligible pursuant to 33-22-1501(7)(a)(ii)(B),* was covered under the following types of coverage if the coverage was continuous to a date not more than 30 days prior to submission of an application for coverage under the association plan:

(b) an employer-based health insurance benefit arrangement that provides benefits similar to or exceeding the benefits provided by the association plan."

Section 5. Section 33-22-1524, MCA, is amended to read:

"33-22-1524. Association authority for borrowing. (1) If the amount of the annual assessment collected under 33-22-1513~~(5)~~*(6)* and other available funds is insufficient to meet incurred or estimated claims expenses of the association plan and the association portability plan and the operating and administrative expenses of the association, the association may borrow from the board of investments for a period not to exceed 2 years any funds necessary for the continued operation of the association plan and the association portability plan. The loaned funds may be used only to pay incurred or estimated claims expenses of the association plan and the association portability plan and the operating and administrative expenses of the association.

(2) Whenever the association accepts a loan from the board of investments pursuant to this section, it shall repay the loan and any interest required under the terms of the loan through assessments and premium income. In accordance

with the constitutions of the United States and the state of Montana, the state pledges that it may not in any way impair the obligations of any loan agreement between the association and the board of investments by repealing the assessment imposed by 33-22-1513~~(5)~~*(6)* or by reducing it below the amount necessary to make annual loan payments."

(18) "Psychological abuse or neglect" means severe maltreatment through acts or omissions that are injurious to the child's emotional, intellectual, or psychological capacity to function, including acts of violence against another person residing in the child's home.

(19) "Reasonable cause to suspect" means cause that would lead a reasonable person to believe that child abuse or neglect may have occurred or is occurring, based on all the facts and circumstances known to the person.

(20) "Residential setting" means an out-of-home placement where the child typically resides for longer than 30 days for the purpose of receiving food, shelter, security, guidance, and, if necessary, treatment.

(21) (a) "Sexual abuse" means the commission of sexual assault, sexual intercourse without consent, indecent exposure, deviate sexual conduct, sexual abuse, ritual abuse, or incest, as described in Title 45, chapter 5.

(b) Sexual abuse does not include any necessary touching of an infant's or toddler's genital area while attending to the sanitary or health care needs of that infant or toddler by a parent or other person responsible for the child's welfare.

(22) "Sexual exploitation" means allowing, permitting, or encouraging a child to engage in a prostitution offense, as described in 45-5-601 through 45-5-603, or allowing, permitting, or encouraging sexual abuse of children as described in 45-5-625.

(23) *(a)* "Social worker" means an employee of the department who, before the employee's field assignment, has been educated or trained in a program of social work or a related field that includes cognitive and family systems treatment or who has equivalent verified experience or verified training in the investigation of child abuse, neglect, and endangerment.

(b) This definition does not apply to any provision of this code that is not in this chapter.

(24) "Treatment plan" means a written agreement between the department and the parent or guardian or a court order that includes action that must be taken to resolve the condition or conduct of the parent or guardian that resulted in the need for protective services for the child. The treatment plan may involve court services, the department, and other parties, if necessary, for protective services.

(25) "Unfounded" means that after an investigation, the investigating person has determined that the reported abuse, neglect, or exploitation has not occurred.

(26) (a) "Withholding of medically indicated treatment" means the failure to respond to an infant's life-threatening conditions by providing treatment, including appropriate nutrition, hydration, and medication, that, in the treating physician's or physicians' reasonable medical judgment, will be most likely to be effective in ameliorating or correcting the conditions.

(b) The term does not include the failure to provide treatment, other than appropriate nutrition, hydration, or medication, to an infant when, in the treating physician's or physicians' reasonable medical judgment:

(i) the infant is chronically and irreversibly comatose;

(ii) the provision of treatment would:

(A) merely prolong dying;

(B) not be effective in ameliorating or correcting all of the infant's life-threatening conditions; or

(C) otherwise be futile in terms of the survival of the infant; or

(iii) the provision of treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane. For purposes of this subsection (26), "infant" means an infant less than 1 year of age or an infant 1 year of age or older who has been continuously hospitalized since birth, who was born extremely prematurely, or who has a long-term disability. The reference to less than 1 year of age may not be construed to imply that treatment should be changed or discontinued when an infant reaches 1 year of age or to affect or limit any existing protections available under state laws regarding medical neglect of children 1 year of age or older.

(27) "Youth in need of care" means a youth who has been adjudicated or determined, after a hearing, to be or to have been abused, neglected, or abandoned."

CHAPTER NO. 459

[SB 366]

AN ACT REVISING THE RECLAMATION REQUIREMENTS FOR METAL MINES; AMENDING SECTION 82-4-336, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-336, MCA, is amended to read:

"82-4-336. Reclamation plan and specific reclamation requirements. (1) Taking into account the site-specific conditions and circumstances, disturbed lands must be reclaimed consistent with the requirements and standards set forth in this section.

(2) The reclamation plan must provide that reclamation activities, particularly those relating to control of erosion, to the extent feasible, must be conducted simultaneously with the operation and in any case must be initiated promptly after completion or abandonment of the operation on those portions of the complex that will not be subject to further disturbance.

(3) In the absence of an order by the department providing a longer period, the plan must provide that reclamation activities must be completed not more than 2 years after completion or abandonment of the operation on that portion of the complex.

(4) In the absence of emergency or suddenly threatened or existing catastrophe, an operator may not depart from an approved plan without

previously obtaining from the department written approval for the proposed change.

(5) Provision must be made to avoid accumulation of stagnant water in the development area to the extent that it serves as a host or breeding ground for mosquitoes or other disease-bearing or noxious insect life.

(6) All final grading must be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the department for a supervised sanitary fill.

(7) When mining has left an open pit exceeding 2 acres of surface area and the composition of the floor or walls of the pit are likely to cause formation of acid, toxic, or otherwise pollutive solutions ("objectionable effluents") on exposure to moisture, the reclamation plan must include provisions that adequately provide for:

(a) insulation of all faces from moisture or water contact by covering the faces with material or fill not susceptible itself to generation of objectionable effluents in order to mitigate the generation of objectionable effluents; ~~or~~

(b) processing of any objectionable effluents in the pit before they are allowed to flow or be pumped out of the pit to reduce toxic or other objectionable ratios to a level considered safe to humans and the environment by the department; ~~or~~

(c) drainage of any objectionable effluents to settling or treatment basins when the objectionable effluents must be reduced to levels considered safe by the department before release from the settling basin; or

(d) absorption or evaporation of objectionable effluents in the open pit itself; and

(e) prevention of entrance into the open pit by persons or livestock lawfully upon adjacent lands by fencing, warning signs, and other devices that may reasonably be required by the department.

(8) Provisions for vegetative cover must be required in the reclamation plan if appropriate to the future use of the land as specified in the reclamation plan. The reestablished vegetative cover must meet county standards for noxious weed control.

(9) (a) With regard to disturbed land other than open pits and rock faces, the reclamation plan must provide for the reclamation of all disturbed land to comparable utility and stability as that of adjacent areas.

(b) With regard to open pits and rock faces, the reclamation plan must provide *sufficient measures* for reclamation to a condition:

~~(i) of stability structurally competent to withstand geologic and climatic conditions without significant failure that would be a threat to public safety and the environment;~~

~~(ii) that affords some utility to humans or the environment; and~~

~~(iii) that mitigates postreclamation visual contrasts between reclamation lands and adjacent lands.~~

~~(c) The reclamation of open pits and rock faces does not require backfilling, in whole or in part, except and only to the extent necessary to meet the requirements of the applicable provisions of Title 75, chapters 2 and 5~~

(i) of stability structurally competent to withstand geologic and climatic conditions without significant failure that would be a threat to public safety and the environment;

(ii) that affords some utility to humans or the environment;

(iii) that mitigates postreclamation visual contrasts between reclamation lands and adjacent lands; and

(iv) that mitigates or prevents undesirable offsite environmental impacts.

(c) The use of backfilling as a reclamation measure is neither required nor prohibited in all cases. A department decision to require any backfill measure must be based on whether and to what extent the backfilling is appropriate under the site-specific circumstances and conditions in order to achieve the standards described in subsection (9)(b).

(10) The reclamation plan must provide sufficient measures to ensure public safety and to prevent the pollution of air or water and the degradation of adjacent lands.

(11) A reclamation plan must be approved by the department if it adequately provides for the accomplishment of the requirements and standards set forth in this section.

(12) The reclamation plan must provide for permanent landscaping and contouring to minimize the amount of precipitation that infiltrates into disturbed areas *that are to be graded, covered, or vegetated,* including but not limited to tailings impoundments and waste rock dumps. The plan must also provide measures to prevent objectionable postmining ground water discharges."

Section 2. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to permits and permit amendments approved by the department of environmental quality after September 30, 1995.

(4) A political committee that files with the commissioner a sworn statement to abide by the voluntary expenditure limits of this section but that exceeds those limits shall pay a fine of ~~$5,000~~ *$6,500* to the commissioner. This money must be deposited in a separate fund to be used to support the enforcement programs of the office of the commissioner.

(5) After July 1, 2004, all limits on voluntary spending in this section must be multiplied by an inflation factor, which is determined by dividing the consumer price index for June of the year prior to the year in which the general election is held by the consumer price index for June 2003. The resulting figure must be rounded up or down to the nearest $50 increment."

[SB 450]

AN ACT REVISING LAWS RELATED TO WORKERS' COMPENSATION; PROVIDING FOR DISCLOSURE AND COMMUNICATION OF HEALTH CARE INFORMATION FOR WORKERS' COMPENSATION PURPOSES WITHOUT PRIOR NOTICE TO THE INJURED EMPLOYEE; BARRING ATTORNEY FEES UNDER THE COMMON FUND DOCTRINE; EXCLUDING IMPAIRMENT RATINGS BASED EXCLUSIVELY ON PAIN;

INCREASING THE PERMANENT PARTIAL DISABILITY BENEFIT MAXIMUM ENTITLEMENT FROM 350 TO 375 WEEKS; AMENDING SECTIONS 39-71-604, 39-71-611, 39-71-612, 39-71-703, AND 50-16-527, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND APPLICABILITY DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-604, MCA, is amended to read:

"39-71-604. Application for compensation — *disclosure and communication without prior notice of health care information.* (1) If a worker is entitled to benefits under this chapter, the worker shall file with the insurer all reasonable information needed by the insurer to determine compensability. It is the duty of the worker's attending physician to lend all necessary assistance in making application for compensation and ~~such~~ proof of other matters ~~as~~ *that* may be required by the rules of the department without charge to the worker. The filing of forms or other documentation by the attending physician does not constitute a claim for compensation.

(2) A signed claim for workers' compensation or occupational disease benefits authorizes disclosure to the workers' compensation insurer, as defined in 39-71-116, or to the agent of a workers' compensation insurer by the health care provider. The disclosure authorized by this subsection authorizes the physician or other health care provider to disclose or release only information relevant to the claimant's condition. Health care information relevant to the claimant's condition may include past history of the complaints of or the treatment of a condition that is similar to that presented in the claim, conditions for which benefits are subsequently claimed, other conditions related to the same body part, or conditions that may affect recovery. A release of information related to workers' compensation must be consistent with the provisions of this subsection. Authorization under this section is effective only as long as the claimant is claiming benefits. This subsection may not be construed to restrict the scope of discovery or disclosure of health care information, as allowed under the Montana Rules of Civil Procedure, by the workers' compensation court or as otherwise provided by law.

(3) A signed claim for workers' compensation or occupational disease benefits or a signed release authorizes a workers' compensation insurer, as defined in 39-71-116, or the agent of the workers' compensation insurer to communicate with a physician or other health care provider about relevant health care information, as authorized in subsection (2), by telephone, letter, electronic communication, in person, or by other means, about a claim and to receive from the physician or health care provider the information authorized in subsection (2) without prior notice to the injured employee, to the employee's authorized representative or agent, or in the case of death, to the employee's personal representative or any person with a right or claim to compensation for the injury or death.

~~(2)~~*(4)* If death results from an injury, the parties entitled to compensation or someone in their behalf shall file a claim with the insurer. The claim must be accompanied with proof of death and proof of relationship, showing the parties entitled to compensation, certificate of the attending physician, if any, and such other proof as may be required by the department."

(3) Attorney fees may only be awarded under the provisions of subsection (1) and may not be awarded under the common fund doctrine or any other action or doctrine in law or equity."

(4) Attorney fees may only be awarded under the provisions of subsections (1) and (2) and may not be awarded under the common fund doctrine or any other action or doctrine in law or equity."

Section 4. Section 39-71-703, MCA, is amended to read:

"39-71-703. Compensation for permanent partial disability. (1) If an injured worker suffers a permanent partial disability and is no longer entitled to temporary total or permanent total disability benefits, the worker is entitled to a permanent partial disability award if that worker:

(a) has an actual wage loss as a result of the injury; and

(b) has a permanent impairment rating that:

(i) is not based exclusively on complaints of pain;

~~(i)~~*(ii)* is established by objective medical findings; and

~~(ii)~~*(iii)* is more than zero as determined by the latest edition of the American medical association Guides to the Evaluation of Permanent Impairment.

(2) When a worker receives an impairment rating as the result of a compensable injury and has no actual wage loss as a result of the injury, the worker is eligible for an impairment award only.

(3) ~~The~~ *Beginning July 1, 2003, the* permanent partial disability award must be arrived at by multiplying the percentage arrived at through the calculation provided in subsection (5) by ~~350~~ *375* weeks.

(4) A permanent partial disability award granted an injured worker may not exceed a permanent partial disability rating of 100%.

(5) The percentage to be used in subsection ~~(3)~~ *(4)* must be determined by adding all of the following applicable percentages to the impairment rating:

(a) if the claimant is 40 years of age or younger at the time of injury, 0%; if the claimant is over 40 years of age at the time of injury, 1%;

(b) for a worker who has completed less than 12 years of education, 1%; for a worker who has completed 12 years or more of education or who has received a graduate equivalency diploma, 0%;

(c) if a worker has no actual wage loss as a result of the industrial injury, 0%; if a worker has an actual wage loss of $2 or less an hour as a result of the industrial injury, 10%; if a worker has an actual wage loss of more than $2 an hour as a result of the industrial injury, 20%. Wage loss benefits must be based on the difference between the actual wages received at the time of injury and the wages that the worker earns or is qualified to earn after the worker reaches maximum healing.

(d) if a worker, at the time of the injury, was performing heavy labor activity and after the injury the worker can perform only light or sedentary labor activity, 5%; if a worker, at the time of injury, was performing heavy labor activity and after the injury the worker can perform only medium labor activity, 3%; if a worker was performing medium labor activity at the time of the injury and after the injury the worker can perform only light or sedentary labor activity, 2%.

(6) The weekly benefit rate for permanent partial disability is 66 2/3% of the wages received at the time of injury, but the rate may not exceed one-half the state's average weekly wage. The weekly benefit amount established for an injured worker may not be changed by a subsequent adjustment in the state's average weekly wage for future fiscal years.

(7) If a worker suffers a subsequent compensable injury or injuries to the same part of the body, the award payable for the subsequent injury may not duplicate any amounts paid for the previous injury or injuries.

(8) If a worker is eligible for a rehabilitation plan, permanent partial disability benefits payable under this section must be calculated based on the wages that the worker earns or would be qualified to earn following the completion of the rehabilitation plan.

(9) As used in this section:

(a) "heavy labor activity" means the ability to lift over 50 pounds occasionally or up to 50 pounds frequently;

(b) "medium labor activity" means the ability to lift up to 50 pounds occasionally or up to 25 pounds frequently;

(c) "light labor activity" means the ability to lift up to 20 pounds occasionally or up to 10 pounds frequently; and

(d) "sedentary labor activity" means the ability to lift up to 10 pounds occasionally or up to 5 pounds frequently."

Section 5. Section 50-16-527, MCA, is amended to read:

(2) Except for authorizations to provide information to third-party health care payors, an authorization may not permit the release of health care information relating to health care that the patient receives more than 6 months after the authorization was signed.

(3) Health care information disclosed under an authorization is otherwise subject to this part. An authorization becomes invalid after the expiration date contained in the authorization, which may not exceed 30 months. If the authorization does not contain an expiration date, it expires 6 months after it is signed.

(4) Notwithstanding subsections (2) and (3), a signed claim for workers' compensation or occupational disease benefits authorizes disclosure to the workers' compensation insurer, as defined in 39-71-116, *or to the agent of a workers' compensation insurer* by the health care provider. The disclosure authorized by this subsection authorizes the physician or other health care provider to disclose or release only information relevant to the claimant's condition. Health care information relevant to the claimant's condition may include past history of the complaints of or the treatment of a condition that is similar to that presented in the claim, conditions for which benefits are subsequently claimed, other conditions related to the same body part, or conditions that may affect recovery. A release of information related to workers' compensation must be consistent with the provisions of this subsection. Authorization under this section is effective only as long as the claimant is claiming benefits. This subsection may not be construed to restrict the scope of discovery or disclosure of health care information as allowed under the Montana Rules of Civil Procedure, by the workers' compensation court, or as otherwise provided by law.

(5) A signed claim for workers' compensation or occupational disease benefits or a signed release authorizes a workers' compensation insurer, as defined in 39-71-116, or the agent of the workers' compensation insurer to communicate with a physician or other health care provider about relevant health care information, as authorized in subsection (4), by telephone, letter, electronic communication, in person, or by other means, about a claim and to receive from the physician or health care provider the information authorized in subsection (4) without prior notice to the injured employee, to the employee's authorized representative or agent, or in the case of death, to the employee's personal representative or any person with a right or claim to compensation for the injury or death."

AN ACT PROVIDING AN EXCEPTION FROM THE REQUIREMENT TO PAY STANDARD PREVAILING WAGES FOR AN EMPLOYER WHO, AS A NONPROFIT ORGANIZATION PROVIDING VOCATIONAL REHABILITATION, PERFORMS A PUBLIC WORKS CONTRACT FOR NONCONSTRUCTION SERVICES AND WHO EMPLOYS AN INDIVIDUAL WHOSE EARNING CAPACITY IS IMPAIRED BY A MENTAL, EMOTIONAL, OR PHYSICAL DISABILITY IF THE EMPLOYER CONFORMS WITH THE FEDERAL FAIR LABOR STANDARDS ACT AND PAYS THE INDIVIDUAL WAGES THAT ARE EQUAL TO OR ABOVE THE STATE'S MINIMUM WAGE; AMENDING SECTIONS 18-2-403 AND 18-2-407, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 18-2-403, MCA, is amended to read:

"18-2-403. Preference of Montana labor in public works — wages — tax-exempt project — federal exception. (1) In every public works contract, there must be inserted in the bid specification and the public works contract a provision requiring the contractor to give preference to the employment of bona fide residents of Montana in the performance of the work.

(2) All public works contracts for construction services under subsection (1), except those for heavy and highway construction, that are conducted at the

project location or under special circumstances must contain a provision requiring the contractor to pay:

(a) the travel allowance that is in effect and applicable to the district in which the work is being performed; and

(b) the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that:

(i) meets the requirements of the Employee Retirement Income Security Act of 1974 and other bona fide programs approved by the United States department of labor; and

(ii) is in effect and applicable to the district in which the work is being performed.

(3) In every public works contract for heavy and highway construction, there must be inserted a provision to require the contractor to pay the heavy and highway construction wage rates established statewide for heavy and highway construction services conducted at the project location or under special circumstances.

(4) ~~All~~ *Except as provided in subsection (5), all* public works contracts for nonconstruction services under subsection (1) must contain a provision requiring the contractor to pay:

(a) the travel allowance that is in effect and applicable to the district in which the work is being performed; and

(b) the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that:

(i) meets the requirements of the Employee Retirement Income Security Act of 1974 and other bona fide programs approved by the United States department of labor; and

(ii) is in effect and applicable to the district in which the work is being performed.

(5) An employer who, as a nonprofit organization providing individuals with vocational rehabilitation, performs a public works contract for nonconstruction services and who employs an individual whose earning capacity is impaired by a mental, emotional, or physical disability may pay the individual wages that are less than the standard prevailing wage if the employer complies with the provisions of section 214(c) of the Fair Labor Standards Act of 1938, 29 U.S.C. 214 and 29 CFR, part 525, and the wages paid are equal to or above the minimum wage required in 39-3-404.

~~(5)~~*(6)* Transportation of goods, supplies, materials, and manufactured or fabricated items to or from the project location is not subject to payment of the standard prevailing rate of wages.

~~(6)~~*(7)* A contract, other than a public works contract, let for a project costing more than $25,000 and financed from the proceeds of bonds issued under Title 17, chapter 5, part 15, or Title 90, chapter 5 or 7, ~~on or after July 1, 1993,~~ must contain a provision requiring the contractor to pay the standard prevailing wage rate in effect and applicable to the district in which the work is being performed unless the contractor performing the work has entered into a collective bargaining agreement covering the work to be performed.

~~(7)~~*(8)* A public works contract may not be let to any person, firm, association, or corporation refusing to execute an agreement with the provisions described in

subsections (1) through ~~(6)~~ *(7)* in it, provided that in public works contracts involving the expenditure of federal-aid funds, this part may not be enforced in a manner as to conflict with or be contrary to the federal statutes prescribing a labor preference to honorably discharged veterans of the armed forces and prohibiting as unlawful any other preference or discrimination among citizens of the United States.

~~(8)~~*(9)* Failure to include the provisions required by 18-2-422 in a public works contract relieves the contractor from the contractor's obligation to pay the standard prevailing wage rate and places the obligation on the public contracting agency."

Section 2. Section 18-2-407, MCA, is amended to read:

"18-2-407. Forfeiture for failure to pay standard prevailing wage. (1) ~~Any~~ *Except as provided in 18-2-403, a* contractor, subcontractor, or employer who pays workers or employees at less than the standard prevailing wage as established under the public works contract shall forfeit to the department a penalty at a rate of up to 20% of the delinquent wages plus fringe benefits, attorney fees, audit fees, and court costs. Money collected by the department under this section must be deposited in the general fund. A contractor, subcontractor, or employer shall also forfeit to the employee the amount of wages owed plus $25 a day for each day that the employee was underpaid.

(2) Whenever it appears to the contracting agency or to the Montana commissioner of labor and industry that there is insufficient money due to the contractor or the employer under the terms of the contract to cover penalties, the Montana commissioner of labor and industry may, within 90 days after the filing of notice of completion of the project and its acceptance by the contracting agency, maintain an action in district court to recover all penalties and forfeitures due. This part does not prevent the individual worker who has been underpaid or the commissioner of labor and industry on behalf of all the underpaid workers from maintaining an action for recovery of the wages due under the contract as provided in Title 39, chapter 3, part 2, except that appeal of the hearings officer's decision is made directly to district court rather than to the board of personnel appeals."

Section 3. Effective date — applicability. [This act] is effective on passage and approval and applies to contracts entered into on or after [the effective date of this act].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-201, MCA, is amended to read:

"75-5-201. Board rules authorized. (1) *(a)* The board shall, subject to the provisions of 75-5-203, adopt rules for the administration of this chapter.

(b) The board shall adopt rules that describe the location and the times of the year when suction dredging is permissible. These rules may be adopted only after consultation with the local conservation districts in the areas subject to the rule.

(2) The board's rules may include a fee schedule or system for assessment of administrative penalties as provided under 75-5-611."

Section 2. Section 75-5-516, MCA, is amended to read:

"75-5-516. Fees authorized for recovery — process — rulemaking. (1) ~~The~~ *Except as provided in subsection (12), the* board shall by rule prescribe fees to be assessed by the department that are sufficient to cover the board's and department's documented costs, both direct and indirect, of:

(a) reviewing and acting upon an application for a permit, permit modification, permit renewal, certificate, license, or other authorization required by rule under 75-5-201 or 75-5-401;

(b) reviewing and acting upon a petition for a degradation allowance under 75-5-303;

(c) reviewing and acting upon an application for a permit, certificate, license, or other authorization for which an exclusion is provided by rule from the permitting requirements established under 75-5-401;

(d) enforcing the terms and conditions of a permit or authorization identified in subsections (1)(a) through (1)(c). If the permit or authorization is not issued, the department shall return this portion of any application fee to the applicant.

(e) conducting compliance inspections and monitoring effluent and ambient water quality; and

(f) preparing water quality rules or guidance documents.

(2) ~~The~~ *Except as provided in subsection (12), the* rules promulgated by the board under this section must include:

(a) a fee on all applications for permits or authorizations, as identified in subsections (1)(a) through (1)(c), that recovers to the extent permitted by this subsection (2) the department's cost of reviewing and acting upon the applications. This fee may not be more than $5,000 per discharge point for an application addressed under subsection (1), except that an application with multiple discharge points may be assessed a lower fee for those points according to board rule.

(b) an annual fee to be assessed according to the volume and concentration of waste discharged into state waters. The annual fee may not be more than $3,000 per million gallons discharged per day on an annual average for any activity under permit or authorization, as described in subsection (1), except that:

(i) a permit or authorization with multiple discharge points may be assessed a lower fee for those points according to board rule; and

(ii) a facility that consistently discharges effluent at less than or equal to one-half of its effluent limitations and that is in compliance with other permit requirements, using the previous calendar year's discharge data, is entitled to a 25% reduction in its annual permit fee. Proportionate reductions of up to 25% of the permit fee may be given to facilities that consistently discharge effluent at levels between 50% and 100% of their effluent limitations. However, a new permittee is not eligible for a fee reduction in its first year of operation, and a

permittee with a violation of any effluent limit during the previous calendar year is not eligible for a fee reduction for the following year.

(3) To the extent permitted under subsection (2)(b), the annual fee must be sufficient to pay the department's estimated cost of conducting all tasks described under subsection (1) after subtracting:

(a) the fees collected under subsection (2)(a);

(b) state general fund appropriations for functions administered under this chapter; and

(c) federal grants for functions administered under this chapter.

(4) For purposes of subsection (3), the department's estimated cost of conducting the tasks described under subsection (1) is the amount authorized by the legislature for the department's water quality discharge permit programs.

(5) If the applicant or holder fails to pay a fee assessed under this section or rules adopted under this section within 90 days after the date established by rule for fee payment, the department may:

(a) impose an additional assessment consisting of not more than 20% of the fee plus interest on the required fee computed as provided in 15-1-216; or

(b) suspend the permit or exclusion. The department may lift the suspension at any time up to 1 year after the suspension occurs if the holder has paid all outstanding fees, including all penalties, assessments, and interest imposed under subsection (5)(a).

(6) Fees collected pursuant to this section must be deposited in an account in the special revenue fund type pursuant to 75-5-517.

(7) The department shall give written notice to each person assessed a fee under this section of the amount of fee that is assessed and the basis for the department's calculation of the fee. This notice must be issued at least 30 days prior to the due date for payment of the assessment.

(8) A holder of or an applicant for a permit, certificate, or license may appeal the department's fee assessment to the board within 20 days after receiving written notice of the department's fee determination under subsection (7). The appeal to the board must include a written statement detailing the reasons that the permitholder or applicant considers the department's fee assessment to be erroneous or excessive.

(9) If part of the department's fee assessment is not in dispute in an appeal filed under subsection (8), the undisputed portion of the fee must be paid to the department upon written request of the department.

(10) The contested case provisions of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, part 6, apply to a hearing before the board under this section.

(11) A municipality may raise rates to cover costs associated with the fees prescribed in this section for a public sewer system without the hearing required in 69-7-111.

(12) (a) The application fee assessed pursuant to this section for a suction dredge, as described in 82-4-310(2), may not be more than:

(i) $25 if it is owned and operated by a resident of this state; or

(ii) $100 if it is owned and operated by a nonresident of this state.

(b) The annual fee assessed pursuant to this section for a suction dredge, as described in 82-4-310(2), may not be more than:

(i) $25 if it is owned and operated by a resident of this state; or

(ii) $100 if it is owned and operated by a nonresident of this state."

Section 3. Section 82-4-310, MCA, is amended to read:

(b) (i) the preliminary plat provides long-term protection of critical wildlife habitat; cultural, historical, or natural resources; agricultural interests; or aesthetic values; and

(ii) the area of the land proposed to be subdivided, by virtue of providing long-term protection provided for in subsection (6)(b)(i), is reduced by an amount equal to or exceeding the area of the dedication required under subsection (1); ~~or~~

Payment of the late renewal fee does not relieve the operator of responsibility for operating without a license.

(3) The department shall deposit the annual fees collected under subsection (1) as follows:

(a) 88% into the state special revenue fund to the credit of the local board inspection fund account, created in 50-2-108;

Payment of the late renewal fee does not relieve the operator of responsibility for operating without a license.

(3) The department shall deposit the annual fees collected under subsection (1) as follows:

(a) 90% into the state special revenue fund to the credit of the local board inspection fund account, created in 50-2-108;

(b) 5% into the general fund; and

(c) 5% into the account, created in [section 22], in the state special revenue fund.

(4) The department shall deposit all of the fees collected under subsection (2) into the account, created by [section 22], in the state special revenue fund.

Section 15. License expiration — non-transferability. (1) Except as provided in subsection (2), licenses expire on December 31 of the year in which they are issued unless canceled for cause.

(2) If the board of review adopts a renewal date for licenses under [sections 1 through 25], the licenses expire on the anniversary date established by rule by the board of review.

(3) Licenses are not transferable.

Section 16. Right to renewal. (1) License renewal may be obtained annually by paying the required annual license fee provided for in [section 13].

(2) The department shall renew licenses as a matter of right, unless conditions exist that are grounds for cancellation or denial of a license.

Section 17. Validation by local health officer. (1) A license issued by the department is not valid until it is signed by the local health officer of the local board of health with jurisdiction where the establishment is located.

(2) The local health officer shall validate or refuse to validate the license within 15 days of the receipt of the license.

(3) The failure of the local health officer to validate the license within 15 days after its receipt is a refusal.

Section 18. Refusal of local health officer to validate — appeal to board. (1) A local health officer may refuse to validate a license issued by the department only if the local health officer determines that the applicant has not met the requirements for the issuance of the license under [sections 1 through

25] or rules adopted by the department under [sections 1 through 25]. The local health officer shall notify the applicant and the department of the refusal within 5 days of the decision not to validate. The notice must state the grounds for the refusal.

(2) The applicant may appeal the decision of the local health officer to the local board of health by filing a written notice of appeal with the local health officer and the local board of health within 30 days of the local health officer's refusal to validate a license or within 30 days of the expiration of the period for the local health officer's decision under [section 17], whichever is first.

(3) Upon the filing of the notice of appeal, the applicant is entitled to a hearing before the local board of health to determine the applicant's eligibility for a license under [sections 1 through 25] and department rules adopted under [sections 1 through 25]. The hearing must be held pursuant to the contested case procedure of the Montana Administrative Procedure Act. If the local board of health finds that the applicant is entitled to a validated license, the presiding officer of the local board of health shall validate the license by signing the license.

Section 19. Cancellation of license — multiple establishments. (1) The department may deny or cancel a license if it finds, after proper investigation, that the applicant or licensee has violated or is not in compliance with [sections 1 through 25] or a rule adopted under [sections 1 through 25] and that the applicant or licensee has failed or refused to remedy or correct the noncompliance or violation.

(2) When more than one type of establishment is authorized by one license, as provided in [section 11(2)], the denial or cancellation may affect one, some, or all of the types of establishments as determined by the department.

Section 20. Submission and execution of plan of correction as bar to cancellation. An applicant or licensee may submit to the department a written plan of correction within 10 days after receipt from the department of a written notice of violation. The department shall determine if the plan of correction is acceptable. The submission and execution of an acceptable plan of correction within the time prescribed in the plan are a bar to license cancellation.

Section 21. Notice and hearing required. (1) A license may not be denied or canceled by the department without delivery to the applicant or licensee of a written statement of the grounds for denial or cancellation and an opportunity for a hearing before the department to show cause, if any, why the license should not be denied or canceled.

(2) The applicant or licensee shall make a written request to the department for a hearing within 10 days after notice of the grounds for denial or cancellation has been received.

(1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) For purposes of this section, newly taxable property includes:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property; and

(e) transfer of property from tax-exempt to taxable status.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) For the purpose of subsection (3)(d), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonagricultural land as described in 15-6-133(1)(c).

(c) For the purposes of this section, newly taxable property does not include an increase in appraised value of land that was previously valued at 75% of the value of improvements on the land, as provided in 15-7-111(4) and (5), as those subsections applied on December 31, 2001.

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316 or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402; or

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

~~(10)~~*(11)* The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 7. Certificate of title — issuance — delivery. (1) Except as provided in subsection (2), if a person who applied for a certificate of title also requested the issuance of the certificate of title as provided in [section 5(2)(f)(i)], upon receipt of the application and all supporting documents and after an examination and determination that the application is complete and regular, the department shall issue a certificate of title of the vehicle and shall mail the certificate of title to the owner.

(2) If a person to whom a vehicle was transferred has not satisfied the titling and registration provisions of this chapter or, if applicable, the registration provisions of Title 23, chapter 2, part 5 or 6, within the 20-day period provided in

[section 9(3)] and the secured party or lienholder pays the title fee required in 61-3-203, the department may mail a certificate of title to the secured party or lienholder upon request of the secured party or lienholder.

(3) (a) A vehicle owner who requested the delayed issuance of a certificate of title under [section 5(2)(f)(ii)], in the initial application for a certificate of title, may submit a request for the issuance of the certificate of title to the department, its authorized agent, or a county treasurer in a manner prescribed by the department. Upon receipt, the department shall issue a certificate of title for the vehicle and mail the certificate of title to the owner.

(b) A title fee may not be demanded from the owner or collected by the department, its authorized agent, or a county treasurer for a certificate of title requested or issued under subsection (3)(a).

Section 8. Refusal to issue certificate of title. The department may refuse to issue a certificate of title if any required fee is not paid or if the department has reasonable grounds to believe that:

(1) the applicant is not the owner of the vehicle;

(2) the application contains a false or fraudulent statement;

(3) the applicant failed to furnish any information or document required by the department; or

(4) based on the check performed under [section 6(2)], the vehicle has been reported as stolen.

Section 9. Certificate of title — voluntary transfer — timeliness — penalty. (1) Upon the voluntary transfer of any interest in a motor vehicle for which a certificate of title was issued under the provisions of this chapter, the owner whose interest is to be transferred shall:

(a) authorize, in writing and on a form prescribed by the department, its authorized agent, or a county treasurer, to enter the transfer of the owner's interest in the vehicle to the transferee on the electronic record of title maintained under 61-3-101; or

(4) If the person to whom an interest in a motor vehicle has been transferred fails to submit the application for a certificate of title to the department's authorized agent or a county treasurer within the 20-day grace period described in subsection (3), a late penalty of $10 must be imposed against the transferee. The penalty must be paid by the transferee to the county treasurer when the application for a certificate of title is finally submitted by the transferee or before the transferee may register the vehicle in this state. The penalty is in addition to the fees otherwise provided by law.

(5) If the transferee does not apply for a certificate of title within the 20-day grace period, a secured party or lienholder of record may pay the fees for the transfer of title and for filing a voluntary security interest or lien. The secured party or lienholder is not liable for the late penalty imposed in subsection (4) or for registration fees, taxes, or fees in lieu of tax on the vehicle.

Section 10. Involuntary transfer. (1) (a) An involuntary transfer of title to or any interest in a motor vehicle may occur by operation of law through inheritance, devise, bequest, order in bankruptcy or insolvency, execution sale, or repossession upon default in the performance of the terms of a lease, executory sales contract, or security agreement or in any other manner other than by voluntary act of the person whose title or interest is transferred. (b) The statement of transfer of interest must state the reason for the involuntary transfer, the interest transferred, the name of the person to whom the interest is to be transferred, the process or procedure creating the transfer, and other information requested by the department. A transfer statement submitted under this section must meet the requirements of 30-9A-619. Evidence and instruments that are required by law in order to effect a transfer of legal or equitable title to or an interest in chattels must be submitted with the statement.

(c) Except as provided in subsection (2), if the department determines that the transfer is regular and that all legal requirements have been complied with, the department shall send notice of the intended transfer to the owner, conditional sales vendor, lessor, mortgagee, and other lienholder, as shown in the department's records. Deposit in the U.S. mail of the notice, postage prepaid, addressed to the person at the respective address shown in the department's records satisfies the notice required by this section. Not less than 5 days after sending the notice, the department shall issue a new certificate of title to the transferee.

(2) (a) Except as provided in subsection (2)(b), if an interest in a vehicle that is not registered in this state is involuntarily transferred to a person in this state, the person to whom the interest is transferred shall follow the procedure provided in subsection (1).

(b) In lieu of the statement required in subsection (1), the department may accept an affidavit of repossession as executed by the person seeking the involuntary transfer.

(2) The person seeking transfer of the decedent's interests under this section shall file an affidavit with the department setting forth the fact of survivorship, the name and address of any other heirs, and any other facts determined necessary to entitle the person to the transfer.

(3) If the department determines that the transfer is regular and that all legal requirements have been met, the department shall issue a certificate of title, subject to any security interests shown by the department's records, to the surviving spouse or other heir.

Section 12. Salvage vehicles. (1) A salvage vehicle for which a certificate of title is sought must be inspected for the vehicle identification number to authenticate the identity of the vehicle before an electronic record of title can be created or a certificate of title can be issued. The inspection does not attest to the roadworthiness or safety condition of the vehicle and must be performed by an authorized employee or an authorized agent of the department or by a peace officer designated by the department.

(2) The department may contract with a person or entity for use of a facility as a regional inspection site for salvage vehicles.

(3) The department shall collect an inspection fee of $18.50 from the person requesting the inspection for each salvage vehicle inspected. The fees collected under this section must be distributed as follows:

(b) A seized vehicle must be held until the identity of the vehicle is established and arrangements are made for its lawful disposition. A person

authorized to inspect salvage vehicles may use any means necessary to identify a vehicle by its vehicle identification number or numbers.

(5) The department may not create an electronic record of title or issue a certificate of title for a salvage vehicle until the identity of the vehicle is established.

(6) The department may adopt rules for the inspection of salvage vehicles.

Section 13. Temporary registration permit. (1) A county treasurer or a law enforcement officer may issue a temporary registration permit under the provisions of 61-3-317. A county treasurer may also issue a temporary registration permit under the provisions of 61-3-342.

and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.

(b) The amount estimated pursuant to subsections (1) and (2)(a) is each local government's base year component. The sum of all local governments' base year components is the base year entitlement share pool. For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.

(3) (a) Beginning with fiscal year 2002 and in each succeeding fiscal year, the base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. For fiscal year 2002, the growth rate is 3%. For fiscal year 2003, the growth rate is 3% for incorporated cities and towns, 1.61% for counties, and 2.3% for consolidated local governments. Beginning with calendar year 2004, by October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) Before applying the growth rate for fiscal year 2004 to determine the fiscal year 2004 entitlement share pool, the department shall add to the fiscal year 2003 entitlement share pool the fiscal year 2003 amount of revenue actually distributed to the county from the 25-cent marriage license fee in 50-15-301 and the probation and parole fee in 46-23-1031(2)(b).

(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).

(b) (i) For fiscal year 2004 and subsequent fiscal years, the entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).
